THE 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of THE 401(k) PLAN (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

THE 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

THE 401(k) PLAN (the Plan) is a qualified defined contribution plan covering substantially all employees, including represented employees of Health Care Service Corporation (HCSC, the Company), a Mutual Legal Reserve Company, and certain subsidiaries who are at least 21 years of age.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is administered by a committee (the Plan Administrative Committee) appointed by the Employee Benefits Compliance Committee of the Company. The Plan Administrative Committee consists of a chairman and at least two additional members. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is exempt from federal income taxes under Section 401(a) of the Internal Revenue Code (IRC).

Empower Annuity Insurance Company (EAIC) and Empower Trust Company, LLC (formerly Prudential Bank & Trust, FSB) serve as the custodians of the Plan. Empower Retirement, LLC (formerly Prudential Financial Inc.) serves as record keeper for the Plan.

Employee Contributions

Eligible active employees of the Company, as defined by the Plan agreement, are eligible to participate in the Plan beginning at the time of employment. Leased or temporary employees are not eligible to participate in the Plan. Participants are automatically enrolled in the Plan at a deferral rate of 6% of compensation on a tax-deferred basis, subject to applicable IRC maximum amounts during the year, unless the participant chooses another percentage or elects not to participate. The maximum deferral percentage under the Plan was 75% in 2023. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

THE 401(k) PLAN

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Merger Activity

Effective October 4, 2023 the Plan was amended to merge Trustmark Health Benefits Inc. Retirement Savings Plan with and into the Plan. Net Assets of approximately \$97.5 million were transferred into the Plan on October 5, 2023.

Participant Accounts

Each participant's account is credited with their contribution and the Company's employer contribution and an allocation of the Plan's earnings and is charged with an allocation of the Plan's losses and administrative expenses as well as direct participant-related account fees. Allocations are based on participant earnings or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. Participants direct contributions into the various investment options offered by the Plan.

Forfeited Accounts

Forfeitures of non-vested Company contributions are applied against any administrative expenses separately billed by the record-keeper and paid by the Company, or can be used to offset the Company's matching contributions. In 2023, forfeitures of \$166,317 were applied against certain administrative expenses. Forfeitures of \$1,649,574 were used to offset Company matching contributions in 2023. The balance in the forfeiture account was \$1,258,704 and \$1,403,677 as of December 31, 2023 and 2022, respectively.

Benefit Payments

In accordance with the Plan's provisions, benefits are distributable upon termination, death, or disability in a single-sum cash payment. Participants may also take in-service withdrawals, according to the Plan provisions, and hardship withdrawals upon financial hardship, as defined by the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

1. Description of the Plan (continued)

Participant Loans

A participant is eligible to request a loan after accumulating \$2,000 in his or her account. Loans will not be made in excess of 50% of the vested account balance, not to exceed \$50,000, reduced by the highest outstanding loan balance in the preceding 12 months. The minimum loan amount is \$1,000. Loans are secured by the balance in the participant's account, supported by promissory notes payable to the Plan, and bear interest at a periodically published fixed rate tied to the prime rate at the time of the loan. Both principal and interest are repayable through payroll deductions over periods ranging up to 60 months. Additionally, each employee may have only one loan outstanding under the current Plan.

Plan Termination

While the Company has not expressed any intent to discontinue the Plan, the Company's Board of Directors has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

THE 401(k) PLAN

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contract) are stated at fair value. Fair value is defined under Accounting Standards Codification (ASC) 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 4 for further discussion of fair value measurements.

To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information.

Shares of registered investment companies are valued based on published market prices, which represent the Net Asset Value (NAV) of shares held at year-end. Pooled separate accounts and certain common/collective trusts have a readily determinable fair value and are valued at NAV of units held at year end.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments as agreed and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and is recorded as a benefit payment. The Plan held participant loans of \$67,511,300 and \$58,441,809 as of December 31, 2023 and 2022, respectively.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, at fair value, fully benefit responsive investment contract, at contract value and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company and Prudential.

Total assets at fair value	\$ 246,678,226	\$1,825,706,753	\$ –	\$2,072,384,979

There were no assets or liabilities measured at fair value on a nonrecurring basis as of December 31, 2023 and 2022.

5. Fully Benefit-Responsive Investment Contracts

The Plan has entered into a fully benefit-responsive investment contract with EAIC, which meets the fully benefit-responsive contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. EAIC maintains the contributions in a separate account. The separate account, which is segregated from the general account assets of EAIC, is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Payment obligations and the fulfillment of any guarantees specified in the group insurance claims are supported by the assets in the separate account and, if such assets are not sufficient, by the full faith and credit of EAIC. The Plan held the HCSC Stable Value Fund totaling \$707,053,253 and \$666,845,331 at December 31, 2023 and 2022, respectively.

THE 401(k) PLAN

Notes to Financial Statements (continued)

6. Fully Benefit-Responsive Investment Contracts (continued)

Contract value, as reported to the Plan by EAIC, represents contributions made under the contract plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Participant-directed redemptions have no significant restrictions; however, the Plan is required to provide 30-day termination notice to liquidate its entire contract.

Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest crediting rate is applied to all contributions made, regardless of the timing of those contributions. The crediting interest rate is based on a formula agreed upon with EAIC, but may not be less than 0%. Such interest rates are reviewed on a semiannual basis for resetting. In determining the interest rate, consideration is given to the anticipated yield on the separate account for the following calendar year, adjusted to reflect the amortization of gains or losses realized from the sale of securities, amortization of gains or losses due to permanent impairments and the difference between the amount of interest credited to date to the HCSC investment contract and the underlying investments results of the separate account. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan’s ability to transact at contract value with participants, is probable.

7. Income Tax Status

The Plan has received a determination letter from the IRS dated April 26, 2017, stating the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

THE 401(k) PLAN

Notes to Financial Statements (continued)

8. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Related-Party and Party-in-Interest Transactions

The investment contract and the units of pooled separate accounts held by the Plan are managed by EAIC and Empower Trust Company, LLC, the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions; however, these are exempt transactions under ERISA. Fees were paid by the Plan to the custodians for certain transactions and certain investment management services.

11. Subsequent Events

Management evaluated subsequent events for the Plan through September 16, 2024, the date the financial statements were available to be issued.
