Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of T-Mobile USA, Inc. 401(k) Retirement Savings Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of the T-Mobile USA, Inc. 401(k) Retirement Savings Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - T-Mobile USA, Inc. is a wholly owned subsidiary of T-Mobile US, Inc. The Plan is a defined contribution plan established by T-Mobile USA, Inc. (the Company or the Employer) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed one year of service as defined by the Plan provisions are eligible to receive allocations of employer matching contributions. An employee is also eligible to participate in any employer discretionary nonelective contributions after completing one year of service and if employed on the last day of the plan year.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of the Company. Fidelity Management Trust Company serves as the trustee for the Plan.

Contributions - The plan provisions permit pre-tax, Roth, and after-tax contributions by employees pursuant to section 401(k) of the IRC. Participants contribute to the Plan each pay period through payroll deductions at the rate of any whole percentage from 1% to 75% of the participant's eligible regular compensation and up to 85% of eligible bonus compensation.

Participants who have attained age 50 as of December 31 may make catch-up contributions of up to \$7,500 each plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company provides a safe harbor matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of eligible compensation and 50% of each participant's contribution on the next 2% of eligible compensation, up to a maximum of 4% or the IRC limitation for a safe harbor matching contribution. The Plan also provides for a discretionary nonelective contribution to be made by the Company. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and matching contributions, as well as allocations of the Company's nonelective contributions (if any) and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Continued

Investment Options - Participants may direct their contributions and any related earnings into investment options in 1% increments. Investment options include shares of registered investment companies (mutual funds), collective trust funds, and a money market fund. Participants may also access a number of investment securities outside the Plan's investment options via Fidelity's brokerage option, a self-directed brokerage tool. Participants may invest up to 100% of their account balance through the brokerage option. Eligible securities are defined under the Plan and are generally limited to most publicly traded mutual funds and exchange traded funds (ETFs). Participants may change their investment elections and make transfers between investment options daily.

Vesting - Participants are vested immediately in their elective deferral contributions, employer matching contributions, rollovers and earnings or losses thereon. Participants are vested in the Company's discretionary nonelective contributions and the earnings or losses thereon in accordance with the following table:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Participants become fully vested in the Company's discretionary nonelective contributions on reaching normal retirement age while still employed by the employer, death or termination of employment due to total and permanent disability.

Participants of certain merged plans with unvested account balances transferred into the Plan in prior years are subject to a vesting schedule based on years of service and are 100% vested after three to five years of credited service.

Forfeited Accounts - The Employer, at its discretion, may elect to utilize unallocated forfeited amounts transferred into the Plan in previous years from merged plans to reduce future employer contributions or to pay reasonable administrative expenses of the Plan. As of December 31, 2023, the balance of unallocated forfeitures was approximately \$190,000 (2022 - approximately \$51,000). Forfeitures in the amount of approximately \$1,989,000 were used to pay administrative expenses and reduce employer contributions during 2023.

Payment of Benefits - Upon termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive a distribution in the form of either a lump-sum payment equal to the value of the participant's vested interest in their account or in monthly installments over a fixed and reasonable period of time, not to exceed the life expectancy of the participant or designated beneficiary. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan agreement. Participants may also elect to receive in-service withdrawals from balances of after-tax contributions or balances rolled into the Plan.

Note 1 - Continued

Notes Receivable From Participants - A participant may borrow 50% of their vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Participants are assessed a fee of \$50 for each loan origination. Principal and interest are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may exceed five years. Loans are secured by the balance of the participant's account. The interest rate is determined by the plan administrator at loan inception based on prime plus 2% and is fixed over the life of the note. The interest rates on outstanding loans ranged from 3.25% to 10.50% at December 31, 2023, and mature through January 2046.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for the full amount of the outstanding loan balance. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participants are assessed a quarterly administrative fee for custodial, recordkeeping, auditing and investment advisory services. Fees are charged on a pro rata basis to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Loan origination and distribution fees are paid by the requesting participants of the Plan. Substantially all other administrative expenses related to the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Reclassification - Certain prior year amounts have been reclassified for consistency with the current period presentation.

Note 2 - Continued

Subsequent Events - The Plan's management has evaluated subsequent events through September 18, 2024, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds and Money Market Fund - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued using the NAV as a practical expedient to estimate fair value, as provided by the funds' trustees. The NAV is based on the fair value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, each fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3 - Continued

Self Directed Brokerage Accounts - Accounts primarily consist of mutual funds and ETFs that are valued on the basis of readily determinable market prices. Mutual funds are valued as described above. Exchange-traded funds are valued at their last sale or official closing price on the exchange on which they are principally traded. Cash is valued at cost plus accrued interest which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, and investment income or loss for the year ended December 31, 2023, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity). The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity and its affiliates. Fidelity is the trustee for the Plan and, therefore, transactions with such investments are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Notes to Financial Statements For the Year Ended December 31, 2023

Note 7 - Tax Status

The Company adopted an FMR LLC pre-approved plan document. FMR LLC received an approval letter from the IRS dated June 30, 2020, which states that the form of the plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

During 2019, the plan sponsor received notification from the U.S. Department of Labor (DOL) that the Plan was under examination. The DOL issued requests related to the Plan from January 1, 2016 to 2018. The examination was ongoing as of the date these financial statements were available to be issued.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of T-Mobile USA, Inc. 401(k) Retirement Savings Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Plan Description

The following description of the T-Mobile USA, Inc. 401(k) Retirement Savings Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - T-Mobile USA, Inc. is a wholly owned subsidiary of T-Mobile US, Inc. The Plan is a defined contribution plan established by T-Mobile USA, Inc. (the Company or the Employer) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed one year of service as defined by the Plan provisions are eligible to receive allocations of employer matching contributions. An employee is also eligible to participate in any employer discretionary nonelective contributions after completing one year of service and if employed on the last day of the plan year.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of the Company. Fidelity Management Trust Company serves as the trustee for the Plan.

Contributions - The plan provisions permit pre-tax, Roth, and after-tax contributions by employees pursuant to section 401(k) of the IRC. Participants contribute to the Plan each pay period through payroll deductions at the rate of any whole percentage from 1% to 75% of the participant's eligible regular compensation and up to 85% of eligible bonus compensation.

Participants who have attained age 50 as of December 31 may make catch-up contributions of up to \$7,500 each plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company provides a safe harbor matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of eligible compensation and 50% of each participant's contribution on the next 2% of eligible compensation, up to a maximum of 4% or the IRC limitation for a safe harbor matching contribution. The Plan also provides for a discretionary nonelective contribution to be made by the Company. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and matching contributions, as well as allocations of the Company's nonelective contributions (if any) and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Continued

Investment Options - Participants may direct their contributions and any related earnings into investment options in 1% increments. Investment options include shares of registered investment companies (mutual funds), collective trust funds, and a money market fund. Participants may also access a number of investment securities outside the Plan's investment options via Fidelity's brokerage option, a self-directed brokerage tool. Participants may invest up to 100% of their account balance through the brokerage option. Eligible securities are defined under the Plan and are generally limited to most publicly traded mutual funds and exchange traded funds (ETFs). Participants may change their investment elections and make transfers between investment options daily.

Vesting - Participants are vested immediately in their elective deferral contributions, employer matching contributions, rollovers and earnings or losses thereon. Participants are vested in the Company's discretionary nonelective contributions and the earnings or losses thereon in accordance with the following table:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Participants become fully vested in the Company's discretionary nonelective contributions on reaching normal retirement age while still employed by the employer, death or termination of employment due to total and permanent disability.

Participants of certain merged plans with unvested account balances transferred into the Plan in prior years are subject to a vesting schedule based on years of service and are 100% vested after three to five years of credited service.

Forfeited Accounts - The Employer, at its discretion, may elect to utilize unallocated forfeited amounts transferred into the Plan in previous years from merged plans to reduce future employer contributions or to pay reasonable administrative expenses of the Plan. As of December 31, 2023, the balance of unallocated forfeitures was approximately \$190,000 (2022 - approximately \$51,000). Forfeitures in the amount of approximately \$1,989,000 were used to pay administrative expenses and reduce employer contributions during 2023.

Payment of Benefits - Upon termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive a distribution in the form of either a lump-sum payment equal to the value of the participant's vested interest in their account or in monthly installments over a fixed and reasonable period of time, not to exceed the life expectancy of the participant or designated beneficiary. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan agreement. Participants may also elect to receive in-service withdrawals from balances of after-tax contributions or balances rolled into the Plan.

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Continued

Notes Receivable From Participants - A participant may borrow 50% of their vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Participants are assessed a fee of \$50 for each loan origination. Principal and interest are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may exceed five years. Loans are secured by the balance of the participant's account. The interest rate is determined by the plan administrator at loan inception based on prime plus 2% and is fixed over the life of the note. The interest rates on outstanding loans ranged from 3.25% to 10.50% at December 31, 2023, and mature through January 2046.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for the full amount of the outstanding loan balance. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participants are assessed a quarterly administrative fee for custodial, recordkeeping, auditing and investment advisory services. Fees are charged on a pro rata basis to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Loan origination and distribution fees are paid by the requesting participants of the Plan. Substantially all other administrative expenses related to the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Reclassification - Certain prior year amounts have been reclassified for consistency with the current period presentation.

Note 2 - Continued

Subsequent Events - The Plan's management has evaluated subsequent events through September 18, 2024, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds and Money Market Fund - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued using the NAV as a practical expedient to estimate fair value, as provided by the funds' trustees. The NAV is based on the fair value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, each fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3 - Continued

Self Directed Brokerage Accounts - Accounts primarily consist of mutual funds and ETFs that are valued on the basis of readily determinable market prices. Mutual funds are valued as described above. Exchange-traded funds are valued at their last sale or official closing price on the exchange on which they are principally traded. Cash is valued at cost plus accrued interest which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, and investment income or loss for the year ended December 31, 2023, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity). The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity and its affiliates. Fidelity is the trustee for the Plan and, therefore, transactions with such investments are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2023

Note 7 - Tax Status

The Company adopted an FMR LLC pre-approved plan document. FMR LLC received an approval letter from the IRS dated June 30, 2020, which states that the form of the plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

During 2019, the plan sponsor received notification from the U.S. Department of Labor (DOL) that the Plan was under examination. The DOL issued requests related to the Plan from January 1, 2016 to 2018. The examination was ongoing as of the date these financial statements were available to be issued.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
