We have performed audits of the accompanying financial statements of Pacific Stainless Products, Inc. Employee Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Stainless Products, Inc. Employee Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pacific Stainless Products, Inc. Employee Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Stainless Products, Inc. Employee Savings and Retirement Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements - Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pacific Stainless Products, Inc. Employee Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Stainless Products, Inc. Employee Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Supplemental Schedule Required by ERISA - Continued

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements

1. Plan Description

The following brief description of the Pacific Stainless Products, Inc. Employee Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established March 30, 1994, and was most recently restated June 1, 2022, to comply with the Cycle 3 restatement requirements. The Plan is a defined contribution plan covering employees of Pacific Stainless Products, Inc. (the Company) who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's owner.

The trustee of the plan is Reliance Trust Company (Reliance). All participant account balances are held by Reliance. The participant directs the investment of all contributions and earnings thereon and may change their investment directive at any time.

Eligibility - Employees are eligible to participate in the Plan once they have completed 12 months of service. There is no age requirement to participate in the Plan. Eligible employees do not include non-resident aliens or leased employees. Eligibility for discretionary profit sharing contributions or employer contributions is 1 year of service. Plan entry dates are semi-annually on January 1, and July 1. Eligible employees are automatically enrolled in the Plan at a deferral rate of 3 percent of compensation unless a separate election is made.

Contributions - Each year participants may contribute up to 90 percent of their annual compensation, as defined in the Plan, subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary profit sharing contributions as determined annually by the Company's owner. Effective January 1, 2018, union employees subject to a collective bargaining agreement receive a contribution of \$1.00 per hour worked up to a maximum of \$2,000 for the Plan year or as stated in the collective bargaining agreement. For the year ended December 31, 2023, collective bargaining agreement stated that the Company would contribute \$0.50 for each compensated hour up to a maximum of 2,080 hours per calendar year after one year of service. In addition, the Company would match the first \$1,460 contributed in the calendar year by the employee. The maximum total employer contribution for a union employee is \$2,500 for the year. For non-union employees, the employer non-elective contribution was \$1,040 after one year of service. The discretionary employer contribution was \$256,255 for the year ended December 31, 2023. No discretionary profit sharing contributions were made in 2023.

EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements - Continued

1. Plan Description - Continued

Participant Accounts - Each participant's account is credited with the participant's contributions, as well as allocations of the Company's discretionary profit sharing and employer contributions and Plan earnings. Deducted from each participant's account are any distributions made to the participant and an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings on those contributions. Vesting in the Company's discretionary profit sharing and employer contributions, plus earnings thereon, is based on years of continuous service. The vesting percentage for the Company's discretionary profit sharing and employer contributions plus earnings thereon is on a 3-year cliff vesting schedule.

Notes Receivable from Participants - Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance of the participant's vested account. In accordance with the Plan provisions, the rate of interest on participant loans approximates current market rates and ranges between 4.25 and 9.5 percent as of December 31, 2023, with maturities through 2031. The term of the loan may not exceed 60 months unless the proceeds of such loan are to be used to acquire any dwelling unit, which within a reasonable time is to be used as the principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon attaining normal retirement age of 65, termination of service, death, or disability, a participant may elect to receive a lump-sum distribution of the entire vested account balance. Terminated participants whose account balance is \$5,000 or less will automatically receive a lump-sum distribution. Hardship distributions are available only for the purpose of meeting immediate and heavy financial needs.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts of net assets at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period, as well as disclosure of any contingent assets or liabilities. Actual results could differ from these estimates.

2. Summary of Significant Accounting Policies - Continued

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. Additional information about fair value measurements can be found in *Note 4*.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants - Benefits are recorded when paid. At December 31, 2023, there were no benefits processed and approved for payment, but not paid.

Expenses - Certain expenses are paid by the Company and are excluded from these financial statements. Certain administration and asset fees are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

3. Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net investment income and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used during the year ended December 31, 2023.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis:

Shares of registered investment companies: Valued at the daily closing prices provided by the trustee. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust account: Valued at the net asset value per unit as provided by the trustee of the Plan. Collective investment funds are generally available only via employer-sponsored retirement plans, pension plans, and insurance companies. The net asset value per unit is derived from values of similar investments that have quoted prices in active markets. The net asset value is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments less liabilities.

4. Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31:

2023	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	<u>\$ 7,874,536</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,874,536</u>
Total assets in the fair value hierarchy	<u>\$ 7,874,536</u>	<u>\$ -</u>	<u>\$ -</u>	7,874,536
Collective investment trust account measured at NAV (practical expedient)				<u>222,864</u>
Investments at fair value				<u>\$ 8,097,400</u>
 2022	 Level 1	 Level 2	 Level 3	 Total
Shares of registered investment companies	<u>\$ 6,721,424</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,721,424</u>
Total assets in the fair value hierarchy	<u>\$ 6,721,424</u>	<u>\$ -</u>	<u>\$ -</u>	6,721,424
Collective investment trust account measured at NAV (practical expedient)				<u>184,245</u>
Investments at fair value				<u>\$ 6,905,669</u>

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements - Continued

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per unit (or its equivalent) as of December 31:

Investment type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2023				
Collective investment trust	\$ 222,864	\$ -	Daily	None
2022				
Collective investment trust	\$ 184,245	\$ -	Daily	None

The investment objective for the collective investment trust account is to lower the costs to investors through economies of scale available by combining the assets of multiple investors, to provide daily liquidity, and to provide better diversification. Each investor owns a participating interest that is calculated in units and represents its portion of the holdings of the fund.

5. Transactions with Parties-in-Interest

The Company is the Plan sponsor and administrator and pays certain administrative costs, including accounting, legal, and consulting fees, on behalf of the Plan.

Reliance, who serves as trustee of the Plan, manages certain Plan investments. These investments and investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

Participants in the Plan are permitted to borrow funds from their vested balances. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest earned are described in *Note 2*.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Income Tax Status

The Plan is utilizing a pre-approved profit sharing plan document and is relying on the pre-approved profit sharing plan's opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020. The letter states the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the pre-approved profit sharing plan document has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits, and the statement of changes in net assets available for benefits.
