Independent Auditor's Report

Board of Trustees
Judson 403(b) Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Judson 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Judson 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Judson 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Judson 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Judson 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Judson 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule on page 13 as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 and 2022

1. Description of Plan:

General:

The Judson 403(b) Plan (the "Plan"), established January 1, 1985 is a defined contribution plan covering all employees of Judson Services, Inc. and affiliates ("Judson") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Finance Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance with the reporting and recommendations of their investment advisor.

Management of the Plan engaged Newport Trust Company ("Newport") as trustee of the Plan.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act ("the CARES Act"). The Plan adopted the distribution provision of the CARES Act that allows participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Any of the optional features from the recent law changes that are adopted by the Plan will require written amendments by December 31, 2025 in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the IRS into the Plan on a pre-tax or after-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants will have their deferral rate set at 2% of their compensation, unless they elect otherwise. These contributions are invested in a balanced investment model until changed by the participant.

Judson made discretionary matching contributions on behalf of all eligible employees at 50% of employee elective deferrals (limited up to the first 4% of the employees' compensation) for the years ended December 31, 2023 and 2022.

Subsequent to year-end, Judson made a qualified non-elective contribution including lost earnings to the Plan totaling \$2,396 to correct participant deferrals and employer matching which were not properly withheld on certain bonus compensation paid during 2023. This amount is included in employers contributions receivable on the statement of net assets available for benefits and employers contributions on the statement of changes in net assets available for benefits as of, and for the year ended December 31, 2023, respectively. The corrective contribution was not considered a delinquent contribution or prohibitive transaction.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 and 2022

1. Description of Plan (continued):

Participant accounts:

Separate accounts for each participant are maintained by the trustee. Each account is credited with contributions and earnings/losses from investments held in the account. Participants may direct their contributions, including the employer's portion, into any combination of a number of investment fund options. The participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and discretionary matching contributions plus earnings/losses thereon.

Payment of benefits:

Participants, who suffer serious financial hardship as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination of service, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance or in installments not to exceed the life of the participant. All distributions are to be made in cash.

Benefits are recorded when paid.

Deposits with insurance companies:

The Plan maintains a contract with Standard Insurance Company ("Standard"). Standard maintains the contributions for the investment contract. The investment contract account is credited with actual earnings/losses on the underlying investments and charged for Plan withdrawals.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 and 2022

1. Description of Plan (continued):

Participant notes:

Participants may borrow from their accounts. The minimum note receivable is \$1,000 to a maximum of \$50,000 or 50% of the participant balance. Note receivable transactions are treated as transfers between investment funds and the participant notes. Repayment of a note receivable must be made over a period not to exceed five years, unless the note receivable is used to purchase a principal residence, in which case the note receivable is to be repaid within a reasonable period of time, not to extend beyond 15 years. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates range from 8.50% to 9.50% at December 31, 2023 and 4.25% to 7.25% at December 31, 2022. Principal and interest may be paid through payroll deductions or cash on a timely basis. Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If participants cease to make note receivable repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income (loss) recognition:

The Plan's investments (except the guaranteed investment contract which is valued at contract value as of December 31, 2023 and 2022 as provided by Newport) are valued at fair value as of December 31, 2023 and 2022 as provided by Newport, the trustee of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 and 2022

3. Investments:

The following table presents the value of investments at December 31, 2023 and 2022. All investments are participated directed.

	<u>2023</u>	<u>2022</u>
Mutual funds, at fair value	\$ 8,424,812	\$ 7,218,579
Guaranteed investment contract, at contract value	<u>976,260</u>	<u>1,001,698</u>
Total investments	<u>\$ 9,401,072</u>	<u>\$ 8,220,277</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2023 and 2022.

- The fair value of mutual funds is valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 and 2022

4. Fair value (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis at December 31, 2023 and 2022, were as follows:

	2023 (Level 1)	2022 (Level 1)
Mutual funds	\$ 8,424,812	\$ 7,218,579

5. Parties-in-interest transactions:

The Plan issues notes receivable to participants, which are secured by the vested balance in the participant's account. In addition, certain administrative fees related to the administration of the Plan were paid by Judson. These transactions qualify as party-in-interest.

6. Plan expenses:

Substantially all administrative expenses are paid by the Plan or by Judson. Certain administrative functions are performed by employees of Judson. No such employee, nor Judson, receives compensation from the Plan.

Additionally, investment expenses of the funds are included as a component of net appreciation (depreciation) in fair value of investments.

7. Certified investments:

Certain information related to investments and participant notes disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes held at December 31, 2023 and 2022, and net change in value of investments and interest and dividends for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport, the trustee of the Plan.

8. Income tax status:

The Plan adopted a volume submitter plan that received an opinion from the IRS dated March 31, 2017 stating that the plan is acceptable, and therefore, the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 and 2022

8. Income tax status (continued):

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Guaranteed investment account with insurance company:

The Plan participates in benefit-responsive investment accounts with Standard.

The account is included in the financial statements at contract value as reported to the Plan by Standard. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Standard Stable Asset Fund II is not FDIC insured but is guaranteed by Standard.

Because the guaranteed investment account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Participant withdrawals and transfers are freely permitted on a daily basis. The Standard Stable Asset Fund II provide participants with full contract value liquidity for benefit payments (death, disability or retirement) and transfers to other investment options. No penalties, fees or surrender charges apply.

	<u>2023</u>	<u>2022</u>
Average yields:		
Based on actual earnings	2.91%	2.22%
Based on interest rate credited to participants	2.95%	2.35%

10. Plan termination:

Judson expects to continue the Plan but reserves the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 and 2022

12. Subsequent events:

In June 2024, the Judson Non-Union 403(b) Plan was established for Judson's employees who are not subject to a collective bargaining agreement. All employees subject to a collective bargaining agreement continue to be eligible and participate in the Plan. In July and August 2024, amounts totaling \$10,310,059 were transferred from the Plan to the Judson Non-Union 403(b) Plan.

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through September 25, 2024, the date the Plan's financial statements were available to be issued.
