REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Employee Benefits Administration Committee,
Plan Administrator, and Plan Participants
Waters Employee Investment Plan

Opinion

We have audited the financial statements of Waters Employee Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's

transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WATERS EMPLOYEE INVESTMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

1 Description of Plan

The following description of the Waters Employee Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, effective August 19, 1994, was created to provide an opportunity for eligible employees of Waters Technologies Corporation (“Waters” or the “Company”) and any eligible legally affiliated company to provide for their future financial security through participation in a systematic savings program to which each participating employer (the “Employer”) also contributes. The Plan is a defined contribution plan covering substantially all employees of the Company and its affiliates who work in the United States. The Plan is designed to take advantage of provisions of the Internal Revenue Code of 1986, as amended (the “Code”), which allow a participant to elect to reduce taxable compensation (subject to certain limitations) with the amount of such reduction being contributed to the Plan by the Employer on behalf of the electing participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is a Safe Harbor Plan, which provides for catch-up contributions by participants who have attained age 50 before the close of the Plan year, to satisfy the alternative methods of meeting nondiscrimination requirements, and redefine employer matching contributions.

Plan Mergers and Transfers

The Company acquired Wyatt Technology, LLC in May 2023. The Wyatt 401(k) Plan (the “Wyatt Plan”) was merged, and the assets were transferred into the Plan. In connection with the merger, \$19,371,425 of net assets were transferred into the Plan and are reflected as transfers of assets into the Plan in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

Eligibility

Employees are eligible to participate and are automatically enrolled in the Plan immediately upon their date of hire or rehire. Unless the employee elects to suspend automatic contributions, the automatic participation will commence at 3% of annual compensation and increase 1% each year until contributions reach 6% of annual compensation.

Contributions

All participants may elect to make after-tax Roth 401(k) contributions through the Plan in addition to pretax contributions.

Subject to certain limitations, participants may elect to voluntarily contribute to the Plan through payroll deductions from 1% to 60% of their annual compensation on a pretax basis and/or on an after-tax basis as a Roth 401(k) contribution. Participants who have attained age 50, or who will reach age 50 during the year, may elect to make an additional pretax contribution or Roth 401(k) contribution, or both, to the Plan of up to \$7,500 for 2023, provided their regular pretax and Roth 401(k) contributions reach either the Plan’s limit of eligible earnings or the Internal Revenue Service (“IRS”) dollar limit of \$22,500 for 2023. As of December 31, 2023, participants had various investment options in which to direct the investment of their contributions and Company contributions. Each investment option offers a different level of risk and expected rate of return. All contributions are subject to the limitations of the Code.

For contribution purposes, compensation includes salary, lump sum cash payments of merit pay increases, commissions, overtime pay, shift differentials, short-term disability pay, unused vacation pay, bonuses paid under the performance bonus plan and annual incentive bonuses or certain other designated incentive plans. The Employer will match 100% of the first 6% of compensation contributed by the participant to the Plan on a combined pretax and Roth 401(k) basis. The Employer matching contribution is effective immediately upon date of eligibility and follows the investment elections selected by the participant for employee contributions. Contributions and compensation considered for matching contribution purposes are subject to certain limitations.

WATERS EMPLOYEE INVESTMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Participants direct their elective contributions into various investment options offered by the Plan, which include a self-directed brokerage account feature and a Company stock fund, and can change their investments options on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions, any applicable Employer matching contributions and an allocation of Plan earnings, and is charged with an allocation of administrative expenses to the extent that they are paid by the Plan. Certain administrative expenses are charged directly against participants' accounts. Allocations of earnings and expenses are based on the participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately vested in their voluntary contributions as well as Employer matching contributions, plus actual earnings thereon.

Rollover Election

Employees may make an eligible rollover contribution to the Plan at any time.

Administration

Fidelity Management Trust Company ("Fidelity") is the trustee and custodian for the Plan. Fidelity Investments Institutional Operations Company ("FIIOC") is the record keeper for the Plan.

Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account balance or annual or more frequent installments over a period not to extend beyond the life expectancy of the participant. The Plan also allows participants who are actively employed and have attained the age of 59 1/2 to withdraw all or any portion of their account balance for any reason. The Plan also provides for certain hardship withdrawals upon approval by the Plan administrator, a representative of the Company's management.

Administrative Expenses

Certain administrative expenses, including loan maintenance, brokerage account fees, Waters Corporation Stock Fund ("Stock Fund") administrative fees and in-service withdrawal fees, are paid by the participants. Other expenses, such as legal, audit and consulting fees, incurred in the administration of the Plan are paid by the Company. A portion of the operating expenses and management fees is returned to the Plan on revenue sharing arrangements. The revenue sharing amounts received are recorded as other income in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Participants in the Plan may borrow from their account balance, with a maximum of two loans permitted per participant. A participant may borrow an amount greater than or equal to \$1,000 but not to exceed the lesser of (a) \$50,000 minus the largest outstanding loan balance in the twelve months preceding the loan request or (b) 50% of the total account balance minus current outstanding loan balances. Principal and interest are repaid through payroll deductions for a period of up to five years, except for loans made for purchasing or constructing a principal residence for which the repayment term may be up to 20 years. The loans bear interest at a fixed rate equal to the prime rate on the first business day of the calendar quarter in which the loan is funded and are collateralized by the participant's account balances. At December 31, 2023, interest rates on outstanding loans ranged from 3.25% to 8.50%.

2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Benefits payable at year end are not accrued as they are considered to be a component of net assets available for benefits.

WATERS EMPLOYEE INVESTMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Investment Transactions and Investment Income

The Plan's investments are stated at fair value. Shares of common stock and mutual funds are valued at quoted market prices, which represent the net asset value of the shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis as earned.

Waters Corporation common stock is traded on a national securities exchange and is valued at the last reported sales price on the last business day of the year. The common stock was valued at \$329.23 and \$342.58 per share at December 31, 2023 and 2022, respectively.

The Plan presents in the statement of changes in net assets the net appreciation or depreciation in the fair value of its investments that consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Contributions

Employer and participant contributions are recorded in the period in which payroll deductions are made from the participant's compensation.

Benefit Payments

Benefit distributions are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, the Plan administrator will deem the participant loan to be a distribution in accordance with applicable legal requirements, and the participant's account balance will be reduced at the earliest permitted date as outlined in the Plan document.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3 Fair Value Measurements

In accordance with the accounting standards for fair value measurements and disclosures, the Plan's assets are measured at fair value on a recurring basis as of December 31, 2023 and 2022. Fair values determined by Level 1 inputs utilize observable data, such as quoted prices in active markets. Fair values determined by Level 2 inputs utilize observable data points other than quoted prices in active markets that are observable either directly or indirectly. Fair values determined by Level 3 inputs utilize unobservable data points for which there is little or no market data, which require the reporting entity to develop its own assumptions. If the Plan were to change its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it would need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan would recognize these transfers at the beginning of the reporting period in which the transfers occurred.

WATERS EMPLOYEE INVESTMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

During the years ended December 31, 2023 and 2022, there were no transfers of financial assets or financial liabilities between the hierarchy levels.

The following table discloses the Plan's assets measured at fair value on a recurring basis as of December 31, 2023:

	Total December 31, 2023	Quoted Prices in Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

The following table discloses the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Total December 31, 2022	Quoted Prices in Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Waters Corporation Common Stock	\$ 79,898,220	\$ 79,898,220	\$ -	\$ -
Interest-bearing cash	2,536,006	2,536,006	-	-

Total assets in the fair value hierarchy	<u>\$ 972,478,827</u>	<u>\$ 435,544,440</u>	<u>\$ 536,934,387</u>	<u>\$ -</u>

Investments in the Stock Fund are stated at fair value based on the quoted market price on the last business day of the year for the Company's common stock.

Investments with original maturities of three months or less when purchased are considered interest-bearing cash. The fair values are based on observable market prices and, therefore, have been categorized in Level 1 of the fair value hierarchy.

Investments in mutual funds are stated at fair value based on the quoted net asset value of shares held by the Plan on the last business day of the year.

Investments under the self-directed brokerage account are stated at fair value based on the quoted market prices on the last business day of the year.

Investments in common collective trusts are stated at fair value based on the published net asset value ("NAV") per unit in the trust at year end. While participant transactions for common collective trusts take place daily, certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would require a redemption notice period of up to twelve months.

WATERS EMPLOYEE INVESTMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

The methods described above may produce a fair value that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4 Related-Party Transactions

Certain Plan investments are shares of mutual funds or collective trusts managed by an affiliate of Fidelity, a subsidiary of which is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity or its affiliates for administrative services amounted to \$486,979 for the year ended December 31, 2023. Transactions with respect to participant loans and the Stock Fund also qualify as party-in-interest transactions.

The Plan has investments in shares of the Company's common stock through the Stock Fund. During the year ended December 31, 2023, the Plan purchased units in the Stock Fund in the amount of \$2,436,280; sold units in the Stock Fund in the amount of \$8,106,333; and had net investment depreciation of \$4,190,463, administrative expenses of \$60,000 and interest and dividend income of \$97,485. The total value of the Plan's investment in the Stock Fund, which includes the Company's common stock and related interest-bearing cash, was \$72,611,195 and \$82,434,226 at December 31, 2023 and 2022, respectively.

Certain operating expenses and management fees are returned to the Plan based on revenue sharing arrangements with Fidelity. As Fidelity is the trustee and custodian of the Plan, these transactions qualify as party-in-interest transactions. The revenue sharing amounts received are recorded as other income in the statement of changes in net assets available for benefits. The Plan received \$69,962 in revenue sharing payments for the year ended December 31, 2023, which was used to offset \$486,979 of administrative expenses incurred by the Plan.

5 Plan Amendment and Termination

The Company expects to continue the Plan indefinitely; however, it has the right to modify, amend or terminate the Plan at any time subject to the provisions of the Code and ERISA. No such modification or amendment, however, shall have the effect of retroactively changing or depriving participants or beneficiaries of rights already accrued under the Plan. If the Plan is terminated, participants will remain 100% vested in their account balances.

6 Tax Status

The IRS has determined and informed the Company by a letter dated October 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since the effective date of the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 Subsequent Events

The Plan's management has evaluated subsequent events through June 20, 2024, which is the date the financial statements were issued, and determined that there were no matters requiring adjustment to or disclosure in the accompanying financial statements and related notes.
