MANAGEMENT LETTER

To the Management of the
BTI360 401(k) Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the BTI360 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered the BTI360 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Ascensus Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A reportable finding is an indication of a deficiency or deficiencies in internal control identified during the audit that has not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention. We noted reportable findings that are presented in the attachment to this letter for your consideration.

This communication is intended solely for the information and use of the Plan administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties. This letter does not affect our audit report dated August 1, 2024, on the financial statements of the BTI360 401(K) Plan.

We especially wish to thank Jeremy Nimtz for all of his assistance during the audit. It has been a pleasure to serve BTI360, Inc.

Very truly yours,

SC&H Attest Services, P.C.

SC&H Attest Services, P.C.

**BTI360 401(k) Plan
Reportable Findings
For the Year Ended December 31, 2023**

CURRENT YEAR

Reportable Findings

Definition of Compensation: During the audit, we noted that a participant's salary earned immediately prior to taking leave without pay was incorrectly considered ineligible compensation for both participant elective deferrals and employer matching contributions. We recommend that the Company correct these errors and ensure that proper controls are in place to prevent miscalculations of future contributions.

Census Data: During the testing of census data, we noted a participant whose date of termination was improperly changed from his final day of employment to the final day of payment. We recommend that a review process be implemented over the census data as compared to the personnel files, enrollment forms, and termination paperwork to ensure that participant data is properly maintained for the purposes of benefit calculations performed by the third-party administrators.

Plan Administration: It was noted that the Plan and its management do not hold regular meetings and as a result do not keep minutes relevant to the Plan. It also therefore noted no documentation is maintained of plan officials determining that the investments are prudent and solely in the interest of the plan's participants. It is recommended that the Plan and its management hold regular meetings and keep minutes in order to discuss investments and any changes to the Plan.

Client Response: Management plans to hold an annual board meeting to review the 401(k) Plan with the Company's corporate board.

PRIOR YEAR

Reportable Finding

Force Outs: It was noted during the audit that there were several terminated participants with balances below \$5,000. We recommend management review account balances periodically to ensure terminated participants with participant account balances below \$5,000 are forced-out of the Plan in a timely manner in accordance with Plan document provisions.

Current Year Status: This finding was not resolved during the year ended December 31, 2023 and remains a reportable finding for the current year.

Client Response: In November 2023, Management initiated the Force Out process for 5 individuals, realizing the need to provide 60 days of notice before executing force-outs from the Plan. Some of these individuals have taken action since December 31, 2023 to move their funds from the plan, while others are currently eligible to be fully forced out. Management plans to complete the force out process for these eligible employees.

BTI360 401(k) Plan
BTI360, Inc.
12930 Worldgate Dr.
Suite 400
Herndon, VA 20170

We have audited the financial statements of the BTI360 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2023, and we will issue our report thereon dated August 1, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Ascensus Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 19, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the BTI360 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of the existing policies has not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements is the valuation methodology used to value investments at fair value. We evaluated the key factors and assumptions used to develop the aforementioned estimate in determining that it is reasonable to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of fair value measurements in Notes 2 and 3 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We detected no material misstatements and did not propose any audit adjustments that, in our judgment, could have a significant effect, either individually or in the aggregate, on the entity's financial reporting process.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We have identified reportable findings during our procedures which are included as an attachment to the Management Letter.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 1, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of the BTI360 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
BTI360 401(k) Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the BTI360 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the BTI360 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the BTI360 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the BTI360 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the BTI360 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the BTI360 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BTI360 401(k) PLAN

Notes to the Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the BTI360 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by BTI360, Inc. (the Company) effective January 1, 2004. The Plan covers substantially all employees of the Company with the exception of employees covered under a collective bargaining agreement, non-resident alien employees, and interns as defined by the Plan. There is no age or service requirement to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended in July 2022 to adopt the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, the Bipartisan American Miners (BAM) Act of 2019, and the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020.

Participant Contributions

Participants may contribute up to 100% of their eligible annual compensation on a pre-tax or Roth basis, as defined by the Plan, not to exceed the maximum allowable contributions under the IRC, which totaled \$22,500 for the year ended December 31, 2023. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions up to \$7,500, subject to limitations imposed by the Code. Participants are permitted to make rollover contributions to the Plan.

Company Contributions

The Company contributes safe harbor matching contributions equal to 100% of a participant's eligible compensation up to 6% of elective deferrals, including catch-up contributions. All employees who are eligible to participate and make elective deferrals into the Plan are eligible to receive Company safe harbor matching contributions. Company safe harbor matching contributions are calculated and remitted each pay period. Company safe harbor matching contributions totaled \$1,215,805 for the year ended December 31, 2023.

The Company may also make annual discretionary profit-sharing contributions to the Plan. Discretionary profit-sharing contributions, if any, are allocated among eligible participants based on the ratio of a participant's eligible compensation to total compensation for all eligible employees during the Plan year. Participants must be employed on the last day of the Plan year to be eligible to receive discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions made during the year ended December 31, 2023.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by the participant. Plan earnings, losses, and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BTI360 401(k) PLAN

Notes to the Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balances, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and only one note may be outstanding at any given time. The notes are collateralized by a participant's vested account balance. Note repayments are to be made through payroll deductions each pay period with interest based on the prime rate as published by the Wall Street Journal at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for reason of a primary residence can permit a longer repayment term.

Vesting

Participants are immediately vested in their contributions, including Roth elective contributions, catch-up contributions, rollover contributions and Company safe harbor matching contributions.

Vesting in the Company's discretionary profit-sharing contributions is determined in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Participants become fully vested in all discretionary profit-sharing contributions upon the attainment of normal retirement age or in the event of death, disability, or termination of the Plan.

Forfeitures

Forfeitures result from the non-vested portions of accounts of participants who terminate prior to being fully vested and are used to reduce future Company contributions to the Plan or pay administrative expenses. As of December 31, 2023 and 2022, there were no forfeitures available to offset future Company contributions or pay administrative expenses. No forfeitures were used during the year ended December 31, 2023 to reduce Company contributions or pay administrative expenses.

BTI360 401(k) PLAN

Notes to the Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN – cont'd.

Payment of Benefits

Upon termination of service, death, disability, normal retirement (age 65) or attainment of age 59 ½, a participant or his or her beneficiary, in the event of death, is entitled to a distribution of his or her vested account balance. Distributions from the Plan are payable in the form of a lump sum payment or partial payments. Upon termination, if a participant's account balance is less than \$5,000, the Plan administrator may elect to automatically distribute the participant's vested account balance. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. There were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of December 31, 2023 and 2022.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2023, the Company paid a portion of direct expenses related to the Plan's operations. The Plan paid direct expenses totaling \$1,125 during the year ended December 31, 2023.

Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities may occur in the near term that materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

**Notes to the Financial Statements
As of December 31, 2023 and 2022 and
For the Year Ended December 31, 2023**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement levels within the fair value hierarchy are based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest-bearing cash: Shares of a money market portfolio are valued using amortized cost, which approximates fair value.

BTI360 401(k) PLAN

Notes to the Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year end. Funds are traded on the active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 925,177	\$ -	\$ -	\$ 925,177
Interests in registered investment companies	27,882,264	-	-	27,882,264
Total Investments, at Fair Value	\$ 28,807,441	\$ -	\$ -	\$ 28,807,441

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 1,700,524	\$ -	\$ -	\$ 1,700,524
Interests in registered investment companies	19,172,718	-	-	19,172,718
Total Investments, at Fair Value	\$ 20,873,242	\$ -	\$ -	\$ 20,873,242

BTI360 401(k) PLAN

Notes to the Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through August 1, 2024, the date the financial statements were available to be issued, and determined that there were no material subsequent events that required disclosure.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule including assets held as of December 31, 2023 and 2022, and interest and dividend income and net appreciation in the fair value of investments for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus Trust Company (Ascensus), the Trustee of the Plan.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard, an affiliate of Ascensus as of December 31, 2023 and 2022. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. INCOME TAX STATUS

The Plan operates under a pre-approved plan document which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the IRC and therefore is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Therefore, no provision for income taxes has been included in the Plan's financial statements.

BTI360 401(k) PLAN

Notes to the Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

6. INCOME TAX STATUS – cont'd.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties, and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2023 and 2022.

The Plan is subject to routine audits by the Internal Revenue Service (IRS) and Department of Labor; however, there are currently no audits in progress for any open periods.

7. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to the Form 5500 as of December 31,:

	2023	2022
Net assets available for benefits reported on the financial statements	\$ 29,117,895	\$ 21,090,893
Participant contributions receivable	(117,062)	(84,569)
Company contributions receivable	(83,481)	(55,582)
Net assets available for benefits reported on the Form 5500	\$ 28,917,352	\$ 20,950,742

The following is a reconciliation of the decrease in net assets available for benefits reported on the financial statements to the Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits reported on the financial statements	\$ 8,027,002
Increase in Participant contributions receivable	(32,493)
Increase in Company contributions receivable	(27,899)
Net increase in net assets available for benefits reported on the Form 5500	\$ 7,966,610

8. CORRECTIVE CONTRIBUTIONS RECEIVABLE

During the year ended December 31, 2023, the Company inadvertently submitted an incorrect contribution file and associated payment to the Plan. As a result, affected participants' deferrals and associated company matching contributions were of incorrect amounts for the impacted pay period. In order to correct these operational errors, the Company made participants whole through corrective contributions in January 2024. Corrective participant contributions of \$8,806 and corrective company contributions of \$2,169 are displayed as receivables on the accompanying statement of net assets available for benefits as of December 31, 2023 and included in total participant and company contributions on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
