Retirement Committee and Plan Participants
Acoma Business Enterprises 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Acoma Business Enterprise 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the plan audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023, and the supplemental schedule of delinquent participant contributions, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1) Summary of Significant Plan Provisions

The following description of Acoma Business Enterprises 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan has been established by the Pueblo of Acoma (the “Tribe”), a federally recognized Indian Tribe and operates under the authority of Tribal Council. The Plan is a defined contribution plan covering all employees of Acoma Business Enterprises (the “Employer”), a governmental enterprise of the Tribe, who have completed six months of service and are age eighteen or older. Participation commences on the entry date (first day of each calendar quarter) after meeting the eligibility requirements. The Employer serves as the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

From July 1, 1998 through December 31, 2006, this Plan was documented and operated as a governmental plan in accordance with Section 414(d) of the Internal Revenue Code (IRC) and Section 3(32) of ERISA. Effective January 1, 2007, the Plan became subject to the provisions of Section 906 of the Pension Protection Act of 2006 (PPA). Although the Employer and the Tribe maintain that the Plan continues to be entitled to governmental status following the passage of the PPA, the Employer is operating this as a nongovernmental plan effective January 1, 2007, pending further guidance from the U.S. Departments of Treasury and Labor. The Employer is operating the Plan in accordance with its reasonable and good faith interpretation of the PPA, as required by IRS Notice 2006-89 and IRS Notice 2007-67. As of December 31, 2023, there were 501 participants in the Plan, 346 of whom have account balances.

Contributions

Employee pre-tax contributions may be made up to the maximum limits of Section 402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Upon enrollment in the Plan, participants direct the investment of all contributions in a variety of investment options offered by the Plan.

For 2023 and 2022, the Employer made discretionary matching contributions of 50% of the participants’ deferral up to 6% of the participants’ eligible compensation. The Employer may also make profit sharing contributions; however, none were made for 2023 or 2022.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon.

Vesting in the Employer's discretionary matching and profit sharing contributions portion of their accounts plus earnings thereon is based on years of service, as defined by the Plan. Employer discretionary matching and profit sharing contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	-0-%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The maximum loan period is five years unless the loan is for a participant's principal residence, in which case the loan may be extended to ninety-nine months. The interest rate is 1% over the prime rate on the first business day of the month the loan is originated. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or in the form of a direct rollover to an IRA or other tax qualified plan. A participant may withdraw all or a portion of their pre-tax deferral account in the event of financial hardship, as defined by the Plan.

Mandatory Cash-Out

If the amount of benefits in a participant's account is \$5,000 or less at the time of separation, the Employer will distribute benefits at that time in a lump sum cash payment or into a direct rollover. This "cash-out" distribution is processed without the consent of the participant. Effective May 1, 2024, the plan was amended to increase the mandatory cash-out provision from \$5,000 to \$7,000.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Forfeitures

Forfeitures of terminated participants' nonvested account balances may be used to pay Plan administrative expenses or reduce Employer contributions. As of December 31, 2023 and 2022, the balance in the forfeited nonvested accounts was \$2,776 and \$4,595, respectively. For 2023 and 2022, there were no forfeitures from nonvested accounts used to reduce Employer contributions. During 2023 and 2022, administrative expenses totaling \$6,500 and \$7,010, respectively, were paid from forfeited nonvested accounts.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting based on the accounting standards as promulgated by the Governmental Accounting Standards Board.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value except for fully benefit responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, Employer to pay significant costs of Plan administration. At any time, the Employer may elect for the Plan to pay administration costs. The Employer paid a portion of the Plan's administrative expenses for the years ended December 31, 2023 and 2022, which are not included in these financial statements. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through August 26, 2024, the date which the financial statements were available to be issued.

3) Investments and Fair Value Measurements

The Governmental Accounting Standards Board (GASB) issued Statement No. 72, *Fair Value Measurements and Applications*, which provides the framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents investments measured at fair value by classification within the fair value hierarchy as of December 31:

2023		Investments at Fair Value			
		Level 1	Level 2	Level 3	Total
Mutual Funds		<u>\$ 6,971,294</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,971,294</u>

2022		Investments at Fair Value			
		Level 1	Level 2	Level 3	Total
Mutual Funds		<u>\$ 5,982,385</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,982,385</u>

4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the trustee of the Plan has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022. Notes receivable from participants are not certified.
- Investment income reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investments reflected on the supplemental schedule of assets held at end of year.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

5) Fully Benefit Responsive Investment Contract

The Plan entered into a fully benefit-responsive investment contract with Empower Annuity Insurance Company (Empower). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed income guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Average yield earned by the Plan for the fully benefit responsive investment contract with an adjustment to reflect the actual interest rate credited to participants is calculated by dividing annualized earnings credited to participants by the contract value of the investment. The average yield based on actual earnings and crediting interest rate for 2023 and 2022 was approximately 1.1% and 0.9%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that no events have occurred or are probable of occurring, that would limit the Plan's ability to transact at contract value with participants.

The contract may be terminated with 60 days advance written notice to the contract owner. Upon termination, a market value adjustment may apply. If the contract is terminated prior to Empower's recovery of any and all start-up costs incurred, such amounts, as well as any and all outstanding charges and fees, shall be recouped as a contract termination charge.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all their Employer contributions.

7) Tax Status

The Plan is operating as a tax exempt plan under a prototype document with a non-standardized adoption agreement. The Internal Revenue Service has determined and informed the prototype plan sponsor by letter dated November 14, 2022, that the prototype plan, as then designed, is in compliance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan's administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8) Related-Party and Party-in-Interest Transactions

Certain Plan assets are investments managed by Empower Trust Company, the trustee of the Plan's investments. These transactions qualify as exempt party-in-interest transactions. The Employer provides certain accounting and administrative services to the Plan for which no fees are charged.

For the years ended December 31, 2023 and 2022, fees paid by the Plan for administrative expenses, such as third party administrative fees, totaled \$37,387 and \$39,880, respectively.

Acoma Business Enterprises 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

9) Delinquent Participant Contributions

As disclosed in the supplemental schedule of delinquent participant contributions, eight payrolls were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 20 CFR 2510.3-102, thus constituting nonexempt transactions between the Employer and the Plan. All delinquent 2023 participant contributions were remitted to the Plan no later than December 31, 2023.
