Independent Auditor's Report

September 18, 2024

To the Trustees, Participants and Plan Administrator of the
Comfort Window Co., Inc. 401(k) Salary Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Comfort Window Co., Inc. 401(k) Salary Deferral Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMFORT WINDOW CO., INC. 401(k) SALARY DEFERRAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of plan

The following description of the Comfort Window Co., Inc. 401(k) Salary Deferral Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a qualified defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code with a Section 401(k) provision. Substantially all employees of Comfort Window Co., Inc. and affiliates; Comfort Window Inc., Comfort Window Manufacturing, Inc. and Comfort Management of CNY, Inc., (collectively the “Company”) are eligible to participate in the Plan after attaining the age of twenty-one and having completed three months of continuous service. Employees are eligible to receive employer profit sharing contributions after attaining one year of service. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Plan provisions - The Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), a law which allows immediate changes to the Plan to, among others, provide temporary tax relief for Coronavirus related distributions up to \$100,000 and suspends required minimum distributions. The Plan has also implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility and contributions - Participants are allowed to make elective 401(k) and Roth salary deferrals up to the maximum amount allowed by the Internal Revenue Code. In addition, participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan has a Safe Harbor matching provision, which requires the Company to match, at a minimum, 100% of the first 4% of the participant’s eligible compensation. Safe Harbor matching contributions amounted to \$376,811 and \$321,413 for the years ended December 31, 2023 and 2022, respectively. The Company may also elect to make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions for the years ended December 31, 2023 and 2022.

Participant accounts - Each participant’s account is credited with the participant’s elective deferral contribution plus the Company’s discretionary contribution, plan earnings and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the plan agreement. The benefit to which a participant is entitled

is the benefit that can be provided from the participant's vested account. Participants can access their account information via American Fund's website where they have the ability to change their elective deferrals and investment options as well as request distributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant vests at a rate of 20% after two years of service and 20% each year thereafter, with full vesting upon completion of six years of service.

Forfeitures and non-vested accounts - The plan administrator can elect to use all or a portion of these amounts to first pay administrative costs of the Plan and then to reduce future employer contributions. Forfeited non-vested accounts as of December 31, 2023 and 2022, are insignificant.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options daily through online media.

Payment of benefits - Upon termination of service, a participant or beneficiary may elect to receive a lump sum amount equal to the vested value of their account balance as soon as reasonably practicable following the date the participant's application for distribution is received by the administrator. Participants may also elect to rollover their funds into another qualified plan or individual retirement account. Additionally, participants are permitted to make in-service withdrawals of account balances from the Plan. To qualify for this type of withdrawal, the participant must have attained the age of fifty-nine and one-half or must meet certain criteria for a hardship withdrawal as outlined in the plan document.

Participant notes receivable - Participant notes receivable are not allowed by the Plan.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns, i.e., inflation and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - All of the Plan's investments are stated at fair value (see Note 4), with the exception of the common collective trust fund, which is valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the fund, as explained below. All investment values have been determined and certified by Capital Bank and Trust Company, the Trustee of the Plan (see Note 3). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Plan invests in a collective investment trust fund, which holds various investments in bonds and registered investment companies that are mainly publicly traded securities. Collective investment trust funds are valued at NAV per share, which serves as a practical expedient to estimate its fair value. The NAV of the collective investment trust fund is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2023 and 2022. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Administrative costs - Administrative costs, including maintaining participant accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the Company may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the plan assets (see Note 5).

Payment of benefits - Benefits are recorded when paid.

Economic dependency and concentration of credit risk - Approximately 51% and 27% of the Plan's investments are invested with American Funds and Vanguard, respectively, as of December 31, 2023. Approximately 51% and 27% of the Plan's investments are invested with American Funds and Vanguard, respectively, as of December 31, 2022. Accordingly, the Plan is dependent upon the financial condition of these entities. All of the investments are exposed to normal market and credit risk.

Subsequent events - Management has evaluated subsequent events through September 18, 2024, the date that the financial statements were available for issue.

Note 3 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation (depreciation) in investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 12,885,930</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,885,930</u>
December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 11,372,299</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,372,299</u>

Note 5 - Related party transactions and party-in-interest transactions

The Plan's investments are funds managed by Capital Bank and Trust Company, the Trustee of the Plan. These transactions qualify as party-in-interest transactions. The investment fees paid for Capital Bank and Trust Company's services are included in the net appreciation (depreciation) of investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory to various service providers, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits as follows: the Plan contracts with Capital Group Retirement Plan Services to provide recordkeeping services. Fees paid by the Plan for these services amounted to \$20,487 and \$18,941 for the years ended December 31, 2023 and 2022, respectively. The Plan contracts with

Pinnacle Investments, LLC to provide investment advisement services. Fees paid by the Plan for these services amounted to \$30,628 and \$32,826 for the years ended December 31, 2023 and 2022, respectively.

The Plan contracts with Omega, Inc. to provide third-party administrative services and contracts with Dannible & McKee, LLP to provide independent auditing services, which are party-in-interest transactions under ERISA. These services are paid by the Company, as discussed in Note 2.

Note 6 - Tax status

The Internal Revenue Service has determined and informed the Plan that the “Prototype Non-Standardized Profit Sharing Plan with CODA” is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2023 or 2022. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2020.

Note 7 - Reconciliation of the financial statements to Form 5500

The Form 5500 has certain investments balances, income and expense items that differ from amounts shown on the accompanying financial statements and supplemental schedule. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2023 and 2022, nor changes in net assets available for benefits for the years then ended.

Independent Auditor's Report

September 18, 2024

To the Trustees, Participants and Plan Administrator of the
Comfort Window Co., Inc. 401(k) Salary Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Comfort Window Co., Inc. 401(k) Salary Deferral Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMFORT WINDOW CO., INC. 401(k) SALARY DEFERRAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of plan

The following description of the Comfort Window Co., Inc. 401(k) Salary Deferral Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a qualified defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code with a Section 401(k) provision. Substantially all employees of Comfort Window Co., Inc. and affiliates; Comfort Window Inc., Comfort Window Manufacturing, Inc. and Comfort Management of CNY, Inc., (collectively the “Company”) are eligible to participate in the Plan after attaining the age of twenty-one and having completed three months of continuous service. Employees are eligible to receive employer profit sharing contributions after attaining one year of service. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Plan provisions - The Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), a law which allows immediate changes to the Plan to, among others, provide temporary tax relief for Coronavirus related distributions up to \$100,000 and suspends required minimum distributions. The Plan has also implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility and contributions - Participants are allowed to make elective 401(k) and Roth salary deferrals up to the maximum amount allowed by the Internal Revenue Code. In addition, participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan has a Safe Harbor matching provision, which requires the Company to match, at a minimum, 100% of the first 4% of the participant’s eligible compensation. Safe Harbor matching contributions amounted to \$376,811 and \$321,413 for the years ended December 31, 2023 and 2022, respectively. The Company may also elect to make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions for the years ended December 31, 2023 and 2022.

Participant accounts - Each participant’s account is credited with the participant’s elective deferral contribution plus the Company’s discretionary contribution, plan earnings and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the plan agreement. The benefit to which a participant is entitled

is the benefit that can be provided from the participant's vested account. Participants can access their account information via American Fund's website where they have the ability to change their elective deferrals and investment options as well as request distributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant vests at a rate of 20% after two years of service and 20% each year thereafter, with full vesting upon completion of six years of service.

Forfeitures and non-vested accounts - The plan administrator can elect to use all or a portion of these amounts to first pay administrative costs of the Plan and then to reduce future employer contributions. Forfeited non-vested accounts as of December 31, 2023 and 2022, are insignificant.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options daily through online media.

Payment of benefits - Upon termination of service, a participant or beneficiary may elect to receive a lump sum amount equal to the vested value of their account balance as soon as reasonably practicable following the date the participant's application for distribution is received by the administrator. Participants may also elect to rollover their funds into another qualified plan or individual retirement account. Additionally, participants are permitted to make in-service withdrawals of account balances from the Plan. To qualify for this type of withdrawal, the participant must have attained the age of fifty-nine and one-half or must meet certain criteria for a hardship withdrawal as outlined in the plan document.

Participant notes receivable - Participant notes receivable are not allowed by the Plan.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns, i.e., inflation and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - All of the Plan's investments are stated at fair value (see Note 4), with the exception of the common collective trust fund, which is valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the fund, as explained below. All investment values have been determined and certified by Capital Bank and Trust Company, the Trustee of the Plan (see Note 3). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Plan invests in a collective investment trust fund, which holds various investments in bonds and registered investment companies that are mainly publicly traded securities. Collective investment trust funds are valued at NAV per share, which serves as a practical expedient to estimate its fair value. The NAV of the collective investment trust fund is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2023 and 2022. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Administrative costs - Administrative costs, including maintaining participant accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the Company may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the plan assets (see Note 5).

Payment of benefits - Benefits are recorded when paid.

Economic dependency and concentration of credit risk - Approximately 51% and 27% of the Plan's investments are invested with American Funds and Vanguard, respectively, as of December 31, 2023. Approximately 51% and 27% of the Plan's investments are invested with American Funds and Vanguard, respectively, as of December 31, 2022. Accordingly, the Plan is dependent upon the financial condition of these entities. All of the investments are exposed to normal market and credit risk.

Subsequent events - Management has evaluated subsequent events through September 18, 2024, the date that the financial statements were available for issue.

Note 3 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation (depreciation) in investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 12,885,930</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,885,930</u>
December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 11,372,299</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,372,299</u>

Note 5 - Related party transactions and party-in-interest transactions

The Plan's investments are funds managed by Capital Bank and Trust Company, the Trustee of the Plan. These transactions qualify as party-in-interest transactions. The investment fees paid for Capital Bank and Trust Company's services are included in the net appreciation (depreciation) of investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory to various service providers, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits as follows: the Plan contracts with Capital Group Retirement Plan Services to provide recordkeeping services. Fees paid by the Plan for these services amounted to \$20,487 and \$18,941 for the years ended December 31, 2023 and 2022, respectively. The Plan contracts with

Pinnacle Investments, LLC to provide investment advisement services. Fees paid by the Plan for these services amounted to \$30,628 and \$32,826 for the years ended December 31, 2023 and 2022, respectively.

The Plan contracts with Omega, Inc. to provide third-party administrative services and contracts with Dannible & McKee, LLP to provide independent auditing services, which are party-in-interest transactions under ERISA. These services are paid by the Company, as discussed in Note 2.

Note 6 - Tax status

The Internal Revenue Service has determined and informed the Plan that the “Prototype Non-Standardized Profit Sharing Plan with CODA” is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2023 or 2022. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2020.

Note 7 - Reconciliation of the financial statements to Form 5500

The Form 5500 has certain investments balances, income and expense items that differ from amounts shown on the accompanying financial statements and supplemental schedule. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2023 and 2022, nor changes in net assets available for benefits for the years then ended.
