Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Greens Farms Academy Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Greens Farms Academy Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greens Farms Academy Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greens Farms Academy Defined Contribution Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Finance Committee
Greens Farms Academy Defined Contribution Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Greens Farms Academy Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greens Farms Academy Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Finance Committee
Greens Farms Academy Defined Contribution Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GREENS FARMS ACADEMY DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of the Greens Farms Academy Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits in compliance with the Internal Revenue Code (the IRC) under Section 403(b) for nonstudent employees of Greens Farms Academy (the School), excluding employees who normally work less than 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Employees deferring at least 2.5% but less than 3% of their compensation receive a 2.5% match. Employees deferring at least 3% but less than 3.5% of their compensation receive a 3% match. Employees deferring at least 3.5% of their compensation receive a 3.5% match. To be eligible for the matching contribution, participants must be at least 21 years of age, have completed a year of service, be deferring at least 2.5% of their compensation and have completed 1,000 hours of service during the Plan year. In addition, the School provides a fixed nonelective contribution of 5% of each participant's eligible compensation. To be eligible for the nonelective contributions, participants must be at least 21 years of age, have completed a year of service, and have completed 1,000 hours of service during the Plan year. All contributions are subject to certain limitations imposed by the Plan and the IRC.

Participant Accounts

Participants have separate accounts for employee and Employer contributions for each investment option selected. Participants may elect to have contributions invested in any or all of the funds, subject to certain limitations. Investment income is allocated to the participants' accounts regularly. Allocations of investment income and Employer contributions are based on a participant's account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF). These accounts include a variety of investment options with various objectives and degrees of financial risk.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral, rollover, and School contributions, including the earnings on those amounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their nonforfeitable account balance. Loans may be further limited based on a participant's account balances and restrictions included in annuity contracts and plan provisions. Loan terms range from 1 to 5 years except for loans to purchase a primary residence, which may be offered over a term of up to 10 years. The loans are secured by the balances in the participants' accounts and bear interest that may be fixed or variable depending on TIAA and CREF contract. The notes currently bear interest at rates ranging from 4.25% to 9.50%. Participants may not have more than three loans outstanding at any given time. Generally, principal and interest are paid ratably.

Plan Loans

Participants may borrow funds based on their unmatched pre-tax deferral accounts from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loans may be further limited based on a participant's account balances and restrictions included in annuity contracts and plan provisions. Loan terms range from 1 to 5 years, except for loans to purchase a primary residence, which may be offered over a term of up to 10 years. The loans are secured by the balances in the participant's accounts. Loans bear interest at rates that may be fixed or variable depending on the TIAA and CREF contract. The loans currently bear interest at 5.02% to 5.73%. Participants may not have more than three loans outstanding at any given time. Loans are issued directly from funds owned by Teachers Insurance and Annuity Association (TIAA) and are administered by TIAA directly with the participant outside of the Plan. Therefore, these loans are not included as assets of the Plan.

These outstanding loans were \$32,144 and \$84,175 at December 31, 2023 and 2022, respectively.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, the participant shall become entitled to the total value of his or her vested account, determined as of the valuation date. Distributions will be paid in a lump sum, installments over a number of years, or purchase of an annuity, based upon election of the participant, as defined in the Plan or the IRC.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

The Plan also provides for in-service withdrawals from deferral accounts by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Revenue Sharing

The Plan holds assets in a plan expense account which receives deposits as a result of a revenue sharing arrangement with TIAA and CREF. During 2023, deposits to the account totaled \$22,080, which are included in other income on the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified Plan expenses. For the year ended December 31, 2023, revenue sharing credits totaling \$18,674 were used to pay Plan expenses. The revenue sharing account totaled \$3,642 and \$1 as of December 31, 2023 and 2022, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution retirement plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain individual contracts included in the Plan's investment in the TIAA Traditional Annuity are considered to be fully benefit-responsive.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

GREENS FARMS ACADEMY DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 SUMMARY OF SIGNIFICANT POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Other income represents income received from revenue sharing arrangements with TIAA and CREF.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the School. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through August 19, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION BY THE CUSTODIANS

Information presented in the accompanying statements and schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived from information certified to be complete and accurate by Teachers Insurance and Annuity Association and College Retirement Equities Fund, the insurance carriers of the Plan, and Teachers Insurance and Annuity Association on behalf of TIAA Trust, N.A., a national trust bank, held as a directed trustee or custodian that were record kept by TIAA as of and for the year ended December 31, 2023 and TIAA, FSB, a federal saving association, held as a directed trustee or custodian that were record kept by TIAA for the year ended December 31, 2022, the custodians, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

GREENS FARMS ACADEMY DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Mutual funds are valued at the quoted price of shares held by the Plan at year-end.

Pooled Separate Account – The pooled separate account is stated at its net asset value as reported by the investment manager of the fund based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

Fixed Annuity Contracts – Following guidance provided by TIAA and CREF, management has determined that contract value approximates fair value for its fixed annuity contracts that are not fully benefit-responsive. Contract value represents the accumulation of contributions made under the contract, plus guaranteed and additional interest, less funds used to pay benefits and administrative expenses of the contract.

The conclusion that contract value approximates fair value for the TIAA Traditional Annuity is supported by two approaches, 1) the theoretical transfer of assets owned by a pension plan, and 2) a quantitative model based on assumptions of future interest rates and related discounted cash flows.

Differences in the credit spreads from corporate bonds are assumed to represent the overall illiquidity of the TIAA Traditional Annuity and those associated U.S. Treasury yields represent a credit spread for a highly rated insurance company. Thus, the interest rate used to discount future cash flows under a TIAA Traditional Annuity contract would approximate the contract's crediting rate and the present value would, therefore, approximate current contract value.

Because participants transact at contract value, the fair value approaches and assumptions related to the TIAA Traditional Annuity are only reviewed annually for financial reporting purposes. In determining the reasonableness of the fair value methodology, the Audit Committee of the School reviews the crediting rates on existing contracts held by the Plan, current economic conditions and rates of return, the financial status of TIAA, and CREF and similar factors that could impact the above approaches.

Variable Annuities – Variable annuities are stated at their net asset value as reported by independent pricing sources based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

There have been no changes in the methodologies used at December 31, 2023 and 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December:

2023					
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total

- (a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the year ended December 31, 2023.

Investments in pooled separate accounts and variable annuities provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 FIXED ANNUITY CONTRACTS

The TIAA Traditional Annuity consists of guaranteed fixed annuity contracts that, during the accumulation phase, provide a guarantee of principal, a guaranteed minimum interest rate, and the potential for additional discretionary interest if declared by TIAA. Additionally, the discretionary rate applied to contributions received during a reporting period may differ from the discretionary rate applied to account balances at the end of the prior reporting period. Such contracts may be converted to an annuity based on the accumulation in the account. Participants who elect to direct their contributions to this account enter into individual contracts with TIAA that provide various options.

As a result, the TIAA Traditional Annuity consists of certain individual participant contracts that are considered to be fully benefit-responsive and others that are not considered to be fully benefit-responsive because provisions in the contract contain liquidity restrictions that can limit the participant's ability to make withdrawals from the contract. The portion of the TIAA Traditional Annuity that is fully benefit-responsive is presented on the face of the statements of net assets available for benefits at contract value. The portion of the TIAA Traditional Annuity that is not considered to be fully benefit-responsive is presented on the face of the statements of net assets available for benefits at fair value, which management has determined to approximate contract value.

Certain events limit the ability of the Plan to transact at contract value with TIAA. Such events include the following: 1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

As of December 31, 2023 and 2022 , the portions of the TIAA Traditional Annuity that were fully benefit-responsive and nonbenefit-responsive were as follows:

	2023	2022
Fully Benefit-Responsive	\$ 5,993,662	\$ 5,174,416
Nonbenefit-Responsive	4,010,252	3,972,863
Total	<u>\$ 10,003,914</u>	<u>\$ 9,147,279</u>

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% to 3%. Such interest rates are reviewed on an annual basis for resetting.

GREENS FARMS ACADEMY DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of TIAA and CREF. TIAA and CREF are custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to parties-in-interest totaled \$41,959 for the year ended December 31, 2023. Certain employees of the School who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 INCOME TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2017 received from the Internal Revenue Service (IRS) on the pre-approved plan indicating that the Plan is qualified under Section 403(b) of the IRC and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
