Independent Auditors' Report

To the Plan Administrator of the
Servotronics, Inc. 401(k) Profit Sharing Plan & Trust
Elma, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Servotronics, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is

not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Servotronics, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

1. Description of the Plan

The following description of the Servotronics, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan with a 401(k) feature covering substantially all employees of Servotronics, Inc. (the “Company” or “Plan Administrator”), who are age eighteen or older. There is no service requirement.

The Plan was established effective April 1, 2000 and was subsequently amended most recently on September 1, 2021 to increase the employer match. The Board of Directors is responsible for oversight of the Plan.

Contributions – Participants may elect to make salary-reducing contributions to the Plan of a specific percentage or dollar amount up to 92% of their annual compensation as a pre-tax or Roth contribution, limited by the amount imposed by law. Participants who are 50 years and older are eligible to make catch-up contributions. Elective deferral contributions shall be limited as needed to meet nondiscrimination tests. Participants may also make rollover contributions from other qualified plans. Rollovers into the Plan amounted to \$75,548 and \$77,869 for the years ended December 31, 2023 and 2022, respectively.

The Plan Administrator made matching contributions equal to 75% of the first 4% of participant compensation contributed for the years ended December 31, 2023 and 2022. The Plan Administrator may also make discretionary contributions subject to certain limitations. The Plan Administrator did not make discretionary contributions for the years ended December 31, 2023 and 2022.

Participant Accounts – An account is maintained for each participant in the Plan. This account is credited with the participant’s contributions, the Plan Administrator’s contributions and earnings on the participant-directed investments. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants direct where their funds are to be invested.

Vesting – Participants are immediately vested in both their contributions and the Plan Administrator’s contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, 95% of one-half of their vested account balance, or 95% of their total vested account balance excluding the Roth Elective Deferral balance. A participant may have no more than two loans outstanding at one time. The loans are secured by the balance in the participant’s account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Servotronics, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits – Upon termination of service due to retirement, death, disability or as required by law, a participant may elect to receive annual installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. For termination of service due to other reasons, a participant may receive the amount equal to the vested value of their account as a lump-sum. The Plan permits in-service distributions for participants older than age 59½. Participants may also apply for a hardship withdrawal by certifying to the Plan Administrator all of the required criteria with documentation substantiating the hardship.

Tax Status – The Plan uses a prototype plan document sponsored by Paychex, Inc. Paychex, Inc. received an opinion letter from the Internal Revenue Service (“IRS”) dated August 31, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received the determination letter, the Plan Administrator and the Plan’s tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Plan Termination – Although it has not expressed any intent to do so, the Plan Administrator reserves the right under the Plan document to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Valuation of Investments and Income Recognition – Investments are stated at fair value as certified by the custodian, Mid Atlantic Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Servotronics, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in investment income (loss).

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events and transactions for recognition or disclosure, through September 23, 2024, the date the accompanying financial statements were made available to be issued and determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Custodian (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by the custodian, Mid Atlantic Trust Company.

Servotronics, Inc. 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements (continued)

3. Information Certified by the Custodian (Unaudited) (continued)

The Plan has obtained certifications from Mid Atlantic Trust Company that the following information is complete and accurate as of and for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Assets as of:		
Mutual funds	\$ 8,300,688	\$ 7,165,644
Common collective investment trust	<u>278,716</u>	<u>232,240</u>
	<u>\$ 8,579,404</u>	<u>\$ 7,397,884</u>
Transactions for the year ended:		
Net appreciation (depreciation) in fair-value of investments	\$ 964,466	\$ (1,654,031)
Dividends and other	<u>278,019</u>	<u>263,532</u>
	<u>\$ 1,242,485</u>	<u>\$ (1,390,499)</u>

4. Fair-Value Measurements

The framework for measuring fair value provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2023 or 2022.

Servotronics, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (continued)

4. Fair-Value Measurements (continued)

The asset or liability's fair-value measurement level within the fair-value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Investment Trust: The common collective investment trust is a pooled investment vehicle sponsored and maintained by a trust company and is made up of a variety of stable value investment contracts, including conventional guaranteed investment contracts and synthetic investment contracts, as well as cash and cash equivalents. The common collective investment trust is valued daily based on the market value of the underlying assets, with fair value determined by dividing the fair value of the common collective investment trust's net assets by the total number of units owned.

The preceding methods described may produce fair-value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2023 and 2022, and indicates the fair-value hierarchy of the valuation techniques utilized to determine such fair value:

	<u>2023</u>	<u>2022</u>
Level 1:		
Mutual funds	\$ 8,300,688	\$ 7,165,644
Level 2:		
Common collective investment trust	<u>278,716</u>	<u>232,240</u>
Total investments valued at fair value	<u>\$ 8,579,404</u>	<u>\$ 7,397,884</u>

Independent Auditors' Report

To the Plan Administrator of the
Servotronics, Inc. 401(k) Profit Sharing Plan & Trust
Elma, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Servotronics, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is

not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Servotronics, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan with a 401(k) feature covering substantially all employees of Servotronics, Inc. (the “Company” or “Plan Administrator”), who are age eighteen or older. There is no service requirement.

The Plan was established effective April 1, 2000 and was subsequently amended most recently on September 1, 2021 to increase the employer match. The Board of Directors is responsible for oversight of the Plan.

Contributions – Participants may elect to make salary-reducing contributions to the Plan of a specific percentage or dollar amount up to 92% of their annual compensation as a pre-tax or Roth contribution, limited by the amount imposed by law. Participants who are 50 years and older are eligible to make catch-up contributions. Elective deferral contributions shall be limited as needed to meet nondiscrimination tests. Participants may also make rollover contributions from other qualified plans. Rollovers into the Plan amounted to \$75,548 and \$77,869 for the years ended December 31, 2023 and 2022, respectively.

The Plan Administrator made matching contributions equal to 75% of the first 4% of participant compensation contributed for the years ended December 31, 2023 and 2022. The Plan Administrator may also make discretionary contributions subject to certain limitations. The Plan Administrator did not make discretionary contributions for the years ended December 31, 2023 and 2022.

Participant Accounts – An account is maintained for each participant in the Plan. This account is credited with the participant’s contributions, the Plan Administrator’s contributions and earnings on the participant-directed investments. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants direct where their funds are to be invested.

Vesting – Participants are immediately vested in both their contributions and the Plan Administrator’s contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, 95% of one-half of their vested account balance, or 95% of their total vested account balance excluding the Roth Elective Deferral balance. A participant may have no more than two loans outstanding at one time. The loans are secured by the balance in the participant’s account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits – Upon termination of service due to retirement, death, disability or as required by law, a participant may elect to receive annual installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. For termination of service due to other reasons, a participant may receive the amount equal to the vested value of their account as a lump-sum. The Plan permits in-service distributions for participants older than age 59½. Participants may also apply for a hardship withdrawal by certifying to the Plan Administrator all of the required criteria with documentation substantiating the hardship.

Tax Status – The Plan uses a prototype plan document sponsored by Paychex, Inc. Paychex, Inc. received an opinion letter from the Internal Revenue Service (“IRS”) dated August 31, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received the determination letter, the Plan Administrator and the Plan’s tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Plan Termination – Although it has not expressed any intent to do so, the Plan Administrator reserves the right under the Plan document to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Valuation of Investments and Income Recognition – Investments are stated at fair value as certified by the custodian, Mid Atlantic Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in investment income (loss).

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events and transactions for recognition or disclosure, through September 23, 2024, the date the accompanying financial statements were made available to be issued and determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Custodian (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by the custodian, Mid Atlantic Trust Company.

3. Information Certified by the Custodian (Unaudited) (continued)

The Plan has obtained certifications from Mid Atlantic Trust Company that the following information is complete and accurate as of and for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Assets as of:		
Mutual funds	\$ 8,300,688	\$ 7,165,644
Common collective investment trust	<u>278,716</u>	<u>232,240</u>
	<u>\$ 8,579,404</u>	<u>\$ 7,397,884</u>
Transactions for the year ended:		
Net appreciation (depreciation) in fair-value of investments	\$ 964,466	\$ (1,654,031)
Dividends and other	<u>278,019</u>	<u>263,532</u>
	<u>\$ 1,242,485</u>	<u>\$ (1,390,499)</u>

4. Fair-Value Measurements

The framework for measuring fair value provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2023 or 2022.

Notes to Financial Statements (continued)

4. Fair-Value Measurements (continued)

The asset or liability's fair-value measurement level within the fair-value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Investment Trust: The common collective investment trust is a pooled investment vehicle sponsored and maintained by a trust company and is made up of a variety of stable value investment contracts, including conventional guaranteed investment contracts and synthetic investment contracts, as well as cash and cash equivalents. The common collective investment trust is valued daily based on the market value of the underlying assets, with fair value determined by dividing the fair value of the common collective investment trust's net assets by the total number of units owned.

The preceding methods described may produce fair-value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2023 and 2022, and indicates the fair-value hierarchy of the valuation techniques utilized to determine such fair value:

	2023	2022
Level 1:		
Mutual funds	\$ 8,300,688	\$ 7,165,644
Level 2:		
Common collective investment trust	278,716	232,240
Total investments valued at fair value	\$ 8,579,404	\$ 7,397,884
