Independent Auditor's Report

The Plan Administrator
Tris Pharma 401(k) Plan
Monmouth Junction, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tris Pharma 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tris Pharma 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Tris Pharma 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan was formed on June 1, 2007 and covers eligible employees, as defined in the Plan agreement, of Tris Pharma, Inc. (the Employer or the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

Red Bank Pension Services, Inc. is the Plan's third-party administrator. The Plan's investment assets are held by Transamerica Life Insurance Company (Transamerica). Tris Pharma, as the Plan administrator, controls and manages the operation and administration of the Plan.

Eligibility

Employees who are 21 years of age are eligible to participate in the Plan on date of hire. Interns, as defined in the Plan agreement, are excluded from participation.

Contributions

Participants are automatically enrolled in the Plan at 3% of compensation, as defined in the Plan agreement, unless the participant affirmatively elects not to contribute. There is no automatic escalation of the automatic enrollment provision.

Participants may elect to contribute to the Plan a percentage or fixed amount of their compensation, as defined in the Plan agreement, up to the maximum amount allowed by law. Rollovers from other qualified retirement plans, catch-up contributions, and after-tax contributions are allowed. The Employer may make a discretionary matching contribution. For the years ended December 31, 2023 and 2022, the matching contribution was calculated at 50% of participant deferrals up to 10% of salary, as defined in the Plan agreement. For the years ended December 31, 2023 and 2022, the Employer made discretionary matching contributions totaling \$1,752,572 and \$1,583,906, respectively, including \$185,924 and \$174,810 of forfeitures used to reduce Employer contributions in 2023 and 2022, respectively. In addition, the Employer may make non-elective profit-sharing contributions to participants who completed one year of services and are employed on the last day of the year. No non-elective profit-sharing contributions were made in the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with participant's and Employer contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Tris Pharma 401(k) Plan

Notes to Financial Statements

Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their salary deferral and rollover contributions, plus actual earnings thereon.

Employer contributions vest at the rate of 25% per year, defined as any year in which the participant works 1,000 hour or more, with participants becoming fully vested after four years of employment. Participants become fully vested upon death or total and permanent disability, as defined in the Plan agreement.

Benefit Payments

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement, disability, financial hardship, or death. Benefits are payable in one lump-sum payment. Partial or installment payments are permitted only to satisfy required minimum distribution rules. Hardship withdrawals are available, as are in-service distributions to participants who have attained the age of 59½. Corrective distributions are made, returning contributions to participants, when employee contributions exceed contribution limitations imposed by Department of Labor (DOL) regulations. There were no corrective distributions required to be made for the years ended December 31, 2023 and 2022. If a participant's employment terminates with the Employer, the Plan permits distribution of the participant's account, not in excess of \$5,000, to be cashed out or transferred to an Individual Retirement Account (IRA) without the participant's consent.

Notes Receivable from Participants

Participant loans are allowed at a minimum of \$1,000 not to exceed a maximum of \$50,000 or 50% of the participant's account balance, whichever is less. The loans are secured by the participant's vested account balances and, except for loans used to acquire a principal residence, must have a repayment period of no greater than five years. Loan transactions are treated as a directed investment from the participant's account under the Plan. Interest is calculated at a commercially reasonable rate of interest as determined by the Plan administrator. The interest rates for loans outstanding as of December 31, 2023 and 2022 was between 4.25% and 9.5%. Principal and interest are paid ratably through payroll deductions every pay period. No more than two loans are allowed at any time and repayment of the entire balance is permitted at any time.

Forfeitures

Forfeitures result from non-vested Employer contributions remaining in the Plan from terminated participants and can be used to reduce discretionary Employer contributions or Plan expenses. During the years ended December 31, 2023 and 2022, withdrawing participants forfeited \$81,803 and \$82,172, respectively. During the year ended December 31, 2023, \$185,924 was used to reduce Employer contributions and \$7 was used to pay Plan expenses. As of December 31, 2023 and 2022, \$7,624 and \$110,784, respectively, in cumulative forfeited amounts were available to offset future Employer contributions. During the year ended December 31, 2023, the forfeiture account earned \$968.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments at the end of any calendar quarter and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of the investments within the Plan are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. The Plan is responsible for administrative expenses relating to the management of Plan assets incurred by the Plan except for certain transactions fees, such as loan

Notes to Financial Statements

and distribution requests, which are paid by the participants. These fees are allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense.

Direct compensation paid by the Plan as administrative expenses totaled \$30,480 and \$19,337 for the years ended December 31, 2023 and 2022, respectively, which consisted of third-party administrative and advisory fees.

3. Certified Investment Information

The Company is party to a trust agreement with Transamerica for the holding and administration of the Plan assets. The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023, and 2022.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standard Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The pooled separate accounts (PSAs) are using net asset value (NAV) as the practical expedient to measure fair value; therefore, the fair value hierarchy is presented in accordance with Accounting Standards Update (ASU) 2015-07.

Tris Pharma 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2023

		Level 1	Level 2	Level 3	Total
PSAs*	\$	-	\$ -	\$ -	37,481,920
Total Investments	\$	-	\$ -	\$ -	37,481,920

December 31, 2022

		Level 1	Level 2	Level 3	Total
PSAs*	\$	-	\$ -	\$ -	27,663,097
Total Investments	\$	-	\$ -	\$ -	27,663,097

* Certain investments that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodology for the Plan's assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022.

PSAs - The investments in the PSAs are valued at NAV based on the units held by the Plan at the end of the year. The NAV is determined by the custodian and is not publicly quoted. NAV is primarily based on the quoted market prices of the underlying investments and is adjusted for certain contract charges and fees. The underlying investments include equities, preferred stock, bonds, real estate, and mutual funds and each PSA will follow a separate investment strategy based on the underlying investments. NAV per unit is used as the practical expedient to estimate fair value. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions.

5. Investments at Contract Value

The Plan is invested in a fully benefit-responsive guaranteed investment contract with Transamerica, the Transamerica Stable Value Advantage Option, totaling \$1,767,913 and \$1,832,804 as of December 31, 2023 and 2022, respectively. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is considered fully benefit-responsive and is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the

Tris Pharma 401(k) Plan

Notes to Financial Statements

bank or other events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Party-in-Interest and Related Party Transactions

Certain Plan investments were shares of PSAs managed by an affiliate of Transamerica, and the Transamerica Stable Value Advantage Option. Participant loan and distribution processing fees are paid to Transamerica by participants. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. Tax-Status

The Plan obtained the latest opinion letter for the prototype plan it has adopted on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through September 20, 2024, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events identified requiring disclosure or adjustment to the financial statements.
