INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee
Elektrisola Incorporated Profit Sharing Plan
Boscawen, New Hampshire 03303

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elektrisola Incorporated Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ending December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Elektrisola Incorporated Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable users based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELEKTRISOLA INCORPORATED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Plan is provided for general information purposes only. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

General: The Plan is a defined contribution plan covering all employees of Elektrisola, Incorporated (the "Company") and MWS Precision Wire Industries, Inc. employees are eligible to make deferral contributions if they are at least 18 years old and have completed three months of service. Employees who have completed six months of service are eligible to receive employer contributions. Entry dates for the employer contributions are January 1st and July 1st of each plan year. The Plan excludes leased employees and those covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective April 30, 2021.

Contributions: Under the Plan, participants may elect to make pre-tax contributions ("deferrals") to their employee accounts as well as after tax Roth contributions; these deferrals can range from 1% to 60% subject to certain limitations under Sections 415(c), 402(g) and 401(k) of the Internal Revenue Code (IRC). Effective January 11, 2022 the Plan was amended to add a 1% automatic enrollment feature for employees hired after January 11, 2022 that meet the eligibility requirements.

Contributions made by "highly compensated" employees may be restricted to satisfy the IRC nondiscrimination rules. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in excess of the specified deferral limit up to 100% of the Participant's effectively available Compensation. The Plan also accepts rollover contributions.

The Company's contributions to the Plan are at the discretion of the Board of Directors but may not exceed 25% of the total compensation for all eligible participants and may not exceed the maximum allowable deduction permitted under the IRC at the time of contribution. The Company does not match employee elective deferrals.

The Company may elect to make safe harbor non-elective contributions on behalf of eligible participants each plan year. The contribution must be equal to at least 3% of such eligible participants' compensation. For the year ended December 31, 2023, the Company made a 3% safe harbor non-elective contribution in the amount of \$683,851. The Company also made a discretionary contribution in the amount of \$670,814 for the year ended December 31, 2023.

Taxes: Participants are not taxed on their pre-tax deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed. Roth contributions are made with after tax amounts. Roth contributions and earnings thereon are withdrawn tax-free provided all requirements of IRC Section 402A are met.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants are also immediately vested in any safe harbor non-elective employer contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuing service. A participant is 100% vested after six years of credited service.

ELEKTRISOLA INCORPORATED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Investment options: Upon enrollment in the Plan a participant may choose to direct contributions to any combination of various registered investments, common collective trust, and self-directed brokerage accounts. Participants may change their investment options and transfer funds between investment options daily. The self-directed brokerage account allows the participant to invest in various types of investments within certain specified limitations. The balance in the self-directed brokerage account as of December 31, 2023 and 2022 was \$2,689,787 and \$1,337,842, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. Notes with terms ranging from five years or less bear interest at the average collateral loan rate issued by three local banks. Notes with terms exceeding five years bear interest at an average rate on loans of similar length currently issued by the three local banks. Interest rates range from 2.75% to 5.88%. Principal and interest are paid ratably through payroll deductions. A participant may only have two notes outstanding at any time.

Payment of benefits: The Plan provides for withdrawals in the event of death, disability, termination and retirement. Benefit payments can be in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial distribution of their vested balance, or a rollover to an eligible retirement account.

Forfeitures: Non-vested amounts for participants who terminate service and are fully paid out are allocated to participants on the same basis as employer contributions. Unallocated forfeitures amounted to \$30,144 and \$49,693 as of December 31, 2023 and 2022, respectively.

Funding policy: Weekly deferrals are withheld from eligible participants' wages. These deferrals are remitted weekly to the Plan Custodian and are invested based on the instructions provided by the participant. Employer contributions are made annually at the discretion of the Plan Sponsor, as noted above, and are invested based on the instructions provided by the participant.

Income tax status: The Internal Revenue Service (IRS) has determined and informed the Plan Administrator by a letter dated June 30, 2020, that the Plan is designed in accordance with the applicable section of the IRC. The Plan has been amended since the determination letter was received, however the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The IRS has ruled that the Plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its exempt status.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal or State tax authorities for years before 2020.

ELEKTRISOLA INCORPORATED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Valuation of investments: Elektrisola Incorporated Profit Sharing Plan's (the "Plan") investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. The Plan's interest in the Fidelity Managed Income Portfolio ("MIP") is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. Self-directed brokerage accounts are reported at fair value based on quoted market price of the fund or underlying investment, which represents NAV of the shares held by the fund. See Note 3 for discussion on fair value measurements.

Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Purchases and sales of securities are recorded as of their trade date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Accounting method: The Plan prepares its financial statements on an accrual basis of accounting.

Estimates and assumptions: Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from these expectations.

Payment of benefits: Benefits are recorded when paid.

Recently adopted accounting guidance: In June 2016, the Financial Accounting Standards Board ("FASB") issued authoritative guidance which changes the methodology used to measure credit losses for certain financial instruments. Under prior guidance, credit loss reserves were estimated based on historical information. The new guidance requires credit loss reserves to reflect the estimated credit losses expected to be incurred over the life of the finance asset.

The Plan adopted the standard effective January 1, 2023. The standard excludes notes receivable from participants, therefore the adoption did not have a material impact on the financial statements.

Note 3. Fair Value Measurements

The Fair-Value Measurements topic of the FASB Accounting Standards Codification (FASB ASC 820-10) defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair-value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ELEKTRISOLA INCORPORATED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: The fair value is based on quoted net asset values (NAV) of the shares held by the Plan at year end.

Self-direct brokerage: The self-directed brokerage account consists of various funds traded on the public market. The dollar value is the net asset value (NAV) of the various funds held.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Total
Registered investment companies	\$ 48,135,102	\$ 48,135,102
Investments in self-directed brokerage accounts	2,689,788	2,689,788

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants become 100% vested in employer contributions.

Note 5. Transactions with Parties in Interest

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

ELEKTRISOLA INCORPORATED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan invests in shares of registered investment companies and common collective trusts managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company acts as custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 6. Information Certified by the Plan's Custodian

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2023	2022
Registered investment company	\$ 45,662,444	\$ 39,717,588
Interest bearing cash	3,415,171	2,316,988
Non-interest bearing cash	533	475
Self-directed brokerage	1,746,742	1,232,041
Common collective trust	257,118	999,840
<i>Total investments</i>	<u>\$ 51,082,008</u>	<u>\$ 44,266,932</u>

Year Ended December 31,	2023
Investment income:	
Net appreciation in value	\$ 5,991,713
Interest and dividends	1,687,665
<i>Total</i>	<u>\$ 7,679,378</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:

December 31,	2023	2022
Net assets available for plan benefits per financial statements	\$ 53,611,293	\$ 47,322,292
Less: employer contribution receivable	(1,354,665)	(2,137,415)
Difference in value of common collective trust	(14,638)	(67,495)
<i>Net assets per Form 5500, Schedule H, Part I, Line (l)</i>	<u>\$ 52,241,990</u>	<u>\$ 45,117,382</u>

ELEKTRISOLA INCORPORATED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a reconciliation of the change in net assets available for plan benefits per the financial statements for the year ended December 31, 2023 to net income per Schedule H of Form 5500:

Net increase in net assets available for plan benefits per financial statements	\$ 6,289,001
Add: employer contributions receivable for the plan year ended December 31, 2022	2,137,415
Add: difference in value of common collective trusts for the plan years ended December 31, 2023 and 2022	52,857
Less: employer contributions receivable for the plan year ended December 31, 2023	(1,354,665)
Net income per Form 5500, Schedule H, Part II, Line (k)	<u>\$ 7,124,608</u>

Note 8. Risk and Uncertainties

The Plan provides various registered investments, a common collective trust and a participant-directed brokerage account. Investments are exposed to various risks such as interest rate, credit and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Note 9. Subsequent Events

The Company has evaluated subsequent events through September 19, 2024, the date which the financial statements were available to be issued. No subsequent events were identified that would require disclosure in the financial statements for the year ended December 31, 2023.
