REPORT OF
MISSOURI AGGREGATES 401(k) PLAN
December 31, 2023 and 2022

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Missouri Aggregates 401(k) Plan
Jefferson City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Missouri Aggregates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with accounting principles generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2023, and the supplemental schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MISSOURI AGGREGATES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Missouri Aggregates 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a safe harbor defined contribution plan covering employees of Farmer Holding Company, Inc. and other companies related through common ownership (the Company). The Plan was established January 1, 2004, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated in January 2022 to transfer the assets and participants of Razorback Concrete Company from the Summit Materials 401(k) Retirement Plan into the Plan. As a result of the amendment, \$2,614,708 in total assets were transferred into the Plan, and Razorback Concrete Company also became an adopting employer of the Plan.

The Plan was amended and restated in November 2023 to transfer the assets and participants of Folsom Ready Mix, Inc. and Silver Strike Nevada, LLC from the Emplicity 401(k) Retirement Savings Plan into the Plan. As a result of the amendment, \$139,999 in assets were transferred into the Plan during the year ended December 31, 2023, and \$4,238,083 in assets were transferred into the Plan subsequent to December 31, 2023. In addition, Folsom Ready Mix, Inc. and Silver Strike Nevada, LLC became adopting employers of the Plan effective November 6, 2023.

During the year ended December 31, 2023, the Company acquired Sierra Ready Mix, LLC. However, the transfer of assets and participants of Sierra Ready Mix, LLC from the Summit Materials 401(k) Retirement Plan did not occur until subsequent to year end. Participants from Sierra Ready Mix, LLC were added to the Plan in January 2024 and \$1,751,893 in assets were transferred into the Plan in March 2024. In addition, Sierra Ready Mix, LLC became an adopting employer of the Plan subsequent to December 31, 2023.

Eligibility: Employees who have completed three months of consecutive service and have attained the age of 18 are eligible to participate in the Plan.

Contributions: Participants may contribute a portion of pre-tax and post-tax annual compensation, as defined in the Plan, not to exceed maximum amounts specified by the IRS, in accordance with a participant salary deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$7,500 in 2023 and \$6,500 in 2022, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company is required to make an enhanced match equal to 100% of each participant's deferral contributions, not to exceed 4% of participant salary. The Company met the required funding minimum. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings, the participant's rollover contributions from other qualified benefit plans, if any, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in both their elective salary deferrals and the Company's safe harbor contributions.

Notes receivable from participants: Notes receivable from participants were transferred into the Plan upon the merger of the Capital Quarries Company, Inc. 401(k) Profit Sharing Plan effective January 1, 2018, from participants of Razorback Concrete Company from the Summit Materials 401(k) Retirement Plan effective January 1, 2022, and from participants of Folsom Ready Mix from the Emplicity 401(k) Retirement Savings Plan effective November 6, 2023. No other loans are permitted by the Plan. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates. Principal and interest are payable ratably through payroll deductions.

Payment of benefits: Upon termination of service, a participant or his/her beneficiary may receive benefit distributions in the form of a single lump sum payment (required for vested balances less than \$5,000), which may be in the form of a cash payout or rolled over into another qualified pension plan.

Administration: TPP Retirement Plan Specialists, LLC (TPP) is the Plan's third-party administrator and record-keeper for participant accounts. Matrix Trust Company is the Plan's custodian. The custodian holds the Plan's assets, administers investment activity, and invests contributions into funds designated by each participant. The record-keeper provides general professional and administrative services related to the Plan and reports to the Plan administrator and the participants. Certain administrative and record-keeping costs are being paid by the Company. The Company's Board of Directors is responsible for the oversight of the Plan.

The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors the investment performance, and reports to the Company's Board of Directors.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Realized investment gains and losses are determined on the specific identification basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions: Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2023, have been evaluated through September 23, 2024, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2023 and 2022 include \$4,360,702 and \$3,638,814 respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts are available to be paid, upon request of the terminated participant, after the end of the fiscal year. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

4. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed TPP by a letter dated March 31, 2014, that the non-standardized prototype profit sharing plan as amended through April 2, 2012 is in a form acceptable under section 401 of the Internal Revenue Code (IRC). Effective September 1, 2017, the Company adopted this prototype plan as an amendment and restatement of its existing plan.

The Plan adopted a Cycle 3 Restatement effective January 1, 2022, as an amendment and restatement of the existing plan to bring the Plan into compliance with legislative and regulatory changes. There were no significant changes to plan provisions as a result of the restatement. The IRS has determined and informed TPP by a letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan is designed in accordance with applicable sections of the IRC.

The Company may rely on the opinion letters issued by the IRS as evidence that the Plan is qualified under the applicable sections of the IRC. The Plan is relying on the opinion letters.

The Plan was amended effective January 1, 2022 and November 6, 2023, to include additional adopting employers to the Plan. Although the Plan has been amended since receiving the opinion letters, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Plan investments are held in a trust and managed by the Plan's custodian and are unsecured. All investments are participant-directed and held by parties-in-interest.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodology used for assets recorded at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund on an active market, which is based on the underlying net asset value (NAV) of the shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of the units of a bank or trust company collective trust held by the Plan at year-end. Stable value collective trusts are composed primarily of fully benefit-responsive investment contracts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of its underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2023				
Registered investment companies	\$ 59,676,581	\$ -	\$ -	\$ 59,676,581

Investments measured at net asset value				639,183
Investments at fair value				<u>\$ 47,586,242</u>

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022:

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trusts	\$ 635,959	n/a	Daily	None

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trusts	\$ 639,183	n/a	Daily	None

8. PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, the Company inadvertently failed to remit certain February 2023 and April 2023 employee deferrals totaling \$47,869 within the time frame required by the DOL under plan asset rules. The Company remitted the employee deferrals to the Plan in March 2023 and April 2023, respectively. The Company paid \$131 in missed earnings to the Plan in June 2024.

During the year ended December 31, 2022, the Company inadvertently failed to remit certain February 2022 and May 2022 employee deferrals totaling \$6,534 within the time frame required by the DOL under plan asset rules. The Company remitted the employee deferrals to the Plan in March 2022 and December 2022, respectively. The Company paid \$119 in missed earnings to the Plan in May 2023.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the Plan, any person providing services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The Plan has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest.

10. ADOPTION OF NEW ACCOUNTING STANDARD

On January 1, 2023, the Plan adopted Accounting Standard Update (ASU) 2016-13 Financial Instruments – Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments*, as amended. This standard replaces the incurred loss methodology with the current expected credit loss (CECL) methodology. The CECL methodology is used to measure expected credit losses on financial assets at amortized cost, including receivables. The standard specifically excludes participant loan receivables from consideration; however, contribution receivables are subject to the CECL methodology. The adoption of this standard did not have a material impact on the Plan's financial statements.
