Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan
Corpus Christi, TX

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kennedy Wire Rope & Sling Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the accompanying index as of or for the years ended December 31, 2023 and 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KENNEDY WIRE ROPE & SLING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1 – DESCRIPTION OF PLAN

The Plan is designed to hold and invest Plan assets for retirement benefits of the Plan participants. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2014. The plan has been restated effective November 30, 2015. The Plan is a defined contribution plan covering all employees of the Company except: union employees and non-resident aliens. Participants become eligible to participate in salary deferrals and employee contributions quarterly when they attain age 21. The minimum age requirement does not apply to those participants hired by the Company prior to November 1, 2014.

Contributions

Each year, participants may contribute a dollar or percentage amount by which the participant has elected to reduce his or her compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Plan provides for discretionary employer contributions. Discretionary employer contributions were made in 2023 matching 50% on the first 6% an employee contributes totaling \$241,388.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate ("opt out") in the Plan. The default automatic contribution for new employees who do not make a timely election when they first become eligible (either to contribute or to opt out) is 3% of eligible compensation. Each year thereafter, the contribution level is increased (unless the participant chooses a different contribution level) by 1%, until it reaches the maximum automatic rate of 6%. The amount is automatically withheld each pay period and contributed to the participant's plan account. Participants can change their contributions election at any time up to 92% of compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, if any and (b) plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant is entitled only to the benefit that can be provided from the participant's vested account.

Note 1 – DESCRIPTION OF PLAN - (Continuation)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus one percentage point. Principal and interest are paid ratably through weekly and semi-monthly payroll deductions.

Vesting

Participants are immediately vested in elective contributions, rollover contributions, and transfer contributions, plus or minus any earnings or losses. Any contribution not listed in the previous sentence will vest as follows:

<u>YEARS OF SERVICE</u>	<u>VESTING PERCENTAGE</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Benefits are paid upon termination, retirement, or disability. Normal retirement age under the Plan is sixty-five. Benefits are normally paid in a lump sum. The participant may elect an alternative form of payment.

Forfeited Accounts

Forfeitures will be allocated in the following order: (1) restoration of participant's forfeitures; (2) to offset Plan expenses; (3) to reduce the Employer's matching contribution. During the years ended December 31, 2023 and 2022 forfeitures reduced Employer match contributions for \$1,481 and \$3,107, respectively.

Note 2 – SUMMARY OF ACCOUNTING POLICIE

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accounting records of the Plan are maintained on the accrual basis.

Date of Management's Review

The Plan has evaluated subsequent events through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Note 2 – SUMMARY OF ACCOUNTING POLICIES – (Continuation)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized gains or losses and unrealized appreciation or depreciation on investments bought and sold as well as held during the year. Gains and losses on the sale of investments in registered investment company funds are computed using the weighted average cost method. The fixed annuities in the general accounts are reported at contract value which approximates fair value. The contract value of the fixed annuities in the general accounts equal the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The plan administrator believes that contract value is the appropriate determination of fair value for the fixed annuities in the general accounts.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant accounts are reclassified as distributions based upon the terms of the plan document. The fair value disclosures for the financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Employer. All asset-based fees and fee sharing arrangements are required to be disclosed to the Plan sponsor. Plan investment fund management and advisory fees are asset-based fees charged to fund investors. These fees and expenses are not separately reflected in the financial statements because they are deducted directly from income earned by the fund investments before being allocated to participant accounts. These fees are reflected as a reduction of investment return for such fund investments.

Note 3 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data prepared and certified to as complete and accurate by the trustee, Empower Annuity Insurance Company of America:

	DECEMBER 31,	
	2023	2022
Investments:		
Mutual Funds, at Fair Value	4,783,797	3,400,986
Fixed Annuity, at Contract Value	29,066	105,705
TOTAL INVESTMENTS	4,812,863	3,506,691
Investment Income:		
Net Appreciation (Depreciation) in Fair Value of Investments	605,729	(639,358)
TOTAL INVESTMENT INCOME (LOSS)	605,729	(639,358)

Note 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 input to the valuation methodology is unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

Following is a description of the valuation methodologies used at December 31, 2023 and 2022 for assets measured at fair value:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

The fair value of the annuity fixed account is calculated daily based on the quoted prices obtained for the underlying mutual fund which is then adjusted to apply the expense factors disclosed in the group annuity contract (formula-calculated unit value). The formula-calculated unit value is then compared, the following morning, to an accounting-driven unit determined in a manner similar to a mutual fund Net Asset Value (NAV) calculation. Any discrepancies between the two unit values are resolved to ensure the record keeping system reflects the accurate value for the day.

Net Asset Value as Practical Expedient Measurements

Collective trust funds are composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

The following table presents the Plan's assets at fair value by level within the fair value hierarchy at December 31, 2023 and 2022:

	FAIR VALUE MEASUREMENTS USING: QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS (LEVEL 1)	
	TOTAL	
<u>DECEMBER 31, 2023</u>		
Mutual Funds	4,783,797	4,783,797
TOTAL	4,783,797	4,783,797
<u>DECEMBER 30, 2022</u>		
Mutual Funds	3,400,986	3,400,986
TOTAL INVESTMENTS	3,400,986	3,400,986

Note 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has benefit-responsive group annuity investment contracts with Empower Annuity Insurance Company of America. The group annuity contracts are traditional investments comprised of fixed annuities in sub-accounts that invest in shares of underlying mutual funds.

Investments in the Fixed Annuity Account

The investment vehicles of the fixed annuity accounts are the EI Fixed Account formerly the GWI Fixed Account – Series Class I. This vehicle is benefit responsive and contributions are maintained in a general account. The methodology for calculating the interest crediting rates are based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated under the contracts, and prevailing market conditions. The interest crediting rates are reset quarterly.

As described in Note 1, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The contracts are included in the financial statements at contract value, which is equal to fair value, as reported to the Plan by Empower. Contract values represent contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The EI Fixed Account – Series Class I fund provides a guarantee of the principals, backed by the entire general account assets of Empower and guaranteed quarterly interest rates.

Note 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY – (Continuation)

There are no reserves against contract value for credit risk of the contract issuers or otherwise. At December 31, 2023 and 2022, the fair value of the fixed annuity account with Empower was \$29,066 and \$105,705, respectively. The crediting interest rates are based on formulas agreed upon with the issuers, but they may not be less than zero percent.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 – TRANSACTIONS WITH RELATED PARTIES AND PARTIES-IN-INTEREST

Certain Plan investments are managed by Empower Annuity Insurance Company of America is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are for the years ended December 31, 2023 and December 31, 2022, amounted to \$12,664 and \$9,749.

Note 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions ERISA. In the event of Plan termination or complete discontinuance of contributions, participants will become 100% vested in their account.

Note 9 – TAX STATUS

The plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and thus, the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan's evaluation was performed for the tax periods ended December 31, 2021 through 2023, the tax years which principally remain subject to examination by major tax jurisdictions as of December 31, 2023.
