INDEPENDENT AUDITOR'S REPORT

To the Plan Management of the
Investing Together In Your Future Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Investing Together In Your Future Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Investing Together In Your Future Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Investing Together In Your Future Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Investing Together In Your Future Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Investing Together In Your Future Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Investing Together In Your Future Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, as identified in the table of contents, as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INVESTING TOGETHER IN YOUR FUTURE PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT PROVISIONS OF THE PLAN

The following brief description of the Investing Together In Your Future Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document and to the summary plan description for complete information.

General

The Plan is a defined contribution savings plan pursuant to Section 401(k) of the Internal Revenue Code covering substantially all employees of Green Peak Industries, LLC (the Company and/or Plan Sponsor). In September of 2022, Green Peak Industries, LLC acquired 3Fifteen Cannabis and those employees are now eligible for participation the Plan. Eligibility for employee and employer contributions will be upon the first day of each plan quarter coincident with or next following the date the employee attains age 18. Eligibility of profit sharing contributions includes completing a 1,000 hours of service and being employed on the last day of the Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year a participant may contribute to the 401(k) portion of their account, via salary deferral, a percent of pre-tax annual compensation subject to certain IRS limitations. Roth deferral contributions into the Plan are permitted. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company made matching contributions of \$387,178 and \$442,320 for the years ended December 31, 2023 and 2022, respectively. This represented 100% of the participant's salary deferral contributions up to 3% of compensation, and 50% of the participant's salary deferral contributions for the next 2% of compensation, so the maximum matching contribution is 4% of compensation for the years ended December 31, 2023 and 2022. The employer may elect annually to make additional discretionary profit-sharing contributions which shall be allocated to each eligible employee in proportion to their compensation as a percentage of the compensation of all eligible employees. There was \$0 of discretionary profit-sharing contributions for the years end December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contributions, (b) the Company's discretionary contributions (if any), (c) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Hardship Withdrawals

A participant may elect to withdraw the balance of their 401(k) elective deferral or employer matching contribution portion of their account provided such withdrawal is to meet the immediate and significant financial need of the participant, pursuant to the guidelines issued by the Internal Revenue Service.

Vesting

Participants are fully vested in their 401(k) elective deferrals, rollover contributions, and employer match portion of their account at all times. Vesting in their company discretionary profit-sharing contribution accounts portion is based on years of continuous service. A participant is 100% vested after three years of credited service.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - SIGNIFICANT PROVISIONS OF THE PLANS (continued)

Forfeitures

Forfeitures, as a result of corrections made by the Plan Sponsor for previous year errors, totaled \$7,916 and \$4,474 at December 31, 2023 and 2022, respectively. These accounts will be used based on employer discretion to reduce future employer contributions or pay plan expenses. During 2023 and 2022, \$45 and \$0, respectively, were used to reduce administrative expenses. Forfeitures used to reduce employer contributions during the years 2023 and 2022 were \$0.

Notes Receivable from Participants

The Plan does not allow for participant loans.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Payments from the vested account of a participant generally commence upon attainment of normal retirement age (59 1/2), disability, or to beneficiaries upon death of the participant. A participant may elect to receive their benefits as either a lump-sum or installment payments over a specified number of years. If the participant's accrued benefit is equal to or less than \$5,000 at the time of participant's separation from service, the amount will be distributed in a single payment.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements have been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America. The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions. Such estimates and assumptions primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit responsive investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Benefits are recorded when paid.

INVESTING TOGETHER IN YOUR FUTURE PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

The Plan evaluates events and transactions that occur after year end for potential recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through August 16, 2024, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Pooled Separate Accounts:* Valued at the NAV of units of each pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no restrictions for a full redemption of each pooled separate account.

**INVESTING TOGETHER IN YOUR FUTURE PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts are measured at net asset value, therefore no investments held by the Plan are subject to the leveling tables. The leveling tables are not applicable to the Investing Together In Your Future Plan financial statements.

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2023 and 2022:

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 3,848,507	n/a	Daily	None
<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 2,890,418	n/a	Daily	None

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract (Stable Value Fund) with Transamerica Life Insurance Company. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate. The crediting interest rate is reset every six months. The guaranteed rate of interest shall not change during the six-month period for which it is in effect.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was approximately 1.39% and 0.86% for the years ended December 31, 2023 and 2022, respectively.

INVESTING TOGETHER IN YOUR FUTURE PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events might limit the Plan's ability to transact at contract value with National. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of plan financial information and data certified by the plan custodian, Transamerica Life Insurance Company, in accordance with Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Statements of net assets available for benefits as of December 31:

The supplemental schedule of assets (held at end of year) is derived from information certified by the custodian.

INVESTING TOGETHER IN YOUR FUTURE PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan by resolution of its Board of Directors. In the event the Plan is terminated for any reason, the accounts of all affected participants shall thereupon become fully vested and nonforfeitable. No amounts contributed to the Plan nor the earnings thereon shall revert to the Company; all assets shall be used for the exclusive benefit of participants and their beneficiaries.

NOTE 8 - INCOME TAXES

The Plan has adopted the prototype standardized plan of Kushner & Company Inc. The prototype plan sponsor has obtained a determination letter in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RELATED-PARTY TRANSACTIONS

Plan investments include shares of separate accounts managed by Transamerica Life Insurance Company, the custodian, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative expenses of the Plan are paid directly by the sponsor and are not charged to the Plan.
