Independent Auditor's Report

To Those Charged with Governance
ASA North Texas Multiple Employer 401(k) Plan
Grande Prairie, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ASA North Texas Multiple Employer 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statement

Predecessor auditors performed an audit of the 2022 financial statement of the ASA North Texas Multiple Employer 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 16, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statement, other than those agreed to or derived from the certified investment information, were presented fairly in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2022 financial statement related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and the information in the 2022 supplemental schedules related to assets held by and certified to by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements under ERISA Section 103(a)(3)(C).

ASA NORTH TEXAS MULTIPLE EMPLOYER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of ASA North Texas Multiple Employer 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2020, as a multiple employer defined contribution plan sponsored by the American Subcontractors Association North Texas Chapter (the Association) (the Sponsor or Sponsoring Employer) covering eligible employees of the Sponsor and Adopting Employers (Participating Employers who are also members of the Association). The Plan was amended and restated on January 1, 2022 to comply with certain tax legislation. With the consent of the Sponsor, an Adopting Employer may adopt the Plan by executing an adoption agreement. The Sponsor is the Plan Administrator. The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each Adopting Employer may designate the parameters for eligibility requirements and participation in the Plan as well as employer contributions, if any. Eligible employees of the Sponsor and Adopting Employers may enter the Plan on various entry dates coinciding with or following the date on which the employees meet the eligibility requirements as outlined within their respective Adopting Employer's specific terms and conditions. Entry dates can be immediately upon employment, monthly, quarterly or semi-annually.

The Sponsor is the Plan Administrator. The Plan's Trustee Committee is responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance. The Plan has an arrangement with Empower Annuity Insurance Company of America (EAIC) and Empower Trust Company, LLC, (ETC) (collectively, the Trustee) for trust and custodian services. The Trustee's affiliate, Empower Retirement, LLC (Empower), provides recordkeeping services.

Contributions

Each year, participants may contribute an amount of annual compensation, up to 100% of their pre-tax compensation, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Roth 401(k) deferrals are allowed under the Plan, if elected by the Adopting Employer.

An Adopting Employer may make safe harbor, discretionary profit-sharing contributions and/or discretionary matching contributions at an amount determined in accordance with elections specified in their respective adoption agreement. Adopting Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Adopting Employer contributions for the year ended December 31, 2023 totaled \$291,111. Adopting Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of: (a) their Participating Employer's contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their individual contributions and their Adopting Employer's safe harbor contributions, if any, plus actual earnings or losses thereon. Vesting in the Adopting Employer's other contributions and Plan earnings thereon, is based in accordance with the vesting schedule specified in the corresponding Adopting Employer's adoption agreement. Participant accounts become fully vested upon reaching normal retirement age (65), death or disability.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce future Participating Employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts available to be used approximated \$18,000 and \$48,000, respectively. Forfeitures utilized to reduce Participating Employer contributions and offset certain Plan administrative expenses for the year ended December 31, 2023, totaled \$23,320.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 2%. A participant may only have one (1) loan outstanding at any time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after age 59½.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions will become effective in 2024 and thereafter, therefore, there was no impact to the Plan during 2023. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Plan administration

The management and administration of the Plan is the responsibility of the Sponsor and its designee. The Plan's investment assets are maintained by EAIC and ETC, collectively the Trustee. The Trustee invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants).

The Plan is administered by a committee appointed by the Sponsor. Nova 401(k) Associates provides third-party administrator services to the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and the Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded.

ASA NORTH TEXAS MULTIPLE EMPLOYER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Payment of benefits

The Plan records benefits when paid.

Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee, and third party administrator fees, are paid from Plan assets and classified as an expense rather than as a reduction of investment income. Certain other administrative expenses are paid by the Adopting Employers or the Sponsor and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2023 that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information, is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

ASA NORTH TEXAS MULTIPLE EMPLOYER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 and 2022. During the year ended December 31, 2023, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and, therefore, classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Money market fund – institutional short-term investment vehicle valued daily with a NAV of \$1. NAV is the quoted price in an active market and therefore is classified within Level 1 of the fair value hierarchy.

Collective trusts (CT) – are measured at the NAV of units held. The NAV, as provided by the trustee of the CT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CTs, less its investment liabilities. This practical expedient is not used when it is determined to be probable that the CT will sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Fair Value Measurements as of December 31, 2023

Note 6 – Fixed Annuity Contract with Insurance Company

The Plan invests in a traditional fully benefit-responsive investment contract through a fixed annuity contract with Empower Annuity Insurance Company of America (EAIC), the issuer, with a contract value of \$93,972 and \$58,563, respectively, as of December 31, 2023 and 2022. EAIC maintains the contributions in a general account. The guaranteed investment contract is a general account product offered through a group annuity contract. Participant's principal and interest are fully guaranteed by the general accounts of EAIC. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

EAIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The contract does not permit EAIC to terminate the agreement prior to the scheduled maturity date.

ASA NORTH TEXAS MULTIPLE EMPLOYER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Fixed Annuity Contract with Insurance Company, Continued

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Under the terms of the group annuity contract, participants may direct the withdrawal or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value, as reported to the Plan by (the issuer), represents contributions made under the contract, plus earnings, less participant withdrawals and expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract.

The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with EAIC and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

Based on ongoing credit evaluations of its guaranteed investment contract investments, Plan management does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for these investments as of December 31, 2023.

Note 7 – Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsor, Adopting Employers, and certain others. The Plan's investments include shares of mutual funds, collective trust units, and a fixed annuity contract, managed and administered by ETC. The fixed annuity contract is issued by EAIC. Empower is the Plan's recordkeeper, an affiliate of ETC, and accounts for investment transactions and participant records along with other compliance and administrative services.

Therefore, these transactions with ETC, EAIC, and Empower qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules under ERISA.

Certain administrative functions are performed by officers and employees of the Sponsor. No officer or employee receives compensation from the Plan for these services.

Empower receives revenue from service providers for services Empower provides to the mutual funds and collective trust funds. This revenue is used to offset certain amounts owed to Empower for its administrative services. Fees incurred for the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

ASA NORTH TEXAS MULTIPLE EMPLOYER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 7 – Related Party and Party-In-Interest Transactions, Continued

The Plan contracted with Nova 401(k) Associates for third-party administrative services. The Plan compensates Nova 401(k) Associates directly for such services which is included in administrative expenses for the year ended December 31, 2023 in the accompanying statement of changes in net assets available for benefits.

Note 8 – Refunds Payable for Excess Contributions

During 2023 and 2022, the Plan received contributions from participants in excess of Plan and IRS limitations. Such excess contributions were refunded to participants in each of the subsequent years with a liability and corresponding reduction to contributions recorded in the year the excess contributions were received.

Note 9 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 10 – Plan Termination

Although they have not expressed any intent to do so, the Sponsor and Participating Employers have the right under the Plan to discontinue their contributions at any time and the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their respective Participating Employer's contributions.

Note 11 – Plan Transfers

In the normal course of business, the Sponsor adds Adopting Employers, and assets from the individual qualified plans that the Adopting Employers previously sponsored are transferred into the Plan, in conjunction with the Adopting Employer's adoption of the Plan. Likewise, as Adopting Employers leave the Sponsor and adopt different qualified plans, assets attributable to these outgoing Adopting Employers and related participant accounts are transferred out of the Plan.

Note 12 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit Sharing with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and the related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adoption, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 14 – Delinquent Participant Contributions

For the year ended December 31, 2022, participant contributions and loan repayments totaling \$19,869, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Sponsor and certain Adopting Employers have not corrected the delinquent contributions for lost earnings as the date of the report.

Note 15 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2023 through July 29, 2024, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
