INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
MasterMold LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of MasterMold LLC 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Reliance Trust Company as of December 31, 2023 and for the period from November 17, 2023 to December 31, 2023, and Nationwide Trust Company, FSB and Nationwide Life Insurance Company as of December 31, 2022 and for the period from January 1, 2022 to November 16, 2023 stating that the certified investment information, as described in Noted 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

MasterMold LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - MasterMold LLC 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through September 24, 2024, which is the date the financial statements were available to be issued.

Key parties of the plan - MasterMold LLC is the plan sponsor, employer and plan administrator. Prior to November 17, 2023, Nationwide Trust Company, FSB was the investment agent that maintained investment and participant records and held custody of the mutual fund investments and Nationwide Life Insurance Company ("NLIC") was the investment agent that held custody of the fixed select investment option. The two investment agents were collectively referred to as "Nationwide". Effective November 17, 2023, Reliance Trust Company ("Reliance Trust") became custodian of plan assets and Transamerica Retirement Solutions, LLC ("Transamerica") assumed the responsibilities of recordkeeper for the plan and maintains investment and participant records. Definiti LLC is the third party administrator that maintains plan documents and tax counsel that performs various compliance tests. Three officers of the plan sponsor act as plan trustees. Amicus Wealth Advisory Group is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold, and held during the years, are reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash - Consists of cash deposits with various banks and other financial institutions through agreements with Reliance Trust. Such deposits generally earn interest consistent with money market rates. The cash deposits may be withdrawn at any time without prior notice or penalty. Interest-bearing cash is stated at cost plus accrued interest, which approximates fair value.

MasterMold LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trusts - The common/collective trusts held by the plan are single direct filing entities and are valued at their NAVs as certified by Reliance Trust. The NAVs are used as practical expedients to estimate fair values and are generally based on the fair values of the underlying investments held by the common/collective trusts less their liabilities. The practical expedient would not be used if it is determined to be probable that the funds would sell the investments for an amount different from the reported NAVs.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 2,475	\$ -	\$ -	\$ 2,475
Mutual funds	231,057	-	-	231,057
Total investments in the fair value hierarchy	\$ 233,532	\$ -	\$ -	233,532
Investments measured at NAV (a)				2,285,943
Total investments at fair value				\$2,519,475

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$1,704,642	\$ -	\$ -	\$1,704,642
Total investments in the fair value hierarchy	\$1,704,642	\$ -	\$ -	\$1,704,642

(a) In accordance with GAAP, certain investments that are measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	\$2,285,943	n/a	Daily	n/a

Investment at contract value - The plan offered a fully benefit-responsive fixed select investment option through NLIC. NLIC maintained the contributions made to this investment option in a general account. NLIC was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The interest crediting rate was reset quarterly.

MasterMold LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by NLIC, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract did not have a maturity date and there were no contract provisions that required a distribution at contract value at any specific time. There was no market value adjustment from contract value at the time of liquidation.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on January 1, 2018 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees that reach 18 years of age are eligible to make elective contributions once they have completed two months of service. Employees are allowed to enter the plan on the first day of the month immediately following meeting these eligibility requirements. To receive discretionary employer contributions, employees must also be employed on the last day of the year and have completed 1,000 hours of service during the plan year to which the contributions relate.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages or a set amount per pay period, subject to certain limitations (elective deferral contributions). The plan also allows Roth elective deferral contributions. Upon meeting the eligibility requirements, employees are automatically enrolled in the plan and have 2% of compensation withheld as elective deferral contributions. These participant deferral percentages automatically increase by 1% each year on January 1 until they reach a maximum of 6%. Such employees have the option to increase, decrease, or stop the deferral by completing the necessary documentation.
- b. Participants may make rollover contributions to the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. The discretionary matching contributions are funded on an annual basis, subsequent to the year to which the contributions relate. Contributions declared equated to approximately \$0.50 of every \$1.00 contributed to the plan by employees, up to 6% of an employee's compensation during 2023 and 2022.
- d. Employer profit sharing contributions may be made at the employer's discretion. No such contributions were made for 2023 or 2022.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings upon completing two years of service at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement, participants become 100% vested.

MasterMold LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon death, disability, retirement or termination of employment. Participants generally receive the distribution of their accrued benefits in the form of a single lump sum payment. Hardship withdrawals are allowed under certain circumstances and in-service distributions are permitted after reaching age 59½.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. Forfeitures used to pay administrative expenses were \$6,000 in 2023 and \$7,000 in 2022. Unapplied forfeitures were \$2,000 as of December 31, 2023 and 2022.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer and not included in these financial statements. Certain other fees are paid using plan assets and recorded as administrative expenses in these financial statements. Such expenses include participant directed charges for distributions fees and nonparticipant directed charges for service and administrative fees. Substantially all nonparticipant directed charges were paid using forfeiture amounts during 2023 and 2022.

Notes receivable from participants - Loans to participants are not permitted by the plan.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

4. INCOME TAX STATUS

The plan is operating under a National Administration, Inc. non-standardized pre-approved profit sharing plan that received a favorable opinion letter dated June 30, 2020. The letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investment options are managed by the custodians (or affiliates of the custodians, as defined in Note 1). The custodians also provide certain administrative services to the plan pursuant to service agreements between the plan sponsor and custodians and therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the plan to Nationwide for investment management services were \$15,000 in 2023 and \$11,000 in 2022. These direct fees are recorded as a reduction of net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits. Direct fees paid by the plan to Reliance Trust for investment management services were insignificant in 2023. In addition, the custodians receive indirect compensation from mutual fund providers for services provided to the funds. This indirect compensation is used to offset certain amounts that would otherwise be owed by the plan for administrative services. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. INFORMATION CERTIFIED BY THE CUSTODIANS

Management has obtained certifications from Reliance Trust and Nationwide, which are qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair and contract values of such as of December 31, 2023 and 2022;
- b. Dividend and interest income from investments and net appreciation (depreciation) in fair value of investments during 2023 and 2022; and
- c. Contributions to, withdrawals from, purchases, sales and transfers between investment accounts during 2023 and 2022.
