REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator
Rapid7 LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Rapid7 LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) and supplemental schedule of delinquent participant contributions as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rapid7 LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The following description of the Rapid7 LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Rapid7 LLC (the “Plan Sponsor” or “Company”). The Plan was established by the Plan Sponsor on January 1, 2009. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Fidelity Management Trust Company (“Fidelity”) serves as the directed trustee and third-party recordkeeper and administrator.

Eligibility

All employees of the Company, except student interns and leased employees, are eligible to participate in the Plan and will be automatically enrolled approximately 35 days after their hire date.

Contributions

Each year, eligible employees may elect to contribute up to the maximum amount allowed by law, of their annual compensation, as defined in the Plan. Participants may make pre-tax savings contributions and Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan Sponsor may make matching contributions, at its discretion. Participants must have made a pre-tax or Roth contribution during the Plan year to be eligible for the employer match. The Plan Sponsor may also make discretionary profit-sharing contributions to the Plan. Participants must be employed on the last day of the Plan year and work 1,000 hours during the Plan year to be eligible for the discretionary profit-sharing contribution. There were no discretionary profit-sharing contributions in 2023. Contributions are subject to certain statutory limitations.

The Plan allows for a discretionary match contribution. The current discretionary match formula is 50% of the first 6% of employee deferrals, up to a maximum match of \$3,000. The matching provision also provides for an additional match contribution to be paid following year-end subject to Company performance. For the 2023 plan year, there was no additional match contribution based on Company performance.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Plan Sponsor’s matching contribution, if any, and allocations of additional discretionary profit-sharing contributions, if any, and investment earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All amounts in participant accounts are participant-directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching and profit-sharing contributions, and related earnings thereon, are based on continuous service. Participants are fully vested in employer contributions upon the completion of one year of service.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Forfeitures

Forfeitures represent the non-vested portion of terminated participant's account balances. The amounts can be used to pay administrative expenses or to reduce future employer contributions. During 2023, amounts remitted to the forfeiture account totaled \$119,379. Forfeitures were used to reduce employer contributions \$95,847 and administrative expenses by \$27,293. Unallocated forfeiture amounts available as of December 31, 2023 and 2022 were \$45,054 and \$47,154, respectively. As of December 31, 2023, there was income generated of \$1,661 from the aforementioned forfeitures.

Investment Options

Participants may direct their contributions to various mutual funds, common stocks and a common/collective trust selected for the Plan by the Plan Sponsor. Participants may change their investment options at any time throughout the year through online access to Fidelity.

Payment of Benefits

The Plan permits withdrawals by participants upon termination of employment, retirement, disability or death. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Participants may receive distributions in the form of a lump-sum payment, or a rollover equal to the participant's vested interest in their account.

Notes Receivable from Participants

The Plan allows participants to take out loans subject to certain statutory limits and only in the event of a hardship. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balances or \$50,000. Loan terms range up to five years or 30 years for the purchase of a primary residence, as established by the Plan Sponsor at the time of the loan. The loans are collateralized by the vested balance in the respective participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. At December 31, 2023 and 2022, these rates range from 4.25% to 9.50% on the outstanding notes receivable from participants and loans mature through July 2053. Principal and interest are paid ratable through semi-monthly payroll deductions. Participants may only have one loan outstanding at a time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES BASIS OF ACCOUNTING

Basis of Accounting

The accompany financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Rapid7 LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents net appreciation in the fair value of investments, which consists of the realized gains and losses and the unrealized gains and losses on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

As provided by the Plan agreement, administrative expenses related to the Plan's investment and recordkeeping are paid by the Plan participants and other administrative expenses are paid by the Plan Sponsor.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted for pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

NOTE 3 - INFORMATION CERTIFIED OR PROVIDED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, part IV, line 4(i) - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at quoted market prices. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments have been applied.

Self-directed Brokerage Account - Self-directed brokerage accounts are valued at quoted market prices. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments have been applied.

Collective Trust Fund - The collective trust fund is valued at net asset value ("NAV") of the units held by the Plan as determined by the issuer, based on the fair value of the underlying securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date. There were no transfers among levels for the years ended December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are funds managed by Fidelity, at December 31, 2023 and 2022, the trustee and custodian of the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 - INCOME TAX STATUS

Effective October 1, 2018, the Plan adopted the Fidelity Volume Submitter Defined Contribution Plan. The volume submitter plan received its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - DELINQUENT PARTICIPANT CONTRIBUTION

During the Plan year ended December 31, 2023, the Company failed to remit certain participant contribution and loan repayments totaling \$113,187 within the period described by the Department of Labor regulations. The DOL considers late deposits to be prohibited transactions. The Company plans to remit lost earnings and the related excise taxes for the 2023 late contributions and loan repayments during the Plan year ended 2024.
