Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust, (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

INDEPENDENT AUDITORS' REPORT PAGE THREE

Donnellon McCarthy Enterprises
401(k) Profit Sharing Plan & Trust

Auditor's Responsibilities for the Audit of the 2023 Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 DCFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 10, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the department of Labors Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1- DESCRIPTION OF PLAN

The following description of the Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Donnellon McCarthy Enterprises, Inc. (the Employer), who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes an automatic contribution arrangement provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default contribution rate set at 5%. Further, if the participant does not make an investment election, then the amount will be invested in a default investment that Plan officials have elected under the Qualified Default Investment Alternative.

During the years ended December 31, 2023 and 2022, the custodian of the Plan was Mid-Atlantic Trust Company.

Contributions

Eligible employees of the Employer can enroll in the Plan on the next quarterly entry date of January 1, April 1, July 1 and October 1.

Participants may contribute up to 90% of their annual compensation, as defined by the Plan, not to exceed the limits of applicable code sections. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The employer makes an optional matching contribution to participants' elective deferrals. For the year ended December 31, 2023, the matching contribution was 20%.

NOTE 1- DESCRIPTION OF PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may make changes of investment fund allocations on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Qualified matching contributions plus actual earnings thereon are based on a year of continuous service schedule, and a participant is 100 percent vested after five years of service.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,862 and \$640, respectively. The forfeitures were used by the Plan to reduce employer contributions during the Plan year, in accordance with the Plan document.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may make investment selections at enrollment or via phone or internet.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's (or the participant's beneficiary's) assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

NOTE 1- DESCRIPTION OF PLAN (continued)

Payment of benefits (continued)

A participant's beneficiary will receive the participant's account balance in the event of the participant's death, in accordance with the Plan provisions. Participants may withdraw their vested interest in the Plan under certain hardship conditions, as defined in the Plan document.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the Participant's account. Loan transactions are treated as transfers between the investment fund and the loan fund. Loan terms range from 12 to 60 months for general purpose loans, and can be taken out for a primary residence loan with a term of up to 180 months. All loans are repaid through payroll deductions. Interest is charged at the prime rate plus 1%, determined at the time the funds are borrowed. All loan fees are paid by the participant and are deducted directly from the assets of the participant's account. In the event of default, any unpaid loan balance is treated as distributed.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment valuation and income recognition

Investments are reported at fair value as determined by the Plan's administrator, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's fiscal year. The value of the investments in the collective trust funds are based on the contractual terms of the underlying agreement, which provides daily mil-rate for income accretion. See Note 3 for a discussion of fair value measurements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of benefits and withdrawals

Benefit payments and withdrawals to participants are recorded when paid.

Operating expenses

All expenses of maintaining the Plan are paid by the Company.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Contributions

Participant contributions are recognized when the participant contributions are withheld from participant's earnings. The Employer's policy is to make the contribution of participants withholding timely.

Allowance for Credit Losses – Notes Receivable from Participants

The allowance for credit losses is a valuation account that is deducted from, or added to, the note receivables amortized cost basis to present the net amount expected to be collected on the loan. Loans are charged off against the allowance when management believes the collectability of a loan balance is confirmed.

Management estimates the allowance balance using relevant available information, from internal and external sources, relating to past events, current conditions, and reasonable and supportable forecasts. Historical credit loss experience provides the basis for the estimation of expected credit losses. Adjustments to historical loss information are made for changes in environmental conditions, such as changes in unemployment rates, collateral values, or other relevant factors.

Management has determined there is no requirement to provide an allowance for credit loss because the loans are secured by the balance in the participant's account.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

Allowance for Credit Losses – Investments

Management assesses the financial condition and near-term prospects of the issuer, industry and/or geographic conditions, credit ratings as well as other indicators at the individual security level. Impairments below cost in the estimated fair value of individual securities when there is an intent to sell or for which it is more likely than not the Plan will not be required to sell before the impairment is recovered, are realized in other income in the statements of changes in net assets available for benefits. When there is not an intent to sell or it is more likely than not the Plan will not be required to sell the security before the impairment is recovered, management assesses whether the decline in fair value has resulted from credit losses or other factors. If the present value of discounted cash flows expected to be collected is less than the amortized cost basis, a credit loss exists and an allowance for securities credit losses is recorded. Such losses are limited to the amount that amortized cost exceeds fair value, even if the amount of the credit loss is greater. Any future changes in the allowance for credit losses is recorded as provision for (reversal of) credit losses. Losses attributable to other factors are charged to net appreciation (depreciation) in fair value of investments. Mutual Funds are carried in the financial statements at fair value and Common/Collective Trust funds are measured at net asset value, and both realized and unrealized gains and losses are included in net increase(decreased) in net assets.

Accounting Standard – Adopted

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments – Credit Losses (Topic 326): Measurement of *Credit Losses on Financial Instruments*.” ASU 2016-13 amendments provide guidance on accounting for current expected credit losses on financial instruments that are not accounted for at fair value through net income, including loans held for investment, held-to-maturity debt securities, trade and other receivables, net investment in leases and other commitments to extend credit held by a reporting entity at each reporting date. The required measurement methodology is based on expected loss model that includes historical experience, current conditions, and reasonable and supportable forecasts. ASU 2016-13 eliminated the probable incurred loss recognition in current GAAP.

During 2023, the Plan adapted ASU 2016-13 and it had no material effect on its financial statements and footnote disclosures.

Subsequent events

Management has evaluated subsequent events through September 27, 2024, the date the financial statements were available to be issued. Per the Plan Administrator, there were no subsequent events affecting the plan period.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan's Administrator assigns levels and categories to the Plan's investments. The three levels of the fair value hierarchy are described as follows:

Level 1 Quoted prices in active markets for identical assets at the measurement date. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

**DONNELLON MCCARTHY ENTERPRISES
401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

Level 2 Observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. This may include matrix pricing, yield curves and indices. No level 2 inputs were available to the Plan

Level 3 Unobservable inputs that reflect the Plan's own assumptions about the assumptions market participants would use to price an asset based on the best information available in the circumstances. No level 3 inputs were available to the Plan.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Common/Collective Trusts: The fair value of the investments in the common/collective trust are based on the contractual terms of the underlying agreement which provides a daily mil-rate for income accretion. The investment strategy for the common/collective trusts is to provide stable value. The Plan was not invested in any common/collective trusts at December 31, 2023 and 2022.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's Investments are reported at fair value as follows:

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

NOTE 4- BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2023 and 2022, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 5- PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 6-TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The plan administrator believes it is no longer subject to income tax examination for years ending prior to December 31, 2020.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

These transactions qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets (held at end of year). Mid-Atlantic Trust Company, the custodian of the Plan at year end, does not manage the Plan investments. Therefore, there are no related party-in-interest transactions denoted on the supplemental schedules of assets (held at end of year).

NOTE 8-INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid-Atlantic Trust Company, the custodian of the Paychex Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2023 and 2022 and for the year ended December 31, 2023:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest income
- Schedule of assets (held at end of year)

The Plan's Independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - CARES ACT AND SECURE ACT

The Plan implemented certain requirements by the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act). These laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions and delay the commencement date for required minimum distributions. The applicable optional features within these acts have been implemented to date. Written amendments to the Plan to reflect these operational changes may be adopted on or before December 31, 2025, in accordance with applicable law and IRS guidance.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust, (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

INDEPENDENT AUDITORS' REPORT PAGE THREE

To the Trustees of
Donnellon McCarthy Enterprises
401(k) Profit Sharing Plan & Trust

Auditor's Responsibilities for the Audit of the 2023 Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan & Trust as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 DCFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 10, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the department of Labors Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1- DESCRIPTION OF PLAN

The following description of the Donnellon McCarthy Enterprises 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Donnellon McCarthy Enterprises, Inc. (the Employer), who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes an automatic contribution arrangement provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default contribution rate set at 5%. Further, if the participant does not make an investment election, then the amount will be invested in a default investment that Plan officials have elected under the Qualified Default Investment Alternative.

During the years ended December 31, 2023 and 2022, the custodian of the Plan was Mid-Atlantic Trust Company.

Contributions

Eligible employees of the Employer can enroll in the Plan on the next quarterly entry date of January 1, April 1, July 1 and October 1.

Participants may contribute up to 90% of their annual compensation, as defined by the Plan, not to exceed the limits of applicable code sections. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The employer makes an optional matching contribution to participants' elective deferrals. For the year ended December 31, 2023, the matching contribution was 20%.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1- DESCRIPTION OF PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may make changes of investment fund allocations on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Qualified matching contributions plus actual earnings thereon are based on a year of continuous service schedule, and a participant is 100 percent vested after five years of service.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,862 and \$640, respectively. The forfeitures were used by the Plan to reduce employer contributions during the Plan year, in accordance with the Plan document.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may make investment selections at enrollment or via phone or internet.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's (or the participant's beneficiary's) assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

NOTE 1- DESCRIPTION OF PLAN (continued)

Payment of benefits (continued)

A participant's beneficiary will receive the participant's account balance in the event of the participant's death, in accordance with the Plan provisions. Participants may withdraw their vested interest in the Plan under certain hardship conditions, as defined in the Plan document.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the Participant's account. Loan transactions are treated as transfers between the investment fund and the loan fund. Loan terms range from 12 to 60 months for general purpose loans, and can be taken out for a primary residence loan with a term of up to 180 months. All loans are repaid through payroll deductions. Interest is charged at the prime rate plus 1%, determined at the time the funds are borrowed. All loan fees are paid by the participant and are deducted directly from the assets of the participant's account. In the event of default, any unpaid loan balance is treated as distributed.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment valuation and income recognition

Investments are reported at fair value as determined by the Plan's administrator, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's fiscal year. The value of the investments in the collective trust funds are based on the contractual terms of the underlying agreement, which provides daily mil-rate for income accretion. See Note 3 for a discussion of fair value measurements.

**DONNELLON MCCARTHY ENTERPRISES
401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of benefits and withdrawals

Benefit payments and withdrawals to participants are recorded when paid.

Operating expenses

All expenses of maintaining the Plan are paid by the Company.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Contributions

Participant contributions are recognized when the participant contributions are withheld from participant's earnings. The Employer's policy is to make the contribution of participants withholding timely.

Allowance for Credit Losses – Notes Receivable from Participants

The allowance for credit losses is a valuation account that is deducted from, or added to, the note receivables amortized cost basis to present the net amount expected to be collected on the loan. Loans are charged off against the allowance when management believes the collectability of a loan balance is confirmed.

Management estimates the allowance balance using relevant available information, from internal and external sources, relating to past events, current conditions, and reasonable and supportable forecasts. Historical credit loss experience provides the basis for the estimation of expected credit losses. Adjustments to historical loss information are made for changes in environmental conditions, such as changes in unemployment rates, collateral values, or other relevant factors.

Management has determined there is no requirement to provide an allowance for credit loss because the loans are secured by the balance in the participant's account.

401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

Allowance for Credit Losses – Investments

Management assesses the financial condition and near-term prospects of the issuer, industry and/or geographic conditions, credit ratings as well as other indicators at the individual security level. Impairments below cost in the estimated fair value of individual securities when there is an intent to sell or for which it is more likely than not the Plan will not be required to sell before the impairment is recovered, are realized in other income in the statements of changes in net assets available for benefits. When there is not an intent to sell or it is more likely than not the Plan will not be required to sell the security before the impairment is recovered, management assesses whether the decline in fair value has resulted from credit losses or other factors. If the present value of discounted cash flows expected to be collected is less than the amortized cost basis, a credit loss exists and an allowance for securities credit losses is recorded. Such losses are limited to the amount that amortized cost exceeds fair value, even if the amount of the credit loss is greater. Any future changes in the allowance for credit losses is recorded as provision for (reversal of) credit losses. Losses attributable to other factors are charged to net appreciation (depreciation) in fair value of investments. Mutual Funds are carried in the financial statements at fair value and Common/Collective Trust funds are measured at net asset value, and both realized and unrealized gains and losses are included in net increase(decreased) in net assets.

Accounting Standard – Adopted

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments – Credit Losses (Topic 326): Measurement of *Credit Losses on Financial Instruments*.” ASU 2016-13 amendments provide guidance on accounting for current expected credit losses on financial instruments that are not accounted for at fair value through net income, including loans held for investment, held-to-maturity debt securities, trade and other receivables, net investment in leases and other commitments to extend credit held by a reporting entity at each reporting date. The required measurement methodology is based on expected loss model that includes historical experience, current conditions, and reasonable and supportable forecasts. ASU 2016-13 eliminated the probable incurred loss recognition in current GAAP.

During 2023, the Plan adapted ASU 2016-13 and it had no material effect on its financial statements and footnote disclosures.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

Management has evaluated subsequent events through September 27, 2024, the date the financial statements were available to be issued. Per the Plan Administrator, there were no subsequent events affecting the plan period.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan's Administrator assigns levels and categories to the Plan's investments. The three levels of the fair value hierarchy are described as follows:

Level 1 Quoted prices in active markets for identical assets at the measurement date. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

**DONNELLON MCCARTHY ENTERPRISES
401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

Level 2 Observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. This may include matrix pricing, yield curves and indices. No level 2 inputs were available to the Plan

Level 3 Unobservable inputs that reflect the Plan's own assumptions about the assumptions market participants would use to price an asset based on the best information available in the circumstances. No level 3 inputs were available to the Plan.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Common/Collective Trusts: The fair value of the investments in the common/collective trust are based on the contractual terms of the underlying agreement which provides a daily mil-rate for income accretion. The investment strategy for the common/collective trusts is to provide stable value. The Plan was not invested in any common/collective trusts at December 31, 2023 and 2022.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's Investments are reported at fair value as follows:

Mutual Funds	<u>\$3,984,164</u>	\$ _____	\$ _____	<u>\$3,984,164</u>
Total Investment at fair value				<u>\$3,984,164</u>

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

NOTE 4- BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2023 and 2022, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 5- PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 6-TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The plan administrator believes it is no longer subject to income tax examination for years ending prior to December 31, 2020.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

These transactions qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets (held at end of year). Mid-Atlantic Trust Company, the custodian of the Plan at year end, does not manage the Plan investments. Therefore, there are no related party-in-interest transactions denoted on the supplemental schedules of assets (held at end of year).

NOTE 8-INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid-Atlantic Trust Company, the custodian of the Paychex Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2023 and 2022 and for the year ended December 31, 2023:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest income
- Schedule of assets (held at end of year)

The Plan's Independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - CARES ACT AND SECURE ACT

The Plan implemented certain requirements by the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act). These laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions and delay the commencement date for required minimum distributions. The applicable optional features within these acts have been implemented to date. Written amendments to the Plan to reflect these operational changes may be adopted on or before December 31, 2025, in accordance with applicable law and IRS guidance.
