Management and Participants
EOA of Washington County 401(k) Retirement Plan
Springdale, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EOA of Washington County 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EOA of Washington County 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified insurance and trust company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EOA of Washington County 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EOA of Washington County 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EOA of Washington County 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EOA of Washington County 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in

all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Summary of Significant Plan Provisions

The following description of the EOA of Washington County 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan for the benefit of the employees of the Economic Opportunity Agency of Washington County, Inc. (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility
Each employee, who is not a member of a collective bargaining unit, is eligible to participate in the Plan at the next entry date coinciding with or following the employee attaining age 18 and completing one year of service during which 1,000 hours or more of service is rendered. Plan entry dates are January 1 and July 1.

Contributions
Participants may contribute through payroll deductions and may make eligible rollover contributions. Participants may elect to contribute 1% to 80% of their compensation. Employer contributions are discretionary. The Employer may make non-elective contributions or a match based on a percentage of participants' eligible employees' salary. The Employer contributed non-elective contributions in the amount of $180,824 during the year ended December 31, 2023. The Plan contains provisions as to the maximum annual additions that may be made to a participant's account.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions and (b) Plan earnings/losses and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on participant compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions into the investment options available under the Plan. Participants may change their investment selections at any time.

Vesting Rights
Participants are, at all times, fully vested with respect to their contributions, safe harbor contributions and rollover contributions plus earnings/losses thereon. With respect to Employer contributions, the benefit attributable to a participant shall be fully vested and nonforfeitable upon death, becoming totally disabled or reaching their normal retirement age.

If a participant terminates employment for reasons other than death, disability or retirement, he is entitled to the portion of discretionary nonelective contributions made by the Employer, plus earnings/losses thereon, according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeitures

The portion of a participant's account to which they are not entitled as a result of being less than fully vested shall be forfeited by the participant. Forfeitures may first be used to pay any administrative expenses. Forfeitures may then be allocated to all participants eligible to share in the allocations of profit sharing contributions or in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year. No forfeitures were allocated to participant accounts during the year ended December 31, 2023.

Payment of Benefits

Upon retirement, death, disability or termination, a participant may elect to receive a lump sum or partial withdrawals in amounts equal to the value of the participant's vested interest in their account. Upon termination, participant balances less than $1,000 are automatically distributed. If a terminated participant's account balance is equal to or less than $5,000, but more than $1,000, and the participant did not consent to a distribution, the vested benefit will be automatically rolled over to an IRA. Participants, upon termination of employment, may also elect to defer payment on their account balance if it exceeds $5,000. In-service withdrawals are available to participants who have met certain hardship requirements. Benefits shall be paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and change therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts included in the underlying investments of the guaranteed investment contracts ("GICs") in which the Plan holds an interest, which are reported at contract value. See Note 4 discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in variable deferred annuity contracts and GICs are deducted from income earned on a daily basis and, consequently, such expenses are reflected in the net appreciation (depreciation) in fair value of such investments.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
During the year ended December 31, 2023, certain administrative expenses of the plan were voluntarily paid by the Employer. Expenses paid by the Employer are excluded from these financial statements.

3. Guaranteed Investment Contract ("GICs")

The Plan invests in a Nationwide GIC which is a fully benefit-responsive investment contract. Nationwide is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuer at December 31, 2023. Contract value represents contributions made plus interest accrued at the contract rate, less withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which may include a surrender charge. The minimum guaranteed interest rate ranged from 1.67% to 1.77% for 2023.

Certain events can limit the Plan's ability to transact at contract value with Nationwide. Examples of such events include, but are not limited to, termination of the Plan and tax disqualification of the Plan. As of December 31, 2023, the occurrence of an event that would limit the Plan's ability to transact at contract value with Nationwide is not considered to be probable.

4. Investments

The Plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Nationwide Life Insurance Company and Nationwide Trust Company, FSB

("Nationwide"), the custodian of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplementary schedule:

a. Total investments as shown in the accompanying statement of net assets available for benefits of $2,168,475 and $1,733,397 as of December 31, 2023 and 2022, respectively.

b. Total change in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of $261,857 for the year ended December 31, 2023.

c. All investment transactions that occurred during the Plan years ended December 31, 2023.

d. All information is included in the supplemental schedule.

5. Concentration of Investments

During the year ended December 31, 2023, two investments within the Plan represented more than 10% of the Net Assets Available for Benefits and represented approximately 31% of the Net Assets Available for Benefits.

6. Fair Value Measurements

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used

need to maximize the use of observable inputs. There have been no changes to the methodologies used at December 31, 2023.

The following is a description of the valuation methodologies used for assets measured at fair value.

> *Mutual funds:* These instruments are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$ 2,101,511	-	-	2,101,511

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
	$ 1,675,369	-	-	1,675,369

7. Tax Status

The prototype plan document the Plan is utilizing received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated the document is designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan is relying on the opinion letter on the prototype plan document for its own qualification. Although the prototype plan document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in

process. Federal and state income tax statutes dictate that tax returns filed in any of the previous three reporting periods remain open to examination. Currently, the Plan has no open examinations with either the Internal Revenue Service or state taxing authorities.

8. Party-in-Interest Transactions

Nationwide is the custodian of the Plan. During the year ended December 31, 2023, the Plan had investments of $831,225 held by Nationwide. Nationwide holds the Plan's investment assets and executes investment transactions. Since Nationwide serves as the custodian of the Plan's assets, Nationwide is by definition a party-in-interest and, as a result, the investments and transactions pertaining to the investments are with a party-in-interest. Pension Solutions, Inc., the parent of Nationwide, is the record keeper of the Plan and is by definition a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.
