INDEPENDENT AUDITORS' REPORT

To the Plan Trustees
Speedy Novus Glass Group Retirement Savings & Investment Plan
Burnaby, British Columbia
Canada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Speedy Novus Glass Group Retirement Savings & Investment Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Background Information and Description of Plan

The following description of the Speedy Novus Glass Group Retirement Savings & Investment Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan was established on January 1, 1986, as a defined contribution plan covering eligible employees of Speedy Novus Glass LLC ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Enrollment for all eligible employees is automatic at 3% unless a change is executed by the participant opting out of enrollment or modifying the enrollment percentage. Participants may contribute up to 75% of their compensation (as defined in the Plan Document), subject to the maximum amounts allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans ("participant rollovers").

The Company may, at its discretion, elect to make a qualified matching contribution to the Plan. For the year ended December 31, 2023, the Company elected to make a matching contribution of 50% of participant salary deferrals up to 6% of eligible compensation.

Vesting

Participants' salary deferrals and rollover contributions, as well as the earnings thereon, are 100% vested at all times. Vesting in the Company matching portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant ratably vests over four years of credited service. A participant will also become 100% vested upon retirement at age 65, or through death or disability while employed by the Company.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Participant accounts are charged with certain account specific fees and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of both their contributions and the Company match contributions into various investment options offered by the Plan.

Payment of Benefits

On termination of service due to termination of employment, death, disability or retirement, the vested value of the participant's individual account is payable as a lump sum. The Plan permits in-service withdrawals, whereby Plan participants may withdraw funds in a lump sum from the vested portion of their Plan accounts

while still employed after they reach age 59½. Participants who have certain financial hardships may be eligible to withdraw part of their account balance associated with salary deferral contributions.

Excess Contribution

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding addition to distributions. At December 31, 2023 and 2022, the Plan had a total excess contributions payable of \$- and \$5,264, respectively.

Forfeitures

The Plan provides that forfeitures of non-vested Company contributions may be used to pay Plan expenses or reduce Company contributions. For the year ended December 31, 2023, forfeitures in the amount of \$2,004 were received by the Plan and no forfeitures were used to pay Plan expenses. At December 31, 2023 and 2022, forfeitures in the amount of \$3,021 and \$981, respectively, were available for future use.

Plan Changes

Although it has not expressed any intent to do so, the Company has the right to modify, amend, suspend or terminate the Plan at any time and for any reason. If the Plan is terminated, all account balances will be distributed in the form and manner determined by the Plan administrator.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Matching contributions from the Company are recorded in the period in which the related participant contributions are recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments represents the change in fair value of assets from one period to the next and includes realized gains and losses on investments.

Fair value is defined as an exit price, representing the amount that would be used to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability.

There are three levels that prioritize the inputs used in measuring fair values as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly.
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for the Plan's assets measured at fair value.

Cash and cash equivalents: Valued at outstanding balance, which approximates fair value.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The stable value fund is valued at net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be issued if it were determined to be probable that the fund would sell the investment for an amount different from the reported net asset value.

Notes to Financial Statements

December 31, 2023 and 2022

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurement at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 12,761	\$ -	\$ -	\$ 12,761
Mutual funds	6,758,498	-	-	6,758,498

Stable value fund*				731,592
Total investments				<u>\$ 6,059,759</u>

*Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There have been no changes in the methodology used at December 31, 2023 and 2022.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2024, the date the audited financial statements were available to be issued.

Note 3 - Fully Benefit-responsive Investment Contract

The Plan maintains a Group Annuity Contract #807311A (hereinafter, "the Contract") with Standard Insurance Company ("The Standard"), an affiliate of the Plan's third party administrator. The Contract is considered fully benefit-responsive. The Plan's investments under the Contract are deposited into the general accounts of The Standard. The Contract is backed by the full faith and creditworthiness of the issuer, The Standard.

The contract is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by The Standard. Generally, participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, which is equivalent to fair value.

Contract value represents contributions made under the guaranteed investment contract, plus earnings, less withdrawals and administrative expenses.

SPEEDY NOVUS GLASS GROUP
RETIREMENT SAVINGS & INVESTMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Investments earn interest at the contract rate, which is expressed as an annual rate. The effective crediting interest rate was 2.78% and 2.23% for the year ended December 31, 2023 and 2022.

Certain events may limit the ability of the Plan to transact at contract value with Standard Insurance Company. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 4 - Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank ("CSB"), a qualified institution, has certified as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2023, and the supplementary Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Related Party and Party-In-Interest Transactions

The Plan invests in a group annuity contract with The Standard. The Plan has engaged Standard Retirement Services, Inc. for recordkeeping and consulting services. Standard Retirement Services, Inc. and The Standard are subsidiaries of StanCorp Financial Group, Inc. Therefore, transactions with these entities are party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

The Plan is administered by the Company. As disclosed above, the Plan has entered into a recordkeeping and advisory services agreement with Standard Retirement Services, Inc. The agreement continues until terminated by notice no less than 60 days prior to the effective date of such termination.

Expenses under this agreement were \$35,861 net of revenue sharing offsets of \$728 for the year ended December 31, 2023.

Standard Retirement Services, Inc. receives fees through revenue sharing arrangements with funds in which the Plan is invested. Those costs are included within the net investment appreciation (depreciation).

RETIREMENT SAVINGS & INVESTMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

For the year ended December 31, 2023, related entities of the Company paid for the employee compensation of certain employees who performed certain administrative functions on behalf of the Plan. This related entity also paid other nominal Plan expenses owed to third parties.

Note 6 - Tax Status

Effective January 1, 2016, the Plan was amended and restated to comply with recent regulatory requirements. The Plan adopted a volume submitter plan developed by The Standard. Based in part on a favorable opinion letter received for the volume submitter plan dated March 31, 2014, the Plan administrators believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following information reconciles differences between amounts reported on Form 5500 and amounts reported on the accompanying financial statements. The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2023.
