INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
WB Engineers & Consulting, PLLC Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of WB Engineers & Consulting, PLLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of WB Engineers & Consulting, PLLC Retirement Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WB Engineers & Consulting, PLLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WB Engineers & Consulting, PLLC Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WB Engineers & Consulting, PLLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WB Engineers & Consulting, PLLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WB Engineers & Consulting, PLLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the WB Engineers & Consulting, PLLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan includes an employee stock ownership Plan ("ESOP") and a 401(k) retirement savings plan.

The Sponsor established the ESOP and related trust agreement effective as of January 1, 2021, which is designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Upon establishment of the ESOP, the preexisting 401(k) retirement savings plan was merged into the Plan.

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated). As of December 31, 2023, the Plan holds 165,750 unallocated shares.

General

The Plan, which became effective January 1, 2001, and was restated as of January 1, 2021, is a defined contribution plan under Internal Revenue Code Section 401(k), covering all eligible employees of WB Engineers & Consultants, Inc. (the "Sponsor"). The Plan is subject to the provisions of ERISA. There are no age or service requirements to be eligible for the Plan and participants can enter the Plan immediately.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined by the plan, as a pre-tax deferral not to exceed limitations set forth by applicable law. Participants are permitted to designate all or a portion of their elective contributions as Roth elective contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution Plan's. Participants direct the investment of their contributions into various investment options offered by the Plan.

Because the Plan is intended to be a safe harbor Plan, the Sponsor makes safe harbor matching contributions in an amount equal to 3% of employee compensation. In addition, the Sponsor may make profit sharing and other matching contributions in such amount, if any, as determined by the Sponsor, in its sole discretion. Participants who have completed one year of service (or 1,000 hours) and are at least 21 years of age are eligible for profit sharing and matching contributions, but only if they are employed on the last day of the Plan year for which such contributions are made. There were safe harbor matching contributions in the amount of \$695,343 made for the year ended December 31, 2023. There were \$0 profit sharing contributions made for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor's contributions and an allocation of earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant's account under the ESOP is credited as of the last day of each Plan year, or immediately following the date in which Plan investments are valued, with an allocation of shares of the Sponsor's common stock released by the Custodian from the unallocated account and forfeitures of terminated participants' nonvested accounts. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

WB Engineers & Consulting, PLLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Participants have a vested percentage in their employer profit sharing and other matching contribution accounts, based on a graded vesting schedule and years of service. Vesting in the Sponsor's contributions portion of their accounts is based on the years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans bear interest at rates ranging from 4.25% to 9.50% at December 31, 2023 and mature at various dates through January 2033. Principal and interest are paid ratably through payroll deductions over five years, except those used to acquire a principal residence of a participant. Such loans must be repaid over a period not in excess of fifteen years. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Hardship withdrawals must be submitted to the Plan administrator for approval. Distribution of ESOP plan benefits due to termination, retirement, disability, or death will be made in shares of Sponsor stock (see Put Option above) or cash. Such benefits for reasons of retirement, disability, or death will begin no later than one year after the end of the Plan year in which a participant terminates service with the Sponsor. Benefits related to terminations for any other reasons will begin no later than the end of the sixth Plan year after the Plan year in which a participant terminates service with the Sponsor.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$246 and \$216, respectively. Forfeitures of employer contributions will be used to reduce Plan expenses and employer contributions for the succeeding Plan year. During 2023, forfeiture of \$1 was used to reduce Plan expenses.

Voting Rights

Plan participants may direct the Custodian as to how to vote the shares of Sponsor stock held in their respective ESOP accounts with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all Sponsor assets, or other similar transactions. If a participant fails to provide instructions, such shares will be voted as directed by the Committee. The Committee will vote any unallocated shares of the Sponsor stock in the same manner. The Custodian will provide a ballot for each participant if such matters arise. The Custodian will vote according to each participant's instructions.

The Custodian is entitled to vote all shares of Sponsor stock held in each ESOP account on all other matters and also to vote shares of Sponsor stock in the Unallocated Stock Suspense Account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan investments consist of the Sponsor's common stock and in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The common shares of the Sponsor stock and investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the sum of each participant's invested principal plus all accrued interest, as further discussed in Note 5.

Notes to Financial Statements
December 31, 2023 and 2022

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded at December 31, 2023 and 2022.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan evaluated subsequent events through September 27, 2024, the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no material subsequent events require recognition or disclosure in these financial statements.

3. COMMON STOCK

The allocation of the Plan's common stock in WB Engineers + Consultants, Inc. between allocated and unallocated shares on December 31, 2023 and 2022 is as follows:

	2023		2022	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Common stock				
Number of shares	587,658	165,750	580,124	173,283
Cost	\$ 399,607	\$ 112,710	\$ 394,484	\$ 117,832
Estimated fair value	\$ 14,585,682	\$ 4,113,905	\$ 9,693,878	\$ 2,895,570

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WB Engineers & Consulting, PLLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). The mutual funds held by the Plan are deemed to be actively traded. As such, the mutual funds were valued using Level 1 inputs at December 31, 2023 and 2022.

Pooled Separate Accounts: Valued at the NAV, which is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. All funds may be redeemed daily with notice of 1 to 5 days. There are no unfunded commitments with respect to the Plan's investments in these funds.

Common Stock: Valued at estimated fair value based on an independent appraisal. This appraisal was based upon a combination of the guideline public company and discounted cash flow methods. In applying the discounted cash flow methodology, the appraiser considered projected cash flow and net income, EBITDA, return on assets, return on equity, market comparable and estimated fair value of Sponsor assets and liabilities. The appraiser selected this methodology as it provides a strong indication of the value of the Company based on its underlying characteristics and future earnings potential as well as takes into account current transactional market values of similar companies. Factors considered by the appraiser in developing a discount rate for lack of marketability include known discount rates related to prices paid for restricted stocks in private sales compared to prices paid for the same securities in public markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no unfunded commitments in any of these investments, and there are no restrictions on redemptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value at December 31, 2023			
	Level 1	Level 2	Level 3	Total

(a) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2023:

Balance, beginning of year	\$ 12,589,448
Net unrealized appreciation in the fair value of investments	<u>6,110,139</u>
Balance, end of year	<u>\$ 18,699,587</u>

There are no transfers between assets classified in Level 3 and Level 1 and 2 of the fair value hierarchy during the year ended December 31, 2023.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Principal Trust Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

	<u>2023</u>	<u>2022</u>
Traditional investment contract	<u>\$ 2,678,198</u>	<u>\$ 2,371,090</u>

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

WB Engineers & Consulting, PLLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
- Premature termination of the contract;
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options;
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation;
- A material amendment to the agreements without the consent of the issuer.

6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the Custodian of the Plan, has certified to the completeness and accuracy of:

- Mutual funds, pooled separate accounts and investment contract investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of mutual funds, pooled separate accounts and investment contract investments, interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.

No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodian, except for comparing such information with the related information included in the financial statements and supplemental schedule. Based on information provided and certified by the Custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2023 and 2022.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by Principal Trust Company, the Custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Administrative and investment advisory fees paid to Principal Trust Company, by the Plan for investment services amounted to \$72,618 for the year ended December 31, 2023. In addition, there are transaction fees charged by the Custodian that are absorbed in investment income that are not readily determinable.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing and other matching contributions.

9. NON-EXEMPT TRANSACTIONS

As of December 31, 2023, there were unintended delays by the Company in remitting participant contributions and participant loan payments to the Plan's custodian, within the period prescribed by the DOL's regulations, accumulating to \$15,671. The Company is in the process of paying lost earnings into the affected participants' accounts.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 1, 2021, that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC") and, therefore, exempts the Plan, from federal income taxes under the provision of Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designated and operating in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

As of December 31, 2023, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances of \$513 were identified on the Schedule of Delinquent Participant Contributions in prior years and were not corrected prior to January 1, 2023. Untimely remittances of \$513 are pending correction in the Department of Labor Voluntary Fiduciary Correction Program as of December 31, 2023. Additionally, the Company will be compensating participants for lost earnings resulting from the delay in contributions.
