Independent Auditors' Report

To the Plan Administrator of
Collaborative for Children 403(b) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Collaborative for Children 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Collaborative for Children 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Collaborative for Children 403(b) Retirement Savings Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As discussed in Note 8, Collaborative for Children 403(b) Retirement Savings Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Collaborative for Children 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Collaborative for Children 403(b) Retirement Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Collaborative for Children 403(b) Retirement Savings Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and the supplemental schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Collaborative for Children 403(b) Retirement Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan and was established on November 1, 2004, covering substantially all employees of Collaborative for Children (Collaborative) excluding nonresident aliens, student employees, per diem employees and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan provides for both participant and employer contributions as follows:

- *Participant contributions* – Participants may contribute up to 100% of their compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (the Code). The Plan allows catch-up contributions, as defined by the Code, for participants who have attained the age of 50 prior to the end of the year. Participants also may rollover any amounts they receive as distributions from another qualified plan into their individual account. All new participants automatically defer 3% of compensation each pay period, unless the participant elects not to defer or to defer an alternate amount and all participants are allowed to make after-tax Roth contributions to the Plan.
- *Employer contributions* – For all eligible employees who have completed 90 days of service, Collaborative may elect to make discretionary matching and nonelective contributions. The discretionary nonelective contribution is available to all eligible participants who are employed on the last day of the plan year and who have completed 1,000 hours of service. The discretionary nonelective contribution is allocated based on the ratio of each participant's compensation within classifications, as defined in the Plan. Collaborative elected to make a matching contribution equal to 100% of the participant's contribution that does not exceed 6% of the participant's compensation, as defined by the Plan, and elected not to make a nonelective contribution to the Plan for the 2023 plan year.

Participants direct the investment of all contributions into the various investment options offered by the Plan.

Vesting – Participants are immediately 100% vested in their contributions, rollover contributions, and actual earnings thereon. Vesting in employer contributions plus actual earnings thereon is based on years of continuous service. Participants become 25% vested after one year of credited service, 50% vested after two years of credited service, and 100% vested after three years of credited service.

Participant accounts – Each participant's account is credited with the participant's contributions, the employer contributions, and an allocation of the investment earnings and expenses for each fund in which their account is invested. Allocations of investment income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The only benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance in the preceding one-year period or 50% of their vested account balance. Each loan is secured by the balance in the participant's account. Participants may only have one outstanding loan at any time. Loan terms range from one to five years, unless for purchase of a principal residence, for which loan terms may range up to 15 years.

Benefit payments – The Plan provides for benefit distributions to plan participants or their beneficiaries, equal to the vested balance of their accounts upon death, disability, retirement, or other termination of employment. Participants may withdraw a portion or all of their accounts which are 100% vested, while still employed, upon reaching the age of 59½. Additionally, participants may qualify for a hardship withdrawal of their accounts which are 100% vested, while still employed, for the purpose of immediate and heavy financial needs, as defined in the Plan document.

Forfeitures – The Plan uses any amounts forfeited to pay plan expenses or to reduce future employer contributions. At December 31, 2023 and 2022, the balance of unutilized forfeitures and related earnings was \$20,477 and \$13,011. During the year ended December 31, 2023, forfeitures of \$8,370 were used to pay plan expenses and \$533 were used to reduce employer contributions.

Plan termination – Although it has not expressed any intent to do so, Collaborative has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment adviser and insurance company. See Note 6 for discussion of fair value measurements.

The Plan invests in fully benefit-responsive investment contracts and reports these investments at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions from Plan participants and employer matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Benefit payments – Benefit payments to participants are recorded upon distribution.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by Collaborative and are excluded from these financial statements. Certain investment management fees are included in net appreciation in fair value of investments. Other investment-related and recordkeeping expenses paid by the Plan are included in administrative expenses.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions. Actual results could vary from the estimates that were used.

NOTE 3 – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the listing of Section 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

NOTE 4 – INVESTMENTS

At December 31, 2023, certain assets of the Plan were invested in funds managed by The Variable Annuity Life Insurance Company (VALIC), as an insurance company of the Plan, and The Vanguard Group, Inc., a recordkeeper of the Plan. These transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

Individual investments that represent 10% or more of the Plan's net assets as of December 31 are as follows:

	<u>2023</u>	<u>2022</u>
Fixed Account Plus	\$430,742	\$517,198
Vanguard Institutional Target Retirement 2035 Fund	\$310,646	\$427,449

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

NOTE 5 – INFORMATION CERTIFIED BY INSURANCE COMPANY AND CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by VALIC, as an insurance company of the Plan, and Ascensus Trust Company, a custodian of the Plan.

NOTE 6 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy that prioritizes inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity's assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at December 31, 2023 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Investments measured at fair value:				
Mutual funds	\$ <u>1,591,498</u>	\$ <u>0</u>	\$ <u>0</u>	\$ 1,591,498
Investments measured at net asset value as practical expedient:				
Registered separate accounts (a)				<u>650,057</u>
Total				<u>\$ 2,241,555</u>

Assets measured at fair value at December 31, 2022 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Investments measured at fair value:				
Mutual funds	\$ <u>1,844,327</u>	\$ <u>0</u>	\$ <u>0</u>	\$ 1,844,327
Investments measured at net asset value as practical expedient:				
Registered separate accounts (a)				<u>654,044</u>
Total				<u>\$ 2,498,371</u>

The VALIC Separate Account A is registered under the Securities Exchange Act of 1940 and is valued at net asset value per share as determined by VALIC based on the market value of the underlying mutual funds. The investment accounts included in the registered separate accounts consist of (1) equity accounts, (2) fixed-income accounts, (3) asset allocation accounts, (4) money market accounts, and (5) global and international equity accounts. Equity accounts seek a favorable rate-of-return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of U. S. common stocks. Fixed-income accounts seek a favorable long-term rate-of-return primarily through high current income consistent with preserving capital and inflation indexed bonds whose returns are designed

to track a specified inflation index over the life of the bond. Asset allocation accounts seek capital appreciation and current income by investing in a target allocation of equity and fixed-income funds based on risk profiles of the account. Money market accounts are invested in high current income funds consistent with maintaining liquidity and preserving capital. Global and international equity accounts seek a favorable long-term rate-of-return through capital appreciation and income from broadly diversified portfolios that consist primarily of foreign and domestic equity securities. For the accounts, there are no participant-directed redemption restrictions; however, the Plan is required to provide a notice 60 days in advance to liquidate its entire share in the investments. In addition, VALIC contracts retain the right to defer payments in the event of certain emergency conditions. Redemptions can be made daily and there are no unfunded commitments.

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2023 and 2022.

- *Mutual funds* are valued at the net asset value (NAV) of the shares held by the Plan at year end.
- *Registered separate accounts* are valued at the NAV of the shares held by the Plan. The NAV is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

NOTE 7 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with VALIC. The contract has variable investment options and fixed interest options. Contributions to the variable investment options are based upon investment funds available within VALIC Separate Account A, which invests in various investment funds, each with different investment objectives. There is a daily charge against the VALIC Separate Account A at annual rates ranging from 1% to 1.25% of the average daily net asset value of the VALIC Separate Account A, based upon the variable investment option in which accounts are invested.

Fixed interest contributions are maintained by VALIC in the VALIC General Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. VALIC declares a current interest rate each calendar month and establishes a pool rate at the beginning of each calendar year.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 8 – NET ASSETS AVAILABLE FOR BENEFITS

The provisions of ERISA for plan years beginning after January 1, 2009 related to Section 403(b) plans were amended to include an audit requirement for large plans (generally those with 100 participants or more). Prior to that time, Collaborative did not routinely receive participant account records from the third-party administrator. Further, Collaborative's record retention policies did not result in the maintenance of payroll records dating to the inception of the Plan. As a result, adequate documentation was not available for the Plan to verify the proper balance of net assets available for benefits at December 31, 2018, which was the first year an audit was required.

NOTE 9 – SUBSEQUENT EVENTS

Effective January 1, 2024, the Plan was amended to increase the Plan's automatic enrollment deferral rate from 3% to 6%.

Management has evaluated subsequent events through September 23, 2024, which is the date that the financial statements were available for issuance. As a result of this evaluation, no other events were identified that are required to be disclosed or would have a material impact on reported net assets available for benefits or changes in net assets available for benefits.
