(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Performance Contracting Group, Inc. ESOP/401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate for all assets, except Company stock.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Performance Contracting Group, Inc. ESOP/401(k) Plan (the Plan) provides only general information. The Plan currently owns all outstanding shares of Performance Contracting Group, Inc. (the Company). Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by the Company for the benefit of its salaried employees who have at least one year of service (1,000 hours of service) and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (member of The Principal Financial Group) serves as the plan custodian. The Plan is a self-trusted plan.

Contributions

Employee – Participants may elect to contribute a minimum of 1% up to 13% of pre-tax base compensation (before bonuses and overtime) up to a maximum of \$22,500 for 2023 and \$20,500 for 2022. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of all salary deferral contributions made to the Plan. Investment account options available include various funds. Each participant has the option of directing his/her contributions into any of the separate investment accounts and may change the allocation daily. Company stock is not an investment option for employee elective salary deferrals; however, employees can elect to use salary deferrals to buy Company stock in the internal market program.

Employer – Contributions are made by the Company in the form of cash or common stock of the Company. The plan trustee directs the investment of matching and discretionary contributions.

Each year the Company may, but is not required to, make matching contributions as well as ESOP discretionary contributions to the Plan. For the years ended December 31, 2023 and 2022, the Company matched 100% of participants' deferrals up to 6% of compensation. The Company's discretionary ESOP contributions were 15% of eligible base salaries for both 2023 and 2022. The total ESOP/401(k) contribution was \$25,182,953 and \$22,409,907 for 2023 and 2022, respectively.

Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of the matching or ESOP discretionary contributions for such year.

Contributions are subject to certain ERISA limitations.

Participant Investment Account Options

The Plan maintains two separate accounts, a stock account and a general account, for each participant. All employer contributions and subsequent purchases of Company common stock are allocated to the stock account. All other assets are allocated to the general account.

Performance Contracting Group, Inc. ESOP/401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, forfeitures and investment earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately vested in their salary deferral contributions and earnings thereon. Vesting in the Company's matching contribution and the discretionary contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant vests at 20% per year, with 100% vesting after five years of credited service. The nonvested balance is forfeited in accordance with the Plan Document. Forfeitures are used in future years to fund any future employer contributions.

Upon termination of employment due to normal retirement, disability or death, participants become fully vested in the employer contribution portions of their accounts.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. No more than two loans per participant may be outstanding at any one time. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Payment of Benefits

Distributions are made in lump-sum amounts, other than the Company stock, as soon as administratively feasible upon termination of employment or normal retirement.

Under the provisions of the Plan, the Company is obligated to repurchase shares of the Company stock when a participant terminates employment. Distributions may only be made after the Company stock has been converted to cash. The Company stock of terminated participants generally will be converted to cash five times a year – at December 31, March 30, June 30, August 20 and September 29, and as of other dates determined by the administrative committee. For participants terminating January through March 30, the conversion occurs as soon as administratively feasible following March 30 based on the preceding December 31 appraisal. For participants terminating March 31 – August 20, the conversion occurs as soon as administratively feasible in August based on the preceding June 30 appraisal. For participants terminating August 21 through September 29, the conversion occurs as soon as administratively feasible following September 29 based on the preceding June 30 appraisal. For participants terminating September 30 through December 31, the conversion occurs as soon as administratively feasible in April based on the preceding December 31 appraisal. Conversions will only occur if there is available cash. The purchase price will be the appraised value of the stock as of the most recent semi-annual (June 30 or December 31) appraisal preceding the date of purchase.

Notes to Financial Statements
December 31, 2023 and 2022

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account. The Trustee is not permitted to vote any allocated share for which a participant has not given instructions. However, the Trustee is allowed to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Diversification

Diversification is offered to participants with stock accounts who are approaching retirement age. Participants who are at least age 55, with at least 10 years of participation in the Plan, may elect to diversify a portion of their stock accounts. Diversification is offered to each eligible participant over a six-year period. A participant may diversify up to a cumulative 25% of the shares allocated to his or her stock account for five years and 50% in the sixth and final year.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$203,367 and \$125,003, respectively. These accounts were used to reduce the employer contributions receivable at December 31, 2023 and 2022. The amounts are to be allocated to participant's accounts in accordance with plan provisions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting.

Trustee and Custodian

The Plan is a self-trusteed plan. The trustee of the Plan, Administrative Committee of Performance Contracting Group, Inc., holds the Plan's investments of Performance Contracting Group, Inc.'s common shares. The Principal Trust Company (the custodian) holds the Plan's investments in mutual funds, pooled separate accounts and collective trust funds. The Principal Stable Value Fund is a collective investment trust held by Union Bond & Trust Company, as trustee. Union Bond & Trust Company is a wholly-owned subsidiary of The Principal Financial Group.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Investments in Performance Contracting Group, Inc. common stock are stated at estimated fair value on December 31, 2023 and 2022. Fair value is determined by annual independent appraisals. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts are valued at estimated fair value as provided by Principal Life Insurance Company.

The Plan's interest in the collective trusts are valued using NAV as a practical expedient at year end.

Performance Contracting Group, Inc. ESOP/401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Expenses incurred in connection with the administration and audit of the Plan, except for participant loan origination and servicing fees charged by The Principal Financial Group (the Loan Administrator) and surrender charges on guaranteed interest contracts, are paid by the Company or the Plan, at the Company's discretion.

Participant loan origination and servicing fees are paid to the Loan Administrator by the respective employee obtaining the loan. Loan expenses of \$27,362 and \$28,792 for the years ended December 31, 2023 and 2022, respectively, were paid by participants.

Note 3. Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental schedule are complete and accurate for all assets, except Company stock:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Performance Contracting Group, Inc. ESOP/401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Plan invests in certain funds of the plan custodian. The Plan paid \$74,189 and \$68,741 of recordkeeping fees to Principal Trust Company during 2023 and 2022, respectively. The Plan Sponsor provides certain administrative services at no cost to the Plan.

Certain plan investments are units of pooled separate accounts and collective trust funds managed by Principal Trust Company, which is a custodian as defined by the plan agreement. Therefore, these transactions qualify as party-in-interest transactions.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Activity – Nonparticipant-directed investments

The following is a reconciliation of the nonparticipant-directed investments of the Company's common stock for the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

Balance, January 1, 2022	\$ 1,174,892,586
Total realized and unrealized gains and losses included in net increase in net assets available for benefits, including dividends	212,577,082

Issuances and settlements	<u>(152,528,150)</u>
Balance, December 31, 2023	<u><u>\$ 2,176,124,629</u></u>

For the years ended December 31, 2023 and 2022, realized and unrealized gains and losses included in net increase in net assets available for benefits for the period from January 1, 2022 through December 31, 2023, are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits. There were no transfers in or out of Level 3 during the years ended December 31, 2023 and 2022.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The Plan adopted ASU 2015-07, *Fair Value Measurements: Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share*, which allows the Plan, as a practical expedient, to measure the fair value of certain investments using the net asset value (NAV) per share. The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Notes to Financial Statements
December 31, 2023 and 2022

- (A) This category invests in a collective trust fund as well as a variety of separate accounts and mutual funds. Management of the funds has the ability to shift investments among differing investment strategies. The investments can be redeemed at NAV as of the measurement date. There are no unfunded commitments for the collective trust funds.

Note 6. Plan Amendments

Effective December 1, 2022, the Plan was amended to authorize participants to withdraw contributions while remaining in-service employees.

Effective October 1, 2023, the Plan was amended to add further wording and procedural updates to be compliant and in line with *Secure 2.0 Act* changes for the Plan and added Safe-Harbor matching into the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The IRS has determined and informed the Company by a letter dated September 25, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 9. Risks and Uncertainties

The Plan invests in Company common stock and various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through September 23, 2024, which is the date the financial statements were available to be issued.
