Independent Auditor's Report

To the Plan Administrator of the Lee Bank 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lee Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i- Schedule of Assets (held at the end of the year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Lee Bank 401(k) Plan

Notes to Financial Statements

As of December 31, 2023 and 2022 and for
the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN

The following brief description of the Lee Bank 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Lee Bank (the “Bank”), a wholly-owned subsidiary of Berkshire Financial Services, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

All assets acquired under this Plan as a result of participant and Bank contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan. The Plan is administered by the Bank for the exclusive benefit of participants in the Plan and their beneficiaries.

The Plan’s Trustee is Empower Trust Company, LLC (the “Trustee”). Effective January 4, 2021, Empower Retirement (“Empower”) acquired MassMutual Retirement Services and has been serving as the record keeper and administer the Plan’s assets for the benefit of participants.

Eligibility

To become eligible for participation, an employee must be at least age 21 and must not be a union employee or nonresident alien. The employee will become a participant in the Plan on the first day of the month following the date on which they become eligible.

Participant Contributions

An active participant may elect to make contributions to the Plan subject to limitations as defined in the Internal Revenue Code (“IRC”) as follows:

Elective Deferrals

Each year, participants may contribute up to 100% of their compensation, as defined in the Plan document, up to the maximum limits of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may change salary deferral elections at any time which become effective as soon as administratively feasible after it is received by the plan administrator. Participants direct investment of their contributions into various investment options offered by the Plan.

Lee Bank 401(k) Plan

Rollover Contributions

Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans, if the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

The Bank may make a discretionary profit sharing contribution that will be allocated to each eligible participant pro rata in the ratio of each participant's compensation to the compensation of all eligible participants. Employees are eligible to receive the contribution upon attainment of age 21, completion of 1,000 hours of service during the plan year, and they are employed by the Bank on the last day of the plan year.

The Bank makes a safe harbor contribution in an amount not less than 3% of Participant's Compensation. Employees are eligible to receive the contribution when they become eligible for the plan. Participants are immediately vested in Bank safe harbor contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Bank's profit sharing and safe harbor contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Bank's safe harbor contribution plus actual earnings thereon. Vesting in the Bank's profit sharing contributions are based on years of continuous service and become 100% vested upon completion of three years of service and 0% vested with less than three years of service. Upon death, retirement, or disability, employees will be 100% vested in Bank contributions.

If a participant terminates employment with the Bank and is subsequently re-employed by the Bank, they are entitled to a credit for vesting purposes for prior years of service, provided that all consecutive one-year breaks in service do not equal or exceed the greater of five years or the number of prior years of service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account or installment payments over a period not to exceed the joint life expectancy of the participant and beneficiary. In addition, the Plan allows for in-service and hardship distributions if certain criteria are met.

Lee Bank 401(k) Plan

Notes Receivable from Participants

Participants may borrow up to a maximum loan amount equal to the lesser of 50% of their vested participant account balance, or \$50,000, less the highest outstanding loan balance under the Plan during the preceding year. Participants may have a maximum of two loans outstanding at any one time and the minimum loan amount is \$1,000.

The term of the loan may not exceed five years, but may be longer if used to purchase or build a principal residence. The interest rate is determined by the Plan administrator based on prevailing market conditions. The interest rates were 4.25% to 9.50% as of December 31, 2023.

Principal and interest on these notes receivable is paid ratably by the appropriate participants through bi-weekly payroll deductions.

Forfeitures

Forfeited nonvested accounts are used to pay administrative expenses or used to reduce future employer contributions. No forfeitures will be used to reduce the 2023 employer profit sharing contribution. As of December 31, 2023 and 2022 there were \$1,420 and \$1,363, respectively, in forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value).

See independent auditor's report.

Lee Bank 401(k) Plan

Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the safe harbor and profit sharing contributions from the Bank are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Bank and are excluded from these financial statements. Fees related to the benefits paid to participants and processing of loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Trust Company and Empower Annuity Insurance Company of America ("EAIC"), except for comparing such information certified to information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year). The Plan Administrator has obtained certifications from the Trustee and EAIC, that the information is complete and accurate.

See independent auditor's report.

Lee Bank 401(k) Plan

Information certified is as follows:

	2023	2022
Investments at fair value:		
Mutual funds	\$ 14,607,487	\$ 10,908,036
Pooled separate accounts	1,104,002	1,431,695
Investments at contract value:		
Guaranteed interest account	281,818	760,513
Participant loans:		
Notes receivable from participants	132,394	112,809
Investment income:		
Net appreciation in fair value of investments	2,248,604	
Dividend and interest income	408,237	
Interest income:		
Notes receivable from participants	10,641	

The Trustee and EAIC also certified the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See independent auditor's report.

Lee Bank 401(k) Plan

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and December 31, 2022:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV of units held by the plan at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Lee Bank 401(k) Plan

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. There are no reserves against

See independent auditor's report.

Lee Bank 401(k) Plan

contract value for credit risk of Massachusetts Mutual Life Insurance Company or otherwise. The crediting rate is based on a formula established by the contract issuer which will be no less than 1% or more than 3%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Bank and certain other Bank-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the issuer may terminate the contract.

6. TAX STATUS

The Plan adopted the Strategic Pension Services LLC Volume Submitter Profit Sharing Plan with CODA which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying volume submitter plan document is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor ("DOL"). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to December 31, 2020.

See independent auditor's report.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of investments and insurance contracts managed by Empower. Empower is the recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. Administrative costs of the Plan paid to the recordkeeper amounted to \$405 for the year ended December 31, 2023. Fees paid for investment management services are included as a reduction of the return earned on these investments. Notes receivable from participants also qualify as party-in-interest transactions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 16,520,230	\$ 13,589,419
Less: current year employer contribution receivable	<u>(394,529)</u>	<u>(376,366)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 16,125,701</u></u>	<u><u>\$ 13,213,053</u></u>

The following is a reconciliation of the net increase in the statement of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 2,930,811
Add: prior year employer contribution receivable	376,366
Less: current year employer contribution receivable	<u>(394,529)</u>
Changes in net assets available for benefits per Form 5500	<u><u>\$ 2,912,648</u></u>

See independent auditor's report.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 17, 2024, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

Independent Auditor's Report

To the Plan Administrator of the Lee Bank 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lee Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i- Schedule of Assets (held at the end of the year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Lee Bank 401(k) Plan

Notes to Financial Statements

As of December 31, 2023 and 2022 and for
the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN

The following brief description of the Lee Bank 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Lee Bank (the “Bank”), a wholly-owned subsidiary of Berkshire Financial Services, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

All assets acquired under this Plan as a result of participant and Bank contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan. The Plan is administered by the Bank for the exclusive benefit of participants in the Plan and their beneficiaries.

The Plan’s Trustee is Empower Trust Company, LLC (the “Trustee”). Effective January 4, 2021, Empower Retirement (“Empower”) acquired MassMutual Retirement Services and has been serving as the record keeper and administer the Plan’s assets for the benefit of participants.

Eligibility

To become eligible for participation, an employee must be at least age 21 and must not be a union employee or nonresident alien. The employee will become a participant in the Plan on the first day of the month following the date on which they become eligible.

Participant Contributions

An active participant may elect to make contributions to the Plan subject to limitations as defined in the Internal Revenue Code (“IRC”) as follows:

Elective Deferrals

Each year, participants may contribute up to 100% of their compensation, as defined in the Plan document, up to the maximum limits of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may change salary deferral elections at any time which become effective as soon as administratively feasible after it is received by the plan administrator. Participants direct investment of their contributions into various investment options offered by the Plan.

Lee Bank 401(k) Plan

Rollover Contributions

Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans, if the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

The Bank may make a discretionary profit sharing contribution that will be allocated to each eligible participant pro rata in the ratio of each participant's compensation to the compensation of all eligible participants. Employees are eligible to receive the contribution upon attainment of age 21, completion of 1,000 hours of service during the plan year, and they are employed by the Bank on the last day of the plan year.

The Bank makes a safe harbor contribution in an amount not less than 3% of Participant's Compensation. Employees are eligible to receive the contribution when they become eligible for the plan. Participants are immediately vested in Bank safe harbor contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Bank's profit sharing and safe harbor contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Bank's safe harbor contribution plus actual earnings thereon. Vesting in the Bank's profit sharing contributions are based on years of continuous service and become 100% vested upon completion of three years of service and 0% vested with less than three years of service. Upon death, retirement, or disability, employees will be 100% vested in Bank contributions.

If a participant terminates employment with the Bank and is subsequently re-employed by the Bank, they are entitled to a credit for vesting purposes for prior years of service, provided that all consecutive one-year breaks in service do not equal or exceed the greater of five years or the number of prior years of service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account or installment payments over a period not to exceed the joint life expectancy of the participant and beneficiary. In addition, the Plan allows for in-service and hardship distributions if certain criteria are met.

Lee Bank 401(k) Plan

Notes Receivable from Participants

Participants may borrow up to a maximum loan amount equal to the lesser of 50% of their vested participant account balance, or \$50,000, less the highest outstanding loan balance under the Plan during the preceding year. Participants may have a maximum of two loans outstanding at any one time and the minimum loan amount is \$1,000.

The term of the loan may not exceed five years, but may be longer if used to purchase or build a principal residence. The interest rate is determined by the Plan administrator based on prevailing market conditions. The interest rates were 4.25% to 9.50% as of December 31, 2023.

Principal and interest on these notes receivable is paid ratably by the appropriate participants through bi-weekly payroll deductions.

Forfeitures

Forfeited nonvested accounts are used to pay administrative expenses or used to reduce future employer contributions. No forfeitures will be used to reduce the 2023 employer profit sharing contribution. As of December 31, 2023 and 2022 there were \$1,420 and \$1,363, respectively, in forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value).

See independent auditor's report.

Lee Bank 401(k) Plan

Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the safe harbor and profit sharing contributions from the Bank are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Bank and are excluded from these financial statements. Fees related to the benefits paid to participants and processing of loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Trust Company and Empower Annuity Insurance Company of America ("EAIC"), except for comparing such information certified to information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year). The Plan Administrator has obtained certifications from the Trustee and EAIC, that the information is complete and accurate.

See independent auditor's report.

Lee Bank 401(k) Plan

Information certified is as follows:

	2023	2022
Investments at fair value:		
Mutual funds	\$ 14,607,487	\$ 10,908,036
Pooled separate accounts	1,104,002	1,431,695

Investment income:		
Net appreciation in fair value of investments	2,248,604	
Dividend and interest income	408,237	
Interest income:		
Notes receivable from participants	10,641	

The Trustee and EAIC also certified the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See independent auditor's report.

Lee Bank 401(k) Plan

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and December 31, 2022:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV of units held by the plan at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Lee Bank 401(k) Plan

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,607,487	\$ -	\$ -	\$ 14,607,487

December 31, 2022	Fair Value Measurements

Total	<u>\$ 10,908,036</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,339,731</u>

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. There are no reserves against

See independent auditor's report.

Lee Bank 401(k) Plan

contract value for credit risk of Massachusetts Mutual Life Insurance Company or otherwise. The crediting rate is based on a formula established by the contract issuer which will be no less than 1% or more than 3%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Bank and certain other Bank-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the issuer may terminate the contract.

6. TAX STATUS

The Plan adopted the Strategic Pension Services LLC Volume Submitter Profit Sharing Plan with CODA which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying volume submitter plan document is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor ("DOL"). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to December 31, 2020.

See independent auditor's report.

Lee Bank 401(k) Plan

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of investments and insurance contracts managed by Empower. Empower is the recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. Administrative costs of the Plan paid to the recordkeeper amounted to \$405 for the year ended December 31, 2023. Fees paid for investment management services are included as a reduction of the return earned on these investments. Notes receivable from participants also qualify as party-in-interest transactions.
