INDEPENDENT AUDITOR'S REPORT

To the 401k Committee
Invenergy LLC 401k Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Invenergy LLC 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Invenergy LLC 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Invenergy LLC 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Invenergy LLC 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Invenergy LLC 401k Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Invenergy LLC 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INVENERGY LLC 401K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 – Description of Plan

The following description of the Invenergy LLC 401k Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by a controlled group consisting of Invenergy LLC, Invenergy Services LLC, and Vantage Wind Energy LLC along with participating employers Grays Harbor Energy LLC and Invenergy Services Thermal US LLC (collectively, "the Company") covering all employees who have completed 30 days of service, attained age 21, and are not a leased employee, nonresident alien or a member of a collective bargaining unit. Part-time, temporary and intern employees become eligible to participate in the Plan on the first entry date after reaching age 21 and completing at least 1,000 hours of service during an eligibility computation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute the lesser of \$22,500 and \$20,500 in 2023 and 2022, respectively, or up to 100% of their pretax annual eligible compensation (elective contribution). Participants are also permitted to designate that a portion or all elective contributions be classified as Roth contributions in which the deferral would be included in the participant's gross income at the time of the deferral. Participants may also contribute amounts representing distributions from other qualified plans. Plan participants who are eligible to make salary deferrals and have attained age 50 by December 31 of a calendar year may make "catch-up" salary deferrals in addition to regular salary deferrals for that year. The limit for catch-up contributions is \$7,500 and \$6,500 in 2023 and 2022, respectively. The Company may make a matching contribution equal to a percentage of elective contributions. Additional profit sharing contributions may be contributed by the Company at the discretion of the management of the Company. Depending on which of the five members of the controlled group that a participant is an employee of, the Company made a matching contribution of 50% to 75% of employee elective contributions, with a maximum of 3.0% to 4.5% of the participant's total compensation in 2023 and 2022. The Company also made additional profit sharing contributions of \$1,129,348 and \$916,577 for the years ended December 31, 2023 and 2022, respectively.

Note 1 – Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, if any, the Company's discretionary profit sharing contribution, if any, Plan earnings, Plan losses, and administrative expenses. Allocations are based on participant compensation or account balances, as defined. Earnings include interest, dividends, realized gains or losses on sale of investments and the net change in unrealized appreciation or depreciation of investments. All investment accounts of the Plan are directed by the participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in all participant and Company matching contributions plus actual earnings thereon. Upon completing a year of credited service in the Company's discretionary profit sharing plan, a participant is 20% vested each year during the first five years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Investment Options

Participants may direct their account balances in a variety of investment options as more fully described in the Plan agreement. Participants may change their investments daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.50% which are commensurate with the local prevailing rate as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$963 and \$2,028, respectively. These accounts are used to reduce future employer contributions and reduce Plan expenses when available. In 2023 and 2022, employer contributions and Plan expenses were reduced by \$39,366 and \$17,595, respectively, from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

Administrative Expenses

Administrative expenses include investment management fees, trustee fees, and record keeping fees. Certain administrative operating expenses of the Plan are paid by the Company, as provided in the Plan agreement.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan agreement.

Payment of Benefits

Benefit payments are recorded when paid. No amounts were allocated to accounts of participants who have elected to withdraw from the Plan but were not yet paid as of December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 3 – Information Certified by Fidelity Management Trust Company

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company:

	<u>2023</u>	<u>2022</u>
Investments:		
Registered investment companies, at fair value	\$ 180,236,898	\$ 129,903,722
Notes receivable from participants	<u>2,993,615</u>	<u>2,294,933</u>
Total	<u>\$ 183,230,513</u>	<u>\$ 132,198,655</u>
Net appreciation in fair value of investments	\$ 23,597,330	
Interest and dividends	5,042,099	
Interest income on notes receivable from participants	166,504	

Note 4 – Tax Status

The Internal Revenue Service ruled on June 30, 2020 that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the Plan of The Trust Company upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue code (IRC) and the related trust is therefore not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

INVENERGY LLC 401K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account.

Note 6 – Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The notes receivable from participants are also party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements as of December 31 to Form 5500:

Note 9 – Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

INVENERGY LLC 401K PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 9 – Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Registered investment companies: Valued at the net asset value ('NAV') of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 180,236,898</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 180,236,898</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 10 – Plan Amendments

Effective July 25, 2023, the Plan was amended. Pursuant to the amendment, service time was credited for purposes of eligibility and vesting in certain situations for employees of American Electric Power Company that were transferred to Invenergy through an acquisition.

Effective December 31, 2023, the Plan was amended. Pursuant to the amendment, eligibility and years of service for any nonelective employer contributions was changed. An eligible participant is credited with a year of service for each cumulative period of 12 complete months of employment with an employer or specified affiliated employer. If a participant ceases to be employed by an employer or specified affiliated employer for a period of more than 12 consecutive months, the participant's period of employment prior to such break in employment shall be disregarded. The determination of the number of years of service with which a participant is credited shall be made based on completed months as of the last day of the immediately preceding plan year.

Note 11 – Subsequent Events

The date to which events occurring after December 31, 2023, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 26, 2024 which is the date on which the financial statements were available to be issued.
