Report of Independent Auditors

The Castle & Cooke Retirement Plan Committee and Participants of the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements (modified cash basis) of the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements (modified cash basis), other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries

Notes to the Financial Statements

(Modified Cash Basis)

Note 1 – Description of the Plan

The following description of the 401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries (the Plan), a defined contribution plan, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan was established on March 1, 1996, and covers all eligible salaried and hourly employees of Castle & Cooke, Inc. and certain affiliated companies (collectively, the Company, Plan Sponsor, and Plan Administrator). The Plan provides for retirement benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participant and employer contributions are currently maintained under a trust agreement with Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Participants direct the investments of their contributions into various mutual funds, or the stable value fund offered by the Plan.

Eligibility – Salaried employees are eligible to participate in the Plan and receive employer-matching contributions on their first day of work. All hourly non-union employees and union employees covered by a collective bargaining agreement that expressly provides for participation in the Plan are eligible on the enrollment date following the completion of one year and 1,000 hours of service, as defined.

Contributions – Participant tax-deferred contributions may range from 1% to 75% of each participant's annual compensation, as defined. The Plan also provides for catch-up 401(k) contributions for participants age 50 and over. Participants may also rollover amounts from other qualified retirement plans. The Plan allows after-tax Roth contributions.

All participants are eligible to receive a matching contribution. The Company matches 100% of the first 3% of compensation and 50% of the next 2% of eligible compensation. The Plan also provides for a profit-sharing contribution, which is determined each plan year by the Company. The profit-sharing contribution amount is discretionary. Profit sharing contributions are allocated to eligible participants in the same proportion that each such participant's compensation for the plan year bears to the total compensation of all such eligible participants. There were no profit-sharing contributions for the year ended December 31, 2023.

The Plan also provides for a qualified non-elective contribution which is allocated to eligible participants, as defined, in the same proportion that each such participant's compensation for the plan year bears to the total compensation of all such eligible participants or as a fixed amount determined by the Company. There were no qualified non-elective contributions for the year ended December 31, 2023.

All contributions are subject to limitations under the Internal Revenue Code (IRC).

Participant accounts – Each participant's account is credited with contributions and earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – All contributions are fully vested at all times.

401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries

Notes to the Financial Statements

(Modified Cash Basis)

Forfeitures – Distributions outstanding greater than a period specified by the plan committee are transferred to forfeitures. Unallocated forfeitures at December 31, 2023 and 2022, were \$12,619 and \$0, respectively.

Notes receivable from participants – Participants may borrow from their accounts in amounts not less than \$1,000 and limited to the lesser of \$50,000 or one-half of their vested interest in their accounts. Loan transactions are treated as transfers between participant loans and the other investment funds. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing rates charged by commercial lenders under similar circumstances as determined by the Plan Administrator. Loan terms may range from a period not to exceed 5 years, or up to 10 years if used to acquire a primary residence. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% to 9.50% as of December 31, 2023. The loans mature on various dates through November 2032.

Payment of benefits – Upon a participant's termination of service with the Company, the participant may receive a lump-sum distribution of his or her account balance. A participant may also delay his or her lump-sum payment until the age of 72 if the account balance exceeds \$1,000. For termination due to disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if they are determined to be disabled. If a participant is deceased before distribution of their account balance, then the beneficiary on file is entitled to the value of the participant's account balance.

Administrative expenses – All plan-level expenses of maintaining the Plan are paid by the Company. Certain transaction fees are paid by the Plan participants.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis differs from U.S. GAAP in that participant and employer contributions are recognized when received instead of when earned and administrative expenses are recognized as they are paid instead of when the obligation is incurred.

Management's use of estimates – The preparation of financial statements (modified cash basis) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements (modified cash basis), and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value and at contract value. If available, quoted market prices are used to value investments. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts (FBRICs) because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries

Notes to the Financial Statements

(Modified Cash Basis)

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Plan loans in the amount of \$99,706 and \$92,323 were in default at December 31, 2023 and 2022, respectively.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits (modified cash basis) date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits (modified cash basis), including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits (modified cash basis) but arose after the statement of net assets available for benefits (modified cash basis) date and before the financial statements are issued.

The Plan Administrator has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.

Note 3 – Information Certified by Fidelity

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to information certified by Fidelity, except for comparing such information certified by the trustee to information included in the Plan’s financial statements (modified cash basis).

Fidelity certified to the completeness and accuracy of the Plan’s investments, notes receivable from participants, interest income on notes receivable from participants, net appreciation in fair value of investments, interest and dividends in the accompanying financial statements (modified cash basis) as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

Note 4 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 on fair value measurements established a hierarchy of ranking the quality and reliability of information used to determine fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets of the Plan measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Group Annuity Contract

The Stable Asset Fund is a group annuity contract issued by Standard Insurance Company. Amounts contributed to the contract are deposited in the Standard Insurance Company general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of Standard Insurance Company. Participant withdrawals and transfers are freely permitted on a daily basis without penalties, fees, or surrender charges. The Stable Asset Fund provides participants with full book value liquidity for benefit payments and transfers to other investments options.

Standard Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a semiannual basis for resetting. The FBRICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRICs' criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Participant withdrawals and transfers to noncompeting investment options are freely permitted on a daily basis. Payment obligations and the fulfillment of any guarantees are supported by the full faith and credit of Standard Insurance Company. Withdrawals due to employer actions may be subject to a market value adjustment.

401(k) Plan for Employees of Castle & Cooke, Inc. and Participating Divisions and Subsidiaries

Notes to the Financial Statements

(Modified Cash Basis)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value if the qualification status of the employer or Plan changes, a break of material obligations under the contract and misrepresentation by the contract holder occur, or there is a failure of the underlying portfolio to conform to the pre-established investment guidelines.

Note 6 – Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to amend or terminate the Plan subject to the provisions set forth in ERISA.

Note 7 – Tax Status

The Plan uses a volume submitter profit-sharing plan document sponsored by Fidelity Management & Research Co. which obtained its most recent determination letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the volume submitter Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC and that the Plan continues to be tax exempt. Therefore, no provision for federal and state income taxes has been included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

(Modified Cash Basis)**

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities at the direction of participants among investment options offered under the Plan. Investment securities are exposed to various risks, including but not limited to, changes in interest rates, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that values of the investments could decline in the near term and that such declines could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline significantly in subsequent periods.
