Plan Administrator, Audit Committee, and Board of Directors
PPHP Retirement Plan
Elmsford, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PPHP Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of its knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of PPHP Retirement Plan (the Plan), of which the plan sponsor is Planned Parenthood Hudson Peconic (PPHP), provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan was originally a defined contribution plan funded solely by contributions from PPHP. Effective March 1, 2001, the Plan was amended to become a 401(k) profit sharing plan that is qualified pursuant to Section 401(a) of the Internal Revenue Code of 1986 (the IRC), as amended. Additionally, the Plan is designed to comply with the requirements of Section 404(c) of the *Employee Retirement Income Security Act of 1974* (ERISA) and, in such design, participants and not the trustee or fiduciaries are responsible for the results of the participants' investment decisions.

Transamerica Financial Life Insurance Company (TFLIC) is the trustee of the Plan.

The Plan requires that an employee complete 90 days of employment and the entry date is the first date of any month after the completion of 90 days. All full-time nonunion employees of PPHP who have performed one year of service (in which they have been credited with at least 1,000 hours of service during the period) and are age 18 or older are eligible for employer contributions. Employees will be credited with a year of service for eligibility purposes for each continuous 12-month period.

In April 2022, the Plan was amended to include hardship distributions provisions and was restated to comply with Internal Revenue Service (IRS) regulations that require adopting an updated plan at least once every six years.

Contributions

The Plan permits eligible employees through a salary deferral election to have PPHP make annual contributions of up to 100% of their eligible compensation.

PPHP makes a matching contribution to the Plan equal to 100% of each participant's voluntary contribution of up to a maximum 3% of the participant's salary, plus 50% of the participant's voluntary contribution in excess of 3% of the participant's salary, up to a maximum of 5% of the participant's salary. PPHP may make a discretionary employer contribution to the Plan. For the year ended December 31, 2023, PPHP made a discretionary employer contribution of \$217,899, which is included in employer contributions on the statement of changes in net assets available for benefits. Contributions are subject to certain limitations.

The total contribution to the Plan may not exceed the dollar limit for tax-deferred contributions set by the IRC. Participants age 50 or more may make additional "catch-up" contributions.

Additionally, the Plan accepts contributions that are rolled over from other qualified plans.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer's contribution, the Plan's earnings and losses, and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Both employer safe harbor and employee contributions are fully and immediately vested.

The Plan has a three-year cliff vesting cycle for employer nonelective profit sharing contributions for years zero to two, 0% is vested, and 100% is vested after year three. Participants will become fully vested upon death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of the lesser of \$50,000 or 50% of their vested balance, with the minimum loan amount being \$1,000. Loans shall provide for level amortization with payments to be made not less frequently than quarterly over a period not to exceed five years. However, loans used to acquire a principal residence of the participant shall provide for such periodic repayment over a reasonable period of time up to 30 years. Loan repayments for active participants are made ratably through payroll deductions. The interest rate charged on loans are based upon reasonable rates established by the Plan Administrator at the time of the loan.

Payment of Benefits

On termination of service or total and permanent disability, a participant (or a designated beneficiary) may elect to receive distributions of his or her vested account balance in a lump sum or annuity payment subject to the limitations imposed by the IRS minimum required distribution requirements. Depending on the vested balance, the Plan may default to a certain method of distribution unless the participant elects an alternative for payment. Balances of less than \$5,000 will be automatically distributed in a lump-sum cash payment. In-service distributions are permitted upon a participant attaining the age of 59.5.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$17,138 and \$12,779, respectively. These accounts will be used to reduce future employer contributions. During 2023, there were no forfeitures used.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments.

Pooled separate accounts are valued at estimated fair value as provided by TFLIC.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis, as applicable interest income and loss is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on each participant's proportionate interest in the investment option. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Contract administrator fees are paid by the Plan. All other fees are paid by PPHP, which is the plan sponsor.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TFLIC, the trustee of the Plan, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate to the best of its knowledge and belief:

- Investments, accrued interest and dividends, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are products of TFLIC. TFLIC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The sponsor directly pays any other fees related to the Plan's operations.

The Plan paid \$6,500 of record-keeping fees to TFLIC during the year ended December 31, 2023. Consulting expenses and investment management fees paid to parties-in-interest aggregated \$19,200 and \$4,800, respectively, during the year ended December 31, 2023. The plan sponsor provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 1 or Level 3 investments in the Plan.

Note 6. Investment Contract with Insurance Company

In 2012, the Plan entered into a fully benefit-responsive investment contract with TFLIC. TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the sponsor or other sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	<u>2023</u>	<u>2022</u>
Traditional investment contract	\$ 517,746	\$ 517,636

Note 7. Plan Termination

Although it has not expressed any intent to do so, the sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The Plan follows a volume submitter plan, which has received an opinion letter from the IRS dated May 30, 2008, indicating that the volume submitter plan document was in compliance with the applicable regulations of the IRC. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits, accrual basis of accounting	\$ 13,628,178	\$ 12,056,396
Portion of employer contribution receivables	<u>(217,899)</u>	<u>(188,992)</u>
Net assets per Form 5500	<u>\$ 13,410,279</u>	<u>\$ 11,867,404</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2023 to Form 5500:

Changes in net assets available for benefits, accrual basis of accounting	\$ 1,571,782
Receivables - employer contributions - prior year	188,992
Receivables - employer contributions - current year	<u>(217,899)</u>
Changes in net assets available for benefits per Form 5500	<u>\$ 1,542,875</u>

Note 10. Nonexempt Transactions

Retirement plans are required to remit employee deferrals to the Plan as soon as they can be reasonably segregated from the employer's general assets. The sponsor failed to timely remit participants' deferrals for a certain payroll period during 2023. In accordance to the Department of Labor Regulations 2510.3-102, the Plan reported delinquent participant contributions and loan repayments of \$20,779 as of December 31, 2022. During 2023, the plan sponsor remitted lost earnings to the Plan and therefore these contributions are considered to be corrected as of December 31, 2023.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12. Subsequent Events

Subsequent events have been evaluated through August 30, 2024, which is the date the financial statements were available to be issued.
