Independent Auditors' Report

To the Plan Administrator
of American Innovations, Ltd. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of American Innovations, Ltd. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

American Innovations, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the American Innovations, Ltd. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

American Innovations, Ltd. (the “Plan Sponsor”) adopted the Plan effective January 1, 1997.

The Plan is a defined contribution plan covering substantially all eligible employees of the Plan Sponsor, as defined by the Plan Document with exception of certain classes of employees identified in the Plan Document. Participation in the Plan is at the election of the employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Employees over 21 years old are eligible to participate in the Plan after three months of service. Leased employees, agency workers, certain nonresident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Administration

The Plan is administered by the Plan Sponsor (the “Plan Administrator”). Plan assets are held by Standard Insurance Company (the “Custodian”). The financial records of the Plan are maintained by Standard Retirement Services (the “Recordkeeper”).

Participant Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant’s elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 100% of their eligible compensation to the Plan up to the statutory limit of \$22,500 for 2023, as permitted by the Internal Revenue Code of 1986, as amended (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2023, the Plan Sponsor amended the Plan Document to add an automatic enrollment without automatic escalation provision. New participants are automatically enrolled at 3%.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor contributes Safe Harbor employer matching contributions equal to 100% of the first 3% of contributed compensation and 50% of the next 2% of contributed compensation.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Plan Sponsor’s contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

American Innovations, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Rollovers and Transfers

Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the IRC, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Vesting

Participants are immediately and fully vested in their contributions plus actual earnings and in the Safe Harbor employer matching contribution plus actual earnings.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The notes receivable are secured by the balance in the participant's account. The rate of interest on the note will be determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Only two note receivables may be initiated in one calendar year and only one note receivable may be outstanding at a time unless one loan is a principal residence loan amortized for a period greater than five years.

All notes must be repaid in level payments through after-tax payroll deductions each pay period over a five-year period unless it is for the purchase of the principal residence in which case the note repayment period may not extend beyond 10 years from the date of the note.

Payment of Benefits

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

A participant may receive the value of the vested balance in his or her account as a lump-sum distribution, installment distributions, partial distribution or may roll the amount over into another qualified plan. If the vested account balance is \$5,000 or less, the Plan Administrator may direct the Custodian to distribute the amount as a lump-sum to the terminating participant regardless of whether participant consent is received. Participants are permitted to remain in the Plan if their account balance exceeds \$5,000.

The benefits can be left in the Plan until the participant retires. Benefits cease to vest upon termination of employment. Non-vested benefits will be forfeited on such date. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later.

Active participants can withdraw benefits once they reach 59 ½ years of age. In-service distributions are permitted due to hardship, as defined in the Plan and subject to the satisfaction of the Plan Administrator.

On termination of employment due to death prior to retirement, 100% of the Plan Sponsor contributions become immediately vested. The value of the account shall be paid in accordance with the above stated distribution procedure.

Upon a participant obtaining the normal retirement age 65, while still employed, 100% of the Plan Sponsor contributions become immediately vested. Should a participant reach age 65 and not elect to terminate employment, the participant can take an in-service distribution from the vested account balance.

American Innovations, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

If the participant becomes disabled and is eligible for Social Security disability benefits or is determined disabled by a physician selected by the Plan Administrator, the full value of the participant's account becomes 100% vested and shall be paid in accordance with the above-stated distribution procedure.

Forfeited Accounts

The portion of the participant's employer contribution accounts that are not vested upon termination of service shall be forfeited as of the earlier of (i) the date the vested portion is distributed or (2) the date the participant incurs a five-consecutive-year period of severance from his or her original termination date.

At December 31, 2023 and 2022, the available forfeited non-vested accounts totaled \$0. These accounts may be used to reduce future plan administrative expenses and employer contributions. During the year ended December 31, 2023, \$0 of forfeitures were used to reduce employer contributions and employer expenses.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and distributions would be made as soon as administratively practicable after the Plan terminates.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

American Innovations, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded. During the year ended December 31, 2023, \$1,981 was recorded as interest income on notes receivable from participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2024, the date the financial statements were available to be issued.

Note 3 – Information certified by the Custodian

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

American Innovations, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service (“IRS”) to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a non-standardized pre-approved profit sharing/money purchase/cash or deferred arrangement (“CODA”) plan instrument from Standard Retirement Services, Inc. which received an IRS opinion letter dated June 30, 2020. The plan instrument has been updated for legislative and regulatory changes.

The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan Administrator believes it is subject to income tax examinations for three years.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Stable value fund: This investment is a stable value fund that invests in a variety of high-quality stable value investment contracts as well as cash and cash equivalents and is valued at the net asset value of units of the trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

American Innovations, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 5 – Fair Value Measurements (continued)

Pooled Separate Accounts: Valued at the net asset value (“NAV”) of units for each fund. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

As of December 31, 2023 and 2022, the Plan Sponsor does not have any investments that are measured in the fair value hierarchy.
