INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Agriteer 401(k) Plan
Lititz, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of **Agriteer 401(k) Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section:

The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of **Agriteer 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Agriteer 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Agriteer 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Agriteer 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters 2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV Line 4i Schedule of Assets (Held at End of Year) and Assets (Acquired and Disposed of Within Year), as of or for the the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of **Agriteer 401(k) Plan** (formerly Binkley & Hurst 401(k) Plan and Trust). In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated January 12, 2024, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Agriteer 401(k) Plan

NOTES to FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION of PLAN

The following description of the **Agriteer 401(k) Plan** (the Plan) provides only general information. The Plan was established January 1, 1988 and was amended, and restated thereafter. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and Plan Amendments

The Plan was formerly known as Binkley and Hurst LLP 401(k) Plan and Trust and provided benefits to employees of Binkley & Hurst, LLP.

On October 1, 2022, Binkley & Hurst, LLP and MM Weaver, Inc. merged and became Agriteer, LLC.

On January 1, 2023, the Plan was restated in its entirety. As part of this restatement, the Plan formally changed its name to **Agriteer 401(k) Plan**, along with changing the Plan Sponsor to Agriteer, LLC.

As part of the restatement, MM Weaver, Inc. 401(k) Plan was merged into the Plan effective January 1, 2023. The Plan received the funds of MM Weaver, Inc. 401(k) Plan in the amount of \$2,218,018 in April 2023.

Additional amendments to the Plan with this restatement included the following:

The Plan recognized prior service with designated employees who worked for an employer who was acquired by Agriteer, LLC, which includes employees of MM Weaver, Inc. and employees of Binkley & Hurst, LLP.

The age for eligibility into the Plan was changed to age 18, from 21.

The Plan elected a safe harbor matching contribution provision which requires employer matching contributions equal to 100% of salary deferrals up to 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation. These matching contributions are determined on a payroll period basis.

The Plan amended the vesting for employer matching contributions to provide for immediate vesting in all employer matching contributions.

The Plan is following regulatory changes related to the Setting Every Community Up for Retirement Enhancement Act (SECURE Act). The Plan Sponsor intends to amend the Plan to formally incorporate these provisions by the Plan year ended December 31, 2025.

The Plan is a defined contribution plan covering substantially all employees, including leased employees, of Agriteer, LLC (the Company), who have attained age 18 and completed 1,000 hours of service within 12 months. Participants may enter the Plan on the first day of the month following the date of which the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan trustees are responsible for the oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

NOTE 1 DESCRIPTION of PLAN (Continued)

Contributions

Each year, participants may contribute up to 100 percent of annual pre tax compensation, as defined in the Plan. Participants may designate all or any portion of their deferrals as Roth Contributions. Participants who have attained age 50 by the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan included an automatic enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect a different deferral rate or opt out. The deferral rate was 3 percent of eligible compensation for automatically enrolled participants. The automatic deferral provision applied to employees hired prior to January 1, 2023.

Under the current provisions of the Plan, the Company makes a safe harbor matching contribution to all qualifying participants. The amount of the safe harbor matching contribution is noted above. The matching employer contributions are invested as directed by the participant. Matching contributions made by the Company were \$416,188 and \$160,498 for the years ended December 31, 2023 and 2022, respectively. The Company may also make profit sharing contributions. The Company did not elect to make any profit sharing contributions for the years ended December 31, 2023 and 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and company's contributions made on their behalf, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings on the contributions. Vesting in the company's non elective profit sharing contribution portion of their accounts is based on years of continuous service following a six year vesting schedule as follows:

Years of Service	Vesting Percentage
0 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rates are commensurate with prevailing rates. Principal and Interest are paid ratably through payroll deductions. Terms can range from one to five years; however, they can be for greater than five years for the purchase of a primary residence. Participants are only allowed to have two outstanding loans at a time.

NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 1 DESCRIPTION of PLAN (Continued)

Retirement Benefits and Distributions

Upon termination of service due to retirement, death, disability, or other separation of employment, a participant may elect to receive either a lump sum amount or eligible rollover distribution equal to the value of participant's vested interest in his or her account. The portion of the participant's account to which they are not vested is a "forfeiture" and allocated as a reduction of administrative expenses or employer contributions.

Hardship withdrawals are allowed from all vested account balances.

In service withdrawals of a participant's elective deferrals and vested employer contributions are permitted after the participant has obtained age 59 1/2.

If the participant's vested account balance is less than \$5,000, the vested account balance is paid out in the form of a lump sum distribution upon their termination. Rollover portions of the account are excluded in determining the \$5,000 amount. In the event of a mandatory distribution greater than \$1,000 the Plan Administrator will pay the distributions in the form of a direct rollover to an individual retirement arrangement account designated by the Plan Administrator if the participant does not elect to a direct rollover or lump sum distributions.

Forfeited Accounts

Forfeited non vested accounts total \$ 0 at both December 31, 2023 and 2022. These accounts will be used to restore participant's forfeitures, if applicable, then to reduce employer contributions or administrative expenses. In 2023 and 2022 employer contributions were reduced by \$ 0 and \$27,861, respectively, from forfeited non vested accounts.

NOTE 2 SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Contributions from employees are recorded in the period in which the Company makes authorized payroll deductions from Plan participants.

Investments held by a defined contribution plan are required to be reported at fair value, except for the fully benefit responsive investment contract. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit responsive investment contract, because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimated amounts.

Agriteer 401(k) Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 2 SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value as discussed above). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the Plan's advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends and capital gains are recorded on the ex dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. This is an immaterial departure from accounting principles generally accepted in the United States of America.

Payment of Benefits

Benefits are recorded when paid.

Employer Contributions

Employer contributions to the Plan are recognized in the period for when the Plan Sponsor has made a formal commitment to fund such amounts for the period. If applicable, contributions receivable includes legal or contractual requirements for the employer to make contributions applicable to past periods.

Administrative Expenses

Certain expenses incurred to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and is included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3 INFORMATION CERTIFIED to by CUSTODIANS (UNAUDITED)

Matrix Trust Company and CFMG Life Insurance Company were the Plan's custodians and held the Plan's assets for the period January 1, 2022, through the date of the transfer of funds. Effective January 1, 2023, American United Life Insurance Company (AUL) became the Plan's custodian coincident with the Plan's restatement on January 1, 2023, and held Plan assets through December 31, 2023. The transfer of Plan assets occurred during April 2023. The following information was certified as complete and accurate by the custodians under 29 CFR 2520.103 5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset and liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Plan assets were transferred to a new custodian during 2023 and new investment options were obtained.

Pooled Separate Accounts: Unit value calculated on the observable net asset of the underlying investments and published by the custodians.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	0	6,904,453	0	<u>6,904,453</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 5 INVESTMENT CONTRACTS with INSURANCE COMPANY

Guaranteed Investment Contract CMFG Life Stable Value

The Plan held a traditional investment contract with CUNA Mutual Retirement Solutions. This contract met the fully benefit responsive investment contract criteria and therefore was reported at contract value; which was \$265,903 at December 31, 2022. Contract value is the relevant measure for fully benefit responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed by the Plan. The crediting rate was based on a formula established by the contract issuer annually and could not be less than 0%. The crediting interest rate was 1.60% for the year ended December 31, 2022.

NOTE 5 INVESTMENT CONTRACTS with INSURANCE COMPANY (Continued)

Guaranteed Investment Contract AUL

The contract above was replaced by an investment contract (stable value account) with AUL, which also meets the fully benefit responsive investment criteria.

Effective January 1, 2023, the Plan held a traditional investment contract with AUL. This contract met the fully benefit responsive investment contract criteria and therefore was reported at contract value, which was \$1,656,830 at December 31, 2023. Contract value is the relevant measure for fully benefit responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan owns only the contract itself and does not own the underlying assets of the investment contract. The traditional investment contract is designed to accrue interest based on crediting rates established by the contract issuer.

The traditional investment contract (stable value account) held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed by the Plan. The crediting rate is established by the contract issuer annually and cannot be less than 0%. The crediting interest rate was 1.00% for the year ended December 31, 2023. The interest rates are reviewed annually and communicated 35 days prior to January 1 of each year.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options (3) bankruptcy of the Plan Sponsor, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The stable value account was subject to certain transfer and cessation restrictions as follows:

Transfers, Distributions

Amounts may be transferred from the participant's account balance in the Stable Value at any time. Withdrawals from the participant account will be made as soon as administratively feasible following withdrawal request, but no later than 5 business days following notice of withdrawal. Withdrawals are subject to a withdrawal charge unless the withdrawal is on account of a participant termination of employment (unless certain limited circumstances) or benefits paid for retirement, death, disability, hardship, loans, required minimum distributions, or 59 ½ distributions.

NOTE 6 RELATED PARTY and PARTY in INTEREST TRANSACTIONS

Certain Plan investments are units of a stable value investment contract that is managed by AUL, the custodian. Therefore, these transactions qualify as a party in interest transaction and are denoted as such on the supplemental Schedule H, Part IV Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2023. Administrative fees paid to the custodian by the Plan totaled \$ 0 for the year ended December 31, 2023.

There were no administrative fees paid to the custodian for the Plan year ended December 31, 2022, that qualified as a related party transaction.

As previously discussed, the Plan may issue loans to participants that are secured by participant account balances. The values of the outstanding notes receivable were \$23,346 and \$23,370 as of December 31, 2023 and 2022, respectively. Interest income received on participant loans was \$1,434 and \$1,102 for the years ended December 31, 2023 and 2022, respectively. All of these transactions qualify as party in interest transactions.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 TAX STATUS

Effective January 1, 2023, the Plan adopted a Non Standardized Pre Approved Plan which received an opinion letter on November 30, 2020, in which the IRS stated that the Non Standardized Pre Approved Plan, as then designed was in accordance with applicable requirements of the Internal Revenue Code (IRC). Therefore, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and believes that the Plan is qualified, and the related trust is tax exempt.

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

Subsequent events were evaluated through September 26, 2024, which is the date the financial statements were available to be issued.
