Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 511872.

Independent Auditors' Report

To the Plan Administrator of
DallasNews Corporation Pension Plan I

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DallasNews Corporation Pension Plan I (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and the statements of accumulated plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits and statement of changes in accumulated plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DallasNews Corporation Pension Plan I's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DallasNews Corporation Pension Plan I and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DallasNews Corporation Pension Plan I's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DallasNews Corporation Pension Plan I's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DallasNews Corporation Pension Plan I's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

DallasNews Corporation Pension Plan I

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the DallasNews Corporation Pension Plan I provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The DallasNew Corporation Pension Plan I (the Plan) is a noncontributory defined benefit plan sponsored by DallasNews Corporation (the Company or Employer) established effective January 1, 2011, as restated November 1, 2014. The Company established the Plan and DallasNews Corporation Pension Plan II on January 1, 2011, upon the Company's withdrawal of its participants from The G. B. Dealey Retirement Pension Plan (the GBD Pension Plan), a noncontributory defined benefit plan sponsored by Belo Corp., the former parent of the Company. The Plan provides retirement benefits to current and former employees of The Providence Journal Company and employees of the Company's corporate headquarters who were withdrawn from the GBD Pension Plan. Accrual of new benefits to participants was frozen prior to plan inception. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Benefits Administrative Committee is responsible for oversight of the Plan. The Benefits Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Master Trust

The Plan's investments are held in the DallasNews Corporation Pension Plan Master Trust (the Master Trust), which was established for the investment of assets of the Plan and another DallasNews Corporation sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Bank of New York Mellon/BNY Mellon, N.A. (Trustee).

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2023. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Pension Benefits

Monthly retirement benefit payments are computed based on several factors including, but not limited to, retirement date, age at date of retirement, years of credited service, and final monthly compensation eligible for benefits as defined in the plan document.

Retirement is available to participants generally as early as age 55 and normal retirement starts at age 65. Participants can elect various payment options for their monthly retirement benefit. Payment options for participants consist of (i) a 10-year certain and continuous annuity paid each month to the participant and the designated beneficiary in the event of death, or (ii) a reduced amount, which is the actuarial equivalent of a 10-year certain and continuous annuity paid (a) in equal monthly installments over the life of the participant, or (b) in equal monthly installments over the life of the participant and in further reduced installments to the beneficiary in the event of death.

Participants have a 100% vested and nonforfeitable interest in their account balance. Plan participants are eligible for their plan benefit after terminating employment with vested rights.

DallasNews Corporation Pension Plan I

Notes to Financial Statements

December 31, 2023 and 2022

Death and Disability Benefits

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefit is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the equivalent normal retirement benefit they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the investment income of the Master Trust, in the accompanying Statement of Changes in Net Assets Available for Benefits includes the Plan's allocation of interest, dividends, realized gains or losses from the sale of investments, and unrealized appreciation or depreciation in the fair value of investments held by the Master Trust, and fees charged to the Master Trust, which are netted against or included with net appreciation (depreciation) in fair value of investments. These fees represent charges by the Trustee for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

DallasNews Corporation Pension Plan I

Notes to Financial Statements

December 31, 2023 and 2022

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Recent Accounting Standards

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2023, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 1, 2024, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by Milliman, Inc. and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, 2023 and 2022, respectively there would be no material differences.

DallasNews Corporation Pension Plan I

Notes to Financial Statements

December 31, 2023 and 2022

The significant actuarial assumptions used in the valuations were:

Assumptions

Interest rate	6.25% for 2023 and 4.9% for 2022
Mortality	Pri-2012 Total Dataset Mortality Table projected forward using IRS 2024 adjusted Scale MP-2021 on a generational basis with sex-distinct employee rates before benefit commencement and retiree and survivor rates after benefit commencement for 2023 and Pri-2012 Total Dataset Amount-Weighted Mortality Table projected forward with fully generational mortality improvements using the MP-2021 projection scale for 2022
Retirement age	Age 62

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The increase in the interest rate and mortality assumptions accounts for the decrease in actuarial present value of accumulated benefits due to changes in actuarial assumptions.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

DallasNews Corporation Pension Plan I

Notes to Financial Statements

December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts are valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the collective trust, the investment manager reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, a summary of the investments in the Master Trust at fair value as of December 31, 2023 and 2022:

Master Trust Assets at Fair

5. Interest in Master Trust

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2023 and 2022, the Plan's interest in the net assets of the Master Trust was approximately 50%. Total investment income (including net appreciation in the fair value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of the time the plan's assets were invested in the Master Trust.

The following table presents the investments and other assets and liabilities of the Master Trust as of December 31, 2023 and 2022:

	Master Trust Balances 2023	Plan's Interest in Master Trust Balances 2023	Master Trust Balances 2022	Plan's Interest in Master Trust Balances 2022
Assets				
Cash	\$ 693	\$ 346	\$ -	\$ -

Net assets	\$ 149,727,384	\$ 74,824,007	\$ 150,089,517	\$ 74,756,642

Other receivables represent receivables from unsettled transactions. Cash held at broker includes collateral received by broker in connection with derivative transactions.

The following are net appreciation in the fair value of investments and investment income for the Master Trust for the year ended December 31, 2023:

Master Trust Investment Income for the Year Ended December 31, 2023

Net appreciation in fair value of investments	\$ 12,656,771
Investment and dividends	1,318,625

6. Derivatives

As part of an overall portfolio strategy, the investment manager for the Master Trust uses futures contracts to manage exposure to U.S. treasury securities. Futures contracts are agreements between two parties to buy or sell a security or financial interest at a set price on a future date and are standardized and exchange-traded. Upon entering into a futures contract on behalf of the Master Trust, the investment manager is required to pledge to the broker an amount of cash or securities equal to the minimum "initial margin" requirements of the exchange on which the contract is traded. Pursuant to the contract, the investment manager agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as variation margin and are recorded on a daily basis by the Master Trust as a realized gain or loss equal to the difference in the value of the contract between daily closing prices. Futures contracts involve market, interest rate and exchange rate risks in excess of the amount recognized in the statements of net assets available for plan benefits. There is minimal counterparty credit risk with futures contract since they are exchange traded and the exchange's clearinghouse, as counterparty to all exchange traded futures, guarantees the futures against default. The Master Trust's investment policies specifically prohibit the use of derivatives for speculative purposes.

The following provides the estimated fair value of futures contracts as of December 31, 2023, shown at the gross amounts. Daily margin settlement for futures contracts results in maintaining a zero-market value for the contracts.

Derivative Instrument	Gross Assets	Gross Liabilities
Futures contracts	\$ -	\$ -

The following provides the notional amounts of futures contracts as of December 31, 2023. Notional amounts represent the contract amount, not the amount at risk.

Derivative Instrument	Notional Amount
Futures contracts	\$ 85,296,506

Any gains or losses recognized on derivatives are recognized in current year investment income. For the year ended December 31, 2023, the amount of gain recognized as Master Trust investment income in the statement of changes in net assets available for benefits attributable to derivative instruments is as follows:

Derivative Instrument	2023
Futures contracts unrealized gains	\$ 4,386,299

7. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Bank of New York Mellon/BNY Mellon, N.A., the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

8. Related-Party and Party in Interest Transactions

Certain of the Plan's investments held by the Master Trust are shares of common collective trusts and mutual funds managed by Goldman Sachs. Goldman Sachs is the investment advisor of the Master Trust. Therefore, these transactions qualify as party in interest transactions for which a statutory exemption exists.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

9. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

10. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 7, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Risks and Uncertainties

The investment allocation of the Plan's interest in the Master Trust is directed by the Company or the Plan's Benefits Investment Committee. Such investments are exposed to various risks, such as interest rate risk, market risk and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in the value of investment securities in the near term could materially affect the amount reported in the Statements of Net Assets Available for Benefits and the funding status of the Plan.

Some of the Plan's investments held by the Master Trust may be illiquid, and the Plan may not be able to vary the portfolio in response to changes in economic and other conditions. Some of the investments that are purchased and sold are traded in private, unregistered transactions and are therefore subject to restrictions on resale or otherwise have no established trading market. In addition, if the Plan is required to liquidate all or a portion of its portfolio quickly, the Plan may realize significantly less than the value at which it previously recorded those investments.

As of December 31, 2023 and 2022, the Master Trust had an investment of \$124,161,233 and \$148,481,616, respectively, which is concentrated in four funds and one fund, respectively.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change due to uncertainty inherent in the estimations and assumptions process. It is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Plan Name: DallasNews Corporation Pension Plan I

EIN: 38-3765318

Plan Sponsor: DallasNews Corporation

PN: 004

This filing reflects a change in the Enrolled Actuary for the Plan. The change in actuary is due to a change in service providers for the Plan. The new actuary has matched the prior year's valuation of the funding target, normal cost, and actuarial value of assets within 5% of the results from the prior enrolled actuary, and the new valuation method is substantially the same as the prior valuation method. Thus, Announcement 2010-3 provides automatic approval of this change in method.

PN: 004

Summary of Principal Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Plan Sponsor

The Plan Sponsor is DallasNews Corporation.

Plan Year

The Plan Year is the 12 month period beginning January 1 and ending December 31.

Participation

Employees, former employees, and beneficiaries of the company who participated in The G. B. Dealey Retirement Pension Plan immediately prior to January 1, 2011. Benefit accruals in The G. B. Dealey Retirement Pension Plan were frozen as of March 31, 2007, and no new participants have been included after that date.

Definitions

Accrued Benefit

- a) 1.1% of Final Monthly Compensation multiplied by years of Credited Service; plus
- b) 0.35% of Final Monthly Compensation in excess of monthly Covered Compensation multiplied by Credited Service up to 35 such years.

For prior Guild Non-Union Providence Journal participants, the benefit is the greater of benefit under DallasNews Corporation Pension Plan I (formerly A.H. Belo Pension Plan I) or the accrued benefit as of December 31, 1997, under the Providence Journal Plan plus a benefit under DallasNews Corporation Pension Plan I (formerly A.H. Belo Pension Plan I) post December 31, 1997. For prior Guild Union Employees, the benefit is the greater of the benefit under DallasNews Corporation Pension Plan I (formerly A.H. Belo Pension Plan I) or the accrued benefit under Appendix D of the Plan as of July 31, 2004.

Excluding Guild Union, participants transferring to the STAR Plan have a vested accrued benefit at July 1, 2000.

Guild Union participants transferring to the STAR Plan have a vested accrued benefit at August 1, 2004.

For all remaining participants, accrued benefits were frozen on March 31, 2007.

Actuarial Equivalent

- **Interest:** the PBGC immediate annuity rate in effect on the first day of the Plan Year in which the Participant terminates employment
- **Mortality:** 1971 Group Annuity Mortality Table, Projected by Scale D to 1975, weighted 50% male and 50% female

Compensation

Base pay, overtime pay, shift differential pay, premium pay, bonuses (included termination bonuses paid in a lump sum at termination of employment), and commissions paid to an employee by the participating employers for services performed for the participating employer, excluding any awards other than annual incentive compensation and excluding any other form of remuneration. Compensation includes any contributions made by the employer on behalf of an employee pursuant to a deferral election under an employee benefit plan containing a cash or deferred arrangement under Code Section 401(k) or any amounts

that would have been received as cash but for an election to receive benefits under a cafeteria plan meeting the requirements of Code Section 125.

Covered Compensation

The average of the Taxable Wage Base in effect for each calendar year during the 35 year period ending with the last day of the calendar year in which the Participant attains Social Security Retirement Age.

Credited Service

Includes all service through December 31, 1975, credited under the provisions of the prior plan. For plan years 1976 and 1977, a year of service is granted for each plan year in which an employee has completed 1,000 or more hours of service with an employer.

Pension service after 1977 shall be the aggregate of an employee's periods of employment, including the first 12 months of authorized absence.

For the purpose of determining eligibility for benefits, an employee's pension service shall include all periods of absence of less than one year.

Employees of the Corinthian subsidiaries of The Dun & Bradstreet Corporation will receive pension service earned under the Dun & Bradstreet plan; he receives no credit prior to January 30, 1984, for benefit purposes. For the purposes of calculating the benefit under the plan, service shall be segregated into two periods, the first being the years of service that had been credited under the Dun & Bradstreet plan as of January 30, 1984 (D & B service), and the second being the years of service earned after January 31, 1984 (Belo Corp. service).

The WWL employees receive pension service starting on June 1, 1994, the KIRO employees receive pension service starting on February 1, 1995, and the Owensboro employees receive pension service starting on January 1, 1996. The KMOV-TV employees receive pension service starting on June 2, 1997. Employees of BHI Sub, Inc. (KENS-TV) receive pension service starting on October 15, 1997.

Excluding Guild Union participants choosing the STAR Plan, credited service ends June 30, 2000.

For Guild Union participants choosing the STAR Plan, credited service ends July 31, 2004.

For all remaining participants service accrual ceases as of March 31, 2007.

Each of the participants from the following groups (the "eligible groups") is given credit for an additional five years of credited service in determining his or her accrued benefit:

- a) each participant who was accruing a retirement benefit and/or a disability benefit under the plan on March 31, 2007;
- b) each participant who terminated employment on or before March 31, 2007, as a result of the company's information technology outsourcing;
- c) each participant who terminated employment on or after September 29, 2006, and before March 31, 2007, by reason of death, retirement at or after age 55 or because of an involuntary reduction in force;
- d) each participant who terminated employment on or before September 14, 2006, in connection with the Dallas Morning News voluntary severance program for newsroom employees;
- e) each participant who was in qualified military service on March 31, 2007.

Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded. Annual contributions are also affected by a plan's "asset valuation method" (as well as plan provisions, actuarial assumptions, and actual plan demographic and investment experience each year).

Actuarial Cost Method

The actuarial cost method used for determining the Plan's ERISA funding requirements and the FASB ASC Topic 960 values is the Unit Credit method. Under this method, an accrued benefit is determined at each active participant's assumed retirement age based on compensation and service at both the beginning and the end of the current year. The Plan's Normal Cost is the sum of the present value of the excess of each active participant's accrued benefit at the end of the current year over that at the beginning of the current year. The Plan's accrued liability is the sum of (a) the present value of each active participant's accrued benefit at the beginning of the current year plus (b) the present value of each inactive participant's benefits. This method is prescribed for ERISA funding requirements by the Pension Protection Act of 2006.

Asset Valuation Method

The Actuarial Value of Assets used for determining the Plan's ERISA funding requirements is based on the permitted three-year asset smoothing as defined under IRS Notice 2009-22. Under this method, the Actuarial Value of Assets equals the Adjusted Market Value of Assets minus one-third and two-thirds, respectively, of the investment gain or loss for each of the two immediately preceding plan years, but it must be within 90% to 110% of the Adjusted Market Value of Assets. The expected investment return for a plan year is based on the lesser of the expected rate of return on plan assets or the applicable statutory interest rate for the year.

Amortization Method

For the Plan's ERISA funding requirements, incremental Funding Shortfall amounts are amortized over a fifteen-year period, and the related shortfall amortization payment is determined on the first valuation date following the plan year in which it arises based on the segment rates used for ERISA minimum funding purposes on that date, as prescribed under IRC Section 430.

CHANGES IN ACTUARIAL METHODS SINCE PRIOR VALUATION

The Plan has made a change in service providers resulting in a change in the Enrolled Actuary. The new actuary has matched the prior year's valuation of the funding target, normal cost, and actuarial value of assets within 5% of the results from the prior enrolled actuary and the new valuation method is substantially the same as the prior valuation method. Thus, Announcement 2010-3 provides automatic approval of this change in method.

Summary of Actuarial Assumptions

ECONOMIC ASSUMPTIONS

Interest Rates

The current funding interest rates are as follows. The funding interest rates are prescribed under IRS regulations based on the Plan Sponsor's interest rate election.

	Minimum Funding	Maximum Deductible
Segment 1 (0–5 years)	4.75%	1.41%
Segment 2 (5–20 years)	5.00%	3.09%
Segment 3 (20+ years)	5.74%	3.58%
Effective Interest Rate	5.16%	3.11%

ERISA minimum funding: 24-month average segment rates, using a four-month lookback period, adjusted to reflect the applicable segment rate stabilization corridor under IIJA.

Maximum Deductible Contribution: 24-month average segment rates, using a four-month lookback period, but not adjusted to reflect segment rate stabilization.

FASB ASC Topic 960: 4.90% per year. This is the assumed rate of return for the Plan's entire portfolio of assets.

Asset Returns

ERISA minimum funding and Maximum Deductible Contribution: 4.90% per year.
