Independent Auditor's Report

To the Plan Administrator of the
Arrive Logistics 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Arrive Logistics 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements .

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the Arrive Logistics 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan which went into effect January 1, 2015 that is generally available to all employees of DM Trans, LLC dba Arrive Logistics ("the Company," "Plan Sponsor," "Employer," or "Plan administrator"). The Plan excludes collectively-bargained employees, leased employees, non-resident aliens, interns (with certain exceptions), and residents of Puerto Rico. Employees become eligible to make salary deferral contributions upon attainment of age 18. Employees become eligible to receive discretionary Employer matching contributions after completing 1 year with 1,000 hours of service and attainment of age 18. Employees may enter the Plan on the first day of the month coinciding with or next following the date they meet the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Change in Service Providers. Effective October 1, 2023, the Plan changed service providers to Fidelity Management Trust Company ("Fidelity"). In connection with this change in service providers, the following:

- The Plan Sponsor adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan ("Fidelity preapproved plan"). In connection with the adoption of the Fidelity pre-approved Plan, (a) the Plan document was amended and restated, (b) the Plan's eligibility provisions were amended, (c) the Plan's definition of compensation was amended, (d) the Plan changed from an eligible automatic contribution arrangement ("EACA") to an automatic contribution arrangement, (e) the Plan's option for a discretionary Employer profit sharing contribution was removed, and (f) employee after-tax contributions were added as a contribution option for participants.
- A blackout period commenced September 22, 2023 and ended during the week of October 29, 2023;
- Plan assets of approximately \$31.4 million transferred from Charles Schwab Trust Bank to Fidelity in September 2023 and October 2023.

Contributions. The following types of contributions are allowable under the Plan:

- **Salary Deferral Contributions** – Participants may contribute a percentage of their pretax compensation, as defined in the Plan document, as an elective deferral contribution, subject to limitations. Participants may also elect to contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. Additionally, participants may elect to make after-tax contributions subject to the annual addition limitations discussed below. The Plan has an automatic contribution arrangement. Unless an eligible participant makes an affirmative election otherwise, 4% of their compensation will be withheld and contributed to the Plan as an elective deferral contribution. Such automatic contribution will be increased 1% annually on January 1 until a 10% deferral percentage is reached. A participant's total pre-tax and Roth deferral contributions cannot exceed \$22,500 (\$30,000 if 50 or older) in calendar year 2023.
- **Rollover Contributions** – Amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

- **Discretionary Employer Matching Contributions** – The Employer may make a discretionary Employer matching contribution to eligible participants. Such contribution is allocated such that each eligible participant receives a rate or amount (which may be zero) that is identical to the rate or amount received by all other eligible participants or designated group of eligible participants, if applicable. During 2023, the Employer made a discretionary matching contribution equal to 50% of a participant's elective deferral contributions up to a maximum discretionary Employer matching contribution amount of \$2,000.

All contributions are allocated to the Plan's investment funds at the direction of the participants. The total annual additions to a participant's account may not exceed the lesser of \$66,000 or 100% of the participant's compensation in 2023.

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their salary deferral contributions, rollover contributions, and related earnings thereon.

With certain exceptions, participants vest in discretionary Employer matching contributions based on years of service ("YOS") and a five year graded vesting schedule. Participants become 20% vested after one YOS and in 20% increments thereafter such that participants become 100% vested in their discretionary Employer matching contribution accounts after completing five YOS.

Investment Options. Participants currently have the option to direct their investments into various registered investment companies and a money market fund.

Forfeitures and Unallocated Asset Accounts. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce Employer contributions. The Plan also maintains an unallocated asset account. During 2023, forfeitures of \$95,000 were used to reduce Employer contributions to the Plan and \$2,621 were used to pay administrative expenses of the Plan. As of December 31, 2023 and 2022, the balance in the unutilized forfeitures and unallocated asset accounts totaled \$65,524 and \$41,777, respectively.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 month period, or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term up to 10 years is available if used for the purchase of a principal residence). The loans are secured by the balance of the participant's account and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan administrator at the date the loan is granted. Principal and interest payments are paid ratably through payroll deductions.

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, partial withdrawals, or installments equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, for an active military distribution, for a qualified reservist distribution, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates and Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the Plan's investment in an unallocated insurance contract which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Benefits Payments. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Also, included in administrative fees are claims processing, recordkeeping, custodial, investment advisory, consulting, account maintenance, and other administrative expenses. Additionally, certain investment related expenses are included in net appreciation in fair value of investments.

Note 3— Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies ("RICs") and the money market fund are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3– Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurements at December 31, 2023

Total Assets at Fair Value	\$ 22,564,334	\$ -	\$ -	\$ 22,564,334

Note 4 – Investment Contract with Insurance Company

In 2019, the Plan entered into a traditional benefit-responsive investment contract, the Standard Stable Asset A, with the Standard Insurance Company ("Standard"). Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

This contract met the fully benefit-responsive criteria and, therefore, was reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Investment Contract with Insurance Company (continued)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$0 and \$304,304, respectively. The crediting interest rate was based on a formula agreed upon with the issuer but could not be less than 1%. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply.

The Standard had the option to terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the Standard, a market value adjustment or other withdrawal restrictions may apply.

In connection with the change in service providers (see Note 1), the investment contract was liquidated at contract value.

Note 5 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard Insurance Company and Charles Schwab Trust Bank, the previous custodians of the Plan, and Fidelity Management Trust Company, the current trustee of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and non-interest bearing cash, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment amounts, as shown in Notes 3 and 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedules.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Plan Sponsor has adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan (“preapproved plan”). The pre-approved plan received an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the pre-approved plan and Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan assets were an unallocated insurance contract offered by the Standard and a noninterest-bearing cash account at Charles Schwab Trust Bank. Additionally, certain plan assets are mutual funds, a noninterest bearing cash account, and a money market fund offered by Fidelity. As the Standard and Charles Schwab Trust Bank are the previous custodians of the Plan and Fidelity is the current trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2022 and 2023, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan’s trust. The Company intends to correct these late contributions and loan repayments by remitting lost earnings into the Plan’s trust as soon as administratively feasible.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 –Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 2, 2024, which is the date the financial statements were available to be issued.

Independent Auditor's Report

To the Plan Administrator of the
Arrive Logistics 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Arrive Logistics 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements .

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the Arrive Logistics 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan which went into effect January 1, 2015 that is generally available to all employees of DM Trans, LLC dba Arrive Logistics ("the Company," "Plan Sponsor," "Employer," or "Plan administrator"). The Plan excludes collectively-bargained employees, leased employees, non-resident aliens, interns (with certain exceptions), and residents of Puerto Rico. Employees become eligible to make salary deferral contributions upon attainment of age 18. Employees become eligible to receive discretionary Employer matching contributions after completing 1 year with 1,000 hours of service and attainment of age 18. Employees may enter the Plan on the first day of the month coinciding with or next following the date they meet the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Change in Service Providers. Effective October 1, 2023, the Plan changed service providers to Fidelity Management Trust Company ("Fidelity"). In connection with this change in service providers, the following:

- The Plan Sponsor adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan ("Fidelity preapproved plan"). In connection with the adoption of the Fidelity pre-approved Plan, (a) the Plan document was amended and restated, (b) the Plan's eligibility provisions were amended, (c) the Plan's definition of compensation was amended, (d) the Plan changed from an eligible automatic contribution arrangement ("EACA") to an automatic contribution arrangement, (e) the Plan's option for a discretionary Employer profit sharing contribution was removed, and (f) employee after-tax contributions were added as a contribution option for participants.
- A blackout period commenced September 22, 2023 and ended during the week of October 29, 2023;
- Plan assets of approximately \$31.4 million transferred from Charles Schwab Trust Bank to Fidelity in September 2023 and October 2023.

Contributions. The following types of contributions are allowable under the Plan:

- **Salary Deferral Contributions** – Participants may contribute a percentage of their pretax compensation, as defined in the Plan document, as an elective deferral contribution, subject to limitations. Participants may also elect to contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. Additionally, participants may elect to make after-tax contributions subject to the annual addition limitations discussed below. The Plan has an automatic contribution arrangement. Unless an eligible participant makes an affirmative election otherwise, 4% of their compensation will be withheld and contributed to the Plan as an elective deferral contribution. Such automatic contribution will be increased 1% annually on January 1 until a 10% deferral percentage is reached. A participant's total pre-tax and Roth deferral contributions cannot exceed \$22,500 (\$30,000 if 50 or older) in calendar year 2023.
- **Rollover Contributions** – Amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

- **Discretionary Employer Matching Contributions** – The Employer may make a discretionary Employer matching contribution to eligible participants. Such contribution is allocated such that each eligible participant receives a rate or amount (which may be zero) that is identical to the rate or amount received by all other eligible participants or designated group of eligible participants, if applicable. During 2023, the Employer made a discretionary matching contribution equal to 50% of a participant's elective deferral contributions up to a maximum discretionary Employer matching contribution amount of \$2,000.

All contributions are allocated to the Plan's investment funds at the direction of the participants. The total annual additions to a participant's account may not exceed the lesser of \$66,000 or 100% of the participant's compensation in 2023.

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their salary deferral contributions, rollover contributions, and related earnings thereon.

With certain exceptions, participants vest in discretionary Employer matching contributions based on years of service ("YOS") and a five year graded vesting schedule. Participants become 20% vested after one YOS and in 20% increments thereafter such that participants become 100% vested in their discretionary Employer matching contribution accounts after completing five YOS.

Investment Options. Participants currently have the option to direct their investments into various registered investment companies and a money market fund.

Forfeitures and Unallocated Asset Accounts. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce Employer contributions. The Plan also maintains an unallocated asset account. During 2023, forfeitures of \$95,000 were used to reduce Employer contributions to the Plan and \$2,621 were used to pay administrative expenses of the Plan. As of December 31, 2023 and 2022, the balance in the unutilized forfeitures and unallocated asset accounts totaled \$65,524 and \$41,777, respectively.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 month period, or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term up to 10 years is available if used for the purchase of a principal residence). The loans are secured by the balance of the participant's account and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan administrator at the date the loan is granted. Principal and interest payments are paid ratably through payroll deductions.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, partial withdrawals, or installments equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, for an active military distribution, for a qualified reservist distribution, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates and Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the Plan's investment in an unallocated insurance contract which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Benefits Payments. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Also, included in administrative fees are claims processing, recordkeeping, custodial, investment advisory, consulting, account maintenance, and other administrative expenses. Additionally, certain investment related expenses are included in net appreciation in fair value of investments.

Note 3— Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies ("RICs") and the money market fund are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2023 and 2022

Note 3– Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurements at December 31, 2023				
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
RICs	\$ 36,138,511	\$ -	\$ -	\$ 36,138,511
Money Market Fund	399,736	-	-	399,736
Interest Bearing Cash	6,679	-	-	6,679
Total Assets at Fair Value	\$ 36,544,926	\$ -	\$ -	\$ 36,544,926

Fair Value Measurements at December 31, 2022				
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
RICs	\$ 22,564,334	\$ -	\$ -	\$ 22,564,334
Total Assets at Fair Value	\$ 22,564,334	\$ -	\$ -	\$ 22,564,334

Note 4 – Investment Contract with Insurance Company

In 2019, the Plan entered into a traditional benefit-responsive investment contract, the Standard Stable Asset A, with the Standard Insurance Company ("Standard"). Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

This contract met the fully benefit-responsive criteria and, therefore, was reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Investment Contract with Insurance Company (continued)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$0 and \$304,304, respectively. The crediting interest rate was based on a formula agreed upon with the issuer but could not be less than 1%. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply.

The Standard had the option to terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the Standard, a market value adjustment or other withdrawal restrictions may apply.

In connection with the change in service providers (see Note 1), the investment contract was liquidated at contract value.

Note 5 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard Insurance Company and Charles Schwab Trust Bank, the previous custodians of the Plan, and Fidelity Management Trust Company, the current trustee of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and non-interest bearing cash, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment amounts, as shown in Notes 3 and 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedules.

Arrive Logistics 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Plan Sponsor has adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan (“preapproved plan”). The pre-approved plan received an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the pre-approved plan and Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan assets were an unallocated insurance contract offered by the Standard and a noninterest-bearing cash account at Charles Schwab Trust Bank. Additionally, certain plan assets are mutual funds, a noninterest bearing cash account, and a money market fund offered by Fidelity. As the Standard and Charles Schwab Trust Bank are the previous custodians of the Plan and Fidelity is the current trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2022 and 2023, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan’s trust. The Company intends to correct these late contributions and loan repayments by remitting lost earnings into the Plan’s trust as soon as administratively feasible.

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 –Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 2, 2024, which is the date the financial statements were available to be issued.
