Independent Auditor's Report

The Plan Administrator
OhioGuidestone 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OhioGuidestone 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits or the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 1. Description of Plan

The following description of the OhioGuidestone 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all regular full-time employees of OhioGuidestone (the Company and Plan Sponsor).

To be eligible to participate in the 401(k) contributions and Roth contributions, employees are required to be age 21 or older and have completed one month of service with the Company. To be eligible to participate in the employer matching contributions and discretionary contributions, employees are required to be age 21 or older and have completed one year of service with the Company. One year of service is defined as having completed 12 months of employment with at least 1,000 hours. In addition, the employee must be employed on the last day of the plan year in order to be eligible for the discretionary contribution.

Contributions: Each year, participants may contribute up to the maximum percentage of pretax annual compensation, as defined by the Plan and as allowable under the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to contribute additional catch-up contributions, as allowable under the IRC. The Plan includes an automatic salary deferral feature. Under this feature, the Company will automatically withhold 5% of a participant's eligible compensation unless the participant elected a different amount or elected not to contribute. The Company will also automatically increase the participant's deferral rate by 1% annually until the rate is at 10% unless the participant elects to remain at the same rate. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are recognized when earned. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

For the year ended December 31, 2023, the Company matched 100% of the first 1% of employee deferrals and 50% of the participant's next 4% of employee deferrals. Additional discretionary profit sharing contributions may be made at the discretion of the Company's Board of Trustees.

Participants' accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants immediately vest in their contributions, plus actual earnings thereon. Vesting in the employer matching and discretionary contributions are based on years of service without incurring a break in service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notes to financial statements

Note 1. Description of Plan (Continued)

Payment of benefits: Participants are entitled to receive a lump-sum amount equal to the value of their vested account balance upon death, disability, retirement or termination.

Forfeited accounts: Forfeitures are used to reduce employer contributions. Forfeitures amounting to \$4,142 were used to reduce employer contributions during the year ended December 31, 2023. At December 31, 2023 and 2022, there was \$72,189 and \$4,781, respectively, of forfeitures available to be used to reduce future employer contributions. Accumulated forfeitures will be applied to reduce the employer contributions in 2023.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on participant loans ranged from 4.25% to 9.50% and 4.25% to 8.00% as of December 31, 2023 and 2022, respectively.

Note 2. Significant of Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully-benefit responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits. The guaranteed investment contract is presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they occur. No allowance for credit loss has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as distributions based upon the terms of the Plan document.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 2. Significant of Accounting Policies (Continued)

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. At December 31, 2023, the Plan has four investments that individually exceed 10% of total Plan net assets, and collectively comprise 49.7% of total Plan net assets. This represents a concentration of credit risk.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or by the Company, at the option of the Company.

Subsequent events: Plan management has evaluated subsequent events for potential recognition and/or disclosure through September 30, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets.

Interest and dividends	<u>\$ 843,599</u>
Interest income on notes receivable from participants	<u>\$ 25,869</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2023 and 2022.

Common stock: The fair value is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers.

Money market fund: Value derived from quoted market prices in active markets.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 4. Fair Value Measurements (Continued)

Registered investment companies: Valued at the daily closing price as reported by the fund.

Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Common stock	\$ 5,507	\$ -	\$ -	\$ 5,507
Money market fund	46,444	-	-	46,444
Registered investment companies	33,659,737	-	-	33,659,737
Total assets in the fair value hierarchy	\$ 33,711,688	\$ -	\$ -	\$ 33,711,688

	2022			
	Level 1	Level 2	Level 3	Total
Common stock	\$ 5,435	\$ -	\$ -	\$ 5,435
Money market fund	37,774	-	-	37,774
Registered investment companies	28,890,317	-	-	28,890,317
Total assets in the fair value hierarchy	\$ 28,933,526	\$ -	\$ -	\$ 28,933,526

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2023, there were no transfers in or out of Levels 1, 2 or 3.

Note 5. Guaranteed Investment Contract with Insurance Companies

The Plan offered a traditional investment contract with Lincoln National Life Insurance Company as of December 31, 2023 and 2022. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2023 and 2022, was \$734,698 and \$1,174,205, respectively.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 5. Guaranteed Investment Contract with Insurance Companies (Continued)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting. The contract does permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contract.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investments.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 7. Tax Status

The Plan has adopted a non-standardized form of a volume submitter profit sharing plan. The prototype plan has obtained an opinion letter from the Internal Revenue Service as to its qualified status. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services provided by the custodian, their affiliates, and other parties-in-interest amounted to \$157,530 for the year ended December 31, 2023.

Independent Auditor's Report

The Plan Administrator
OhioGuidestone 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OhioGuidestone 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits or the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to financial statements

Note 1. Description of Plan

The following description of the OhioGuidestone 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all regular full-time employees of OhioGuidestone (the Company and Plan Sponsor).

To be eligible to participate in the 401(k) contributions and Roth contributions, employees are required to be age 21 or older and have completed one month of service with the Company. To be eligible to participate in the employer matching contributions and discretionary contributions, employees are required to be age 21 or older and have completed one year of service with the Company. One year of service is defined as having completed 12 months of employment with at least 1,000 hours. In addition, the employee must be employed on the last day of the plan year in order to be eligible for the discretionary contribution.

Contributions: Each year, participants may contribute up to the maximum percentage of pretax annual compensation, as defined by the Plan and as allowable under the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to contribute additional catch-up contributions, as allowable under the IRC. The Plan includes an automatic salary deferral feature. Under this feature, the Company will automatically withhold 5% of a participant's eligible compensation unless the participant elected a different amount or elected not to contribute. The Company will also automatically increase the participant's deferral rate by 1% annually until the rate is at 10% unless the participant elects to remain at the same rate. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are recognized when earned. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

For the year ended December 31, 2023, the Company matched 100% of the first 1% of employee deferrals and 50% of the participant's next 4% of employee deferrals. Additional discretionary profit sharing contributions may be made at the discretion of the Company's Board of Trustees.

Participants' accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants immediately vest in their contributions, plus actual earnings thereon. Vesting in the employer matching and discretionary contributions are based on years of service without incurring a break in service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Note 1. Description of Plan (Continued)

Payment of benefits: Participants are entitled to receive a lump-sum amount equal to the value of their vested account balance upon death, disability, retirement or termination.

Forfeited accounts: Forfeitures are used to reduce employer contributions. Forfeitures amounting to \$4,142 were used to reduce employer contributions during the year ended December 31, 2023. At December 31, 2023 and 2022, there was \$72,189 and \$4,781, respectively, of forfeitures available to be used to reduce future employer contributions. Accumulated forfeitures will be applied to reduce the employer contributions in 2023.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on participant loans ranged from 4.25% to 9.50% and 4.25% to 8.00% as of December 31, 2023 and 2022, respectively.

Note 2. Significant of Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully-benefit responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits. The guaranteed investment contract is presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they occur. No allowance for credit loss has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as distributions based upon the terms of the Plan document.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 2. Significant of Accounting Policies (Continued)

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. At December 31, 2023, the Plan has four investments that individually exceed 10% of total Plan net assets, and collectively comprise 49.7% of total Plan net assets. This represents a concentration of credit risk.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or by the Company, at the option of the Company.

Subsequent events: Plan management has evaluated subsequent events for potential recognition and/or disclosure through September 30, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets.

The custodian also certified to the completeness and accuracy of the following for the year ended December 31, 2023:

Interest and dividends	<u>\$ 843,599</u>
Interest income on notes receivable from participants	<u>\$ 25,869</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2023 and 2022.

Common stock: The fair value is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers.

Money market fund: Value derived from quoted market prices in active markets.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 4. Fair Value Measurements (Continued)

Registered investment companies: Valued at the daily closing price as reported by the fund.

Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Common stock	\$ 5,507	\$ -	\$ -	\$ 5,507
Money market fund	46,444	-	-	46,444
Registered investment companies	33,659,737	-	-	33,659,737
Total assets in the fair value hierarchy	\$ 33,711,688	\$ -	\$ -	\$ 33,711,688

	2022			
	Level 1	Level 2	Level 3	Total
Common stock	\$ 5,435	\$ -	\$ -	\$ 5,435
Money market fund	37,774	-	-	37,774
Registered investment companies	28,890,317	-	-	28,890,317
Total assets in the fair value hierarchy	\$ 28,933,526	\$ -	\$ -	\$ 28,933,526

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2023, there were no transfers in or out of Levels 1, 2 or 3.

Note 5. Guaranteed Investment Contract with Insurance Companies

The Plan offered a traditional investment contract with Lincoln National Life Insurance Company as of December 31, 2023 and 2022. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2023 and 2022, was \$734,698 and \$1,174,205, respectively.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 5. Guaranteed Investment Contract with Insurance Companies (Continued)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting. The contract does permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contract.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investments.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

OhioGuidestone 401(k) Plan

Notes to financial statements

Note 7. Tax Status

The Plan has adopted a non-standardized form of a volume submitter profit sharing plan. The prototype plan has obtained an opinion letter from the Internal Revenue Service as to its qualified status. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services provided by the custodian, their affiliates, and other parties-in-interest amounted to \$157,530 for the year ended December 31, 2023.
