INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Radio Flyer Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Radio Flyer Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 28, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Radio Flyer Inc. 401(k) Plan (the "Plan") is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Radio Flyer Inc. is the Plan sponsor.

Empower Trust Company, serves as the Plan's trustee and has custody of all cash and investments of the Plan.

Eligibility: Employees of Radio Flyer Inc. (the "Company") who do not fall under the excluded employee classification are eligible to participate in the Plan when they attain age 21. Excluded employees are:

- Part-time employees with less than one year of service
- Employees covered under a collective bargaining agreement (i.e., union employees)
- Non-resident aliens who do not receive any compensation from U.S. sources
- Leased employees and interns
- Employees who receive a portion of their compensation in the form of commissions

Entry date is the first day of the month following the date an employee satisfies the Plan's eligibility requirements.

Contributions: Contributions to the Plan are made through employee contributions, including catch-up contributions, Company contributions and rollover contributions.

Employee Contributions: Upon completion of an enrollment form, eligible employees may elect to defer eligible compensation on a pre-tax basis, after-tax basis ("Roth") or a combination of both, up to the maximum allowed by the Internal Revenue Code. Employees age 50 and over are allowed a catch-up contribution on a pre-tax basis, Roth or a combination of both, beginning in the year they turn age 50. For all employees, the IRS limited participant contributions to a maximum of \$22,500 in 2023 and \$20,500 in 2022. For those age 50 and over, the IRS limited participant contributions to a maximum of \$30,000 in 2023 and \$27,000 in 2022.

The Internal Revenue Service ("IRS") imposes a maximum limit on the total amount of contributions an employee may receive under the Plan. The limit applies to all contributions made on the employee's behalf, all contributions the employee contributes to the Plan, and any forfeitures allocated to any of the employee's accounts during the year. Under this limit, the total of all contributions under the Plan cannot exceed a specific dollar amount or 100% of the employee's annual compensation, whichever is less. For 2023, the specific dollar limit is \$66,000, and for those age 50 and over, is \$73,500.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023**

NOTE 1 – DESCRIPTION OF PLAN- Continued

Company Contributions: The Company may make Discretionary Matching and Nonelective Discretionary Contributions to the Plan. Eligible employees will always share in the discretionary matching contribution regardless of the amount of service they complete during the Plan Year. Eligible employees will share in the nonelective discretionary contribution if employed on the last day of the Plan Year and if they completed at least 1,000 hours of service during the Plan Year.

The allocation of discretionary matching contributions is equal to a uniform percentage of the employee's salary deferrals, which percentage will be determined each year. For 2023, the matching contribution is 50% on employee salary deferrals up to 6% of the employee's eligible compensation (as defined by the Plan). The nonelective discretionary contributions allocation formula is a uniform allocation as a percentage of participant compensation. The nonelective discretionary contribution for 2023 and 2022 were \$444,310 and \$465,208, respectively.

Rollover Contributions: Participants eligible for a withdrawal from another eligible retirement plan or traditional IRA may rollover all or part of that amount into the Plan (as defined by the Plan).

Participant Accounts: Each participant's account is credited with (a) participant's contribution and (b) allocation of Company's contributions, Plan's earnings and administrative expenses.

Vesting: Participants are fully vested in their own contribution account and their rollover account and actual earnings thereon at all times. Vesting in the Company's contribution portion of their accounts shall be computed after completing 1,000 hours of service in the Plan Year. After one (1) year of service, employees are vested 20% and increase at 20% increments for every proceeding year until the employee is fully vested in the fifth (5th) year of service.

Payment of Benefits: For termination of service the employee may be entitled to a distribution from the plan. The availability of the distribution depends on the amount of the employee's vested account balance. The employee will be eligible to receive a distribution from the Plan as soon as administratively feasible following the termination of employment.

Active participants are permitted in-service and hardship withdrawals under the Plan provisions.

Notes Receivable from Participants: Active participants are permitted to elect to take up to two loans from their accounts. Participants may borrow from their fund accounts from a minimum of \$1,000 to a maximum of the lesser of (a) \$50,000 less the highest outstanding loan balance for one year preceding such loan or, (b) one half of the value of the vested balance, excluding nonelective discretionary contribution, in their account as of the last day of the month preceding the loan application date. No loan may be made from the nonelective discretionary contribution. The loan period cannot exceed 5 years from the date of the loan. The loans are secured by balances in the participant's accounts and may require the participant to provide additional collateral.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023**

NOTE 1 – DESCRIPTION OF PLAN- Continued

Forfeitures: If an employee leaves the Plan and is not fully vested, the amount that is not vested is forfeited. If the employee takes a distribution of the entire vested benefit upon termination of employment, the non-vested benefit will be forfeited in accordance with the terms of the Plan. If an employee does not take a distribution of the entire vested benefit when they terminate employment, the non-vested benefit will remain in the account until the employee has incurred five consecutive breaks in service (a year in which the employee works less than 1,000 hours) at which time the non-vested benefit will be forfeited in accordance with the terms of the Plan.

An employee who took a distribution of the entire vested benefit upon termination of employment, and as a result, some (or all) of the Plan benefits were forfeited, may have the right to repay the distributed amount to the Plan if the employee is rehired prior to incurring five consecutive breaks in service and have the non-vested benefits restored.

Per the Plan's adoption agreement, forfeited amounts may be applied to reduce nonelective contribution, matching contribution and to pay reasonable plan expenses. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$48,044 and \$15,155. During the year ended December 31, 2023 and 2022, employer contributions were reduced by \$14,087 and \$73,618 of forfeited nonvested accounts.

Investment Options: Participants are allowed to direct their investments into a variety of designated investment alternatives including mutual funds, and a group annuity contract.

Plan Amendment: Effective on January 1, 2024, the Plan was amended to include employees of Radio Flyer Studios, LLC and changed the Plan name to Radio Flyer 401(k) Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value, except for fully benefit-responsive group annuity contract, which is reported at contract value. See Note 3 for disclosure on fully benefit responsive group annuity contract and Note 4 for fair value measurements.

Contributions received by the Plan into each participant's account are invested the same day. Earnings are posted daily to each such account.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The cost of recordkeeping, trustee, and investment management services are allocated to Plan participants based upon account balances. Such allocated costs are paid by participants through reduced investment earnings. The Company provides certain administrative and accounting services to the Plan at no cost and also pays the cost of services provided to the Plan by the independent auditors. Such costs borne by the Company have been excluded from the accompanying financial statements.

NOTE 3 – FULLY BENEFIT-RESPONSIVE GROUP ANNUITY CONTRACTS

The Plan entered into a fully benefit-responsive guaranteed annuity contract with MassMutual, “MassMutual SAGIC” (managed by Great West Investments). The MassMutual SAGIC, is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants’ accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees.

The average yield earned by the Plan and the average interest rate credited to participants was 3.05% for 2023 and 3.00% for 2022.

The account interest rate on the contract for 2023 was 3.05%. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment of activation of, or material change in any plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement program.

The contract value of the fully benefit responsive group annuity contract was \$4,358,542 and \$4,263,346 as of December 31, 2023 and 2022, respectively.

NOTE 4 – FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs or other quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measurable at fair value. There have been no changes in the methodologies used at December 31, 2023.

Variable annuities: Prices/unit values for variable annuities are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENT - Continued

The following tables set forth by level, within the hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

		Assets at Fair Value as of December 31, 2023			
		Level 1	Level 2	Level 3	Total
Variable annuities		\$ -	\$ 29,082,929	\$ -	\$ 29,082,929

Total Investments		<u>\$ -</u>	<u>\$ 23,914,156</u>	<u>\$ -</u>	<u>\$ 23,914,156</u>

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual, acquired by Empower, the Plan's record-keeper and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan are considered to represent the fair market value for the services performed and are comparable to fees paid to other investment managers. Participant loans are exempt party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intentions to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of such termination, the interest of all participants becomes fully vested and no part of any such participant's accounts shall be thereafter forfeited for any reason whatsoever.

NOTE 7 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan document effective with the November 1, 2021 Plan restatement. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has undertaken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 9 – INFORMATION CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company (the trustee of the Plan).
