Independent Auditor's Report

To Plan Administrator
Bridge Investment Group 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bridge Investment Group 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bridge Investment Group 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bridge Investment Group 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bridge Investment Group 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bridge Investment Group 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bridge Investment Group 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — *Supplemental Schedules Required by ERISA*

The supplemental schedule of assets held at end of year as of December 31, 2023 and schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bridge Investment Group 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following brief description of the Bridge Investment Group 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution 401(k) plan covering all eligible employees of Bridge Investment Group Holdings LLC a Delaware LLC (the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and qualifies under Section 401(a) of the Internal Revenue Code (the “IRC”). The custodian and trustee is Empower Annuity Insurance Company of America and Empower Trust Company, LLC (“Empower”).

Eligibility

Employees are eligible to participate in the Plan after two months of service and upon attainment of age twenty-one and if they are not union employees or non-resident aliens. All newly eligible employees are automatically enrolled in the Plan with a deferral percentage of 4% as soon as administratively feasible following the employee’s eligibility date, unless the employee elects to opt out of the Plan.

Contributions

Each year, participants may contribute a percentage of their eligible compensation, as defined in the Plan, on both a pre-tax basis and after-tax (“Roth”) basis, not to exceed the annual limit established by the Internal Revenue Code (the “IRC”). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

Effective January 1, 2023, the Plan was amended to change the Company safe harbor matching contribution to equal 100% of the participant’s elective deferrals not to exceed 6% of the participant’s compensation. The Company may also make additional discretionary employer matching contributions and nonelective contributions, although none were made in 2023.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and losses, and is charged with withdrawals and applicable administrative expenses. Plan earnings are allocated based on the participant's share of the net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Administrative Expenses

All reasonable expenses of administration of the Plan may be paid from the assets of the Plan. The Company may, at its discretion, pay such expenses.

Vesting

Participants are immediately 100% vested in their salary deferrals, rollover contributions and Company safe harbor matching contributions, discretionary matching contributions and nonelective contributions plus actual earnings thereon.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment or installments. Hardship withdrawals are also available. For terminated participants' account balances that are less than \$5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than \$5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

Forfeitures are used to reduce future employer contributions or pay administrative expenses. At December 31, 2023 and 2022, forfeited account balances totaled \$27,478 and \$26,661, respectively. For the year ended December 31, 2023, \$575 of forfeitures was used to pay administrative expenses.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable From Participants

Participants are permitted to borrow the lesser of \$50,000 or 50% of their vested account balance. The minimum that can be borrowed is \$1,000 and only one loan can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of one percentage point above the prime rate. Notes receivable from participants' terms range from one to five years or a reasonable amount of time for the purchase of a primary residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the balances of all individual accounts will be distributed as soon as administratively practicable after the Plan terminates.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Contributions and contributions receivable

Contributions from the employer and the participants are due to the Plan in the period the contributions are earned and deducted from the paycheck. Contributions receivables are contributions earned and withheld as of December 31 which were transferred to the Plan subsequent to year end.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedules. Accordingly, actual results could differ from these estimates.

Bridge Investment Group 401(k) Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

3. Investments

All investment information disclosed in the accompanying financial statements, notes and schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower, the custodian and trustee.

Bridge Investment Group 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The Plan’s investments in shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Common collective investment trusts are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These securities are redeemable at fair value on a daily basis. There are no unfunded commitments as of December 31, 2023 or 2022.

Bridge Investment Group 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 76,971,733	\$ —	\$ —	\$ 76,971,733
Investments measured at NAV*	—	—	—	2,868,658
Total assets at fair value	<u>\$ 76,971,733</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 79,840,391</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 52,538,692	\$ —	\$ —	\$ 52,538,692
Investments measured at NAV*	—	—	—	1,800,080
Total assets at fair value	<u>\$ 52,538,692</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 54,338,772</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

5. Party-in-Interest Transactions

Plan investments are managed by Empower. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Bridge Investment Group 401(k) Retirement Plan

Notes to Financial Statements (continued)

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated November 14, 2022, stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company has indicated that it will take the necessary steps, if any, to bring the Plan’s operations into compliance with the Code.

7. Delinquent Participant Contributions

During the year ended December 31, 2023 and 2022, the Company did not remit to the Plan’s custodian certain employee contributions and loan repayments totaling approximately \$5,612,599 and \$578,617, respectively, within the required timeframe prescribed by the Department of Labor Regulation 29 CFR 2510.3-102. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator is taking corrective action, including payment of lost interest and related taxes and penalties.

8. Subsequent Events

The Plan has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.
