Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PURYEAR & NOONAN CPAS**

(2) EIN: **62-0788068**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

To the Plan Administrator
SESAC Rights Management INC. Savings Plan
Nashville, Tennessee

We have audited the financial statements of the SESAC Rights Management INC. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2023 and have issued our report thereon dated October 1, 2024. As permitted by Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company (Fidelity), the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 10, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and

assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements relates to management's estimate of the fair value of the Plan's investments. Investments are carried at fair value as determined on the last day of the Plan year, as described in Note 4 to the financial statements. We evaluated the key factors and assumptions used to develop the investment valuation and income recognition in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of the audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 1, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on

those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Significant deficiencies noted during the audit were included in a separate Management Recommendation Letter dated October 1, 2024.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

SESAC RIGHTS MANAGEMENT INC. SAVINGS PLAN

MANAGEMENT RECOMMENDATION LETTER

DECEMBER 31, 2023

To the Plan Administrator
SESAC Rights Management INC. Savings Plan
Nashville, Tennessee

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of SESAC Rights Management INC. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company (Fidelity) that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

- The Plan does not maintain a general ledger and accounting records separate from those maintained by Fidelity who acts as third-party administrator of the Plan. It is the position of the management of the Plan that it is not cost beneficial to maintain a separate general ledger and prepare monthly financial statements when Fidelity prepares monthly detailed statements of activity for the Plan.
- We noted the Plan governance does not review and approve the Fidelity SOC-1 report covering the Plan. We recommend Plan governance perform this review yearly, documenting this review in Plan minutes, to verify Plan controls meet the requirements of Fidelity. This review should include an analysis of the Plan's controls and how they respond to the required user entity controls noted in the SOC-1 report.
- The Plan document has established guidelines for the use of forfeited participant accounts. In addition, the Internal Revenue Code (IRC) requires that these forfeited accounts be used or reallocated to Plan participants in accordance with the terms of the Plan document in the Plan year they are incurred.

During our audit, we noted that as of December 31, 2023, the Plan had accumulated approximately \$152,481 of unallocated forfeited participant accounts that had not been utilized. The Plan should use or reallocate these forfeited accounts by December 31, 2024, in accordance with the Plan document. We also noted that as of December 31, 2022, the Plan had accumulated approximately \$82,525 of unallocated forfeited participant accounts that were not fully utilized in 2023. Plan management should consider consultation with ERISA counsel to determine if an official correction is necessary to ensure the Plan remains in compliance with ERISA and IRC regulations.

This communication is intended solely for the information and use of the Administrative Committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

This letter does not affect our report dated October 1, 2024 on the audit of the financial statements of the Plan. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss these comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations.

Independent Auditor's Report

To the Plan Administrator
SESAC Rights Management INC. Savings Plan
Nashville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SESAC Rights Management INC. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SESAC Rights Management INC. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Auditor's report continued on next page)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SESAC Rights Management INC. Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SESAC Rights Management INC. Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Auditor's report continued on next page)

-
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SESAC Rights Management INC. Savings Plan's internal control. Accordingly, no such opinion is expressed.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SESAC Rights Management INC. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(Auditor's report continued on next page)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SESAC RIGHTS MANAGEMENT INC. SAVINGS PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the SESAC Rights Management INC. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan maintained for substantially all eligible employees of SESAC Rights Management INC. (the Plan Sponsor/Employer). The Plan covers substantially all full-time employees who are age eighteen or older and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax contributions, subject to the annual additions limitations per the Internal Revenue Code (IRC) or may be made after-tax in the form of a Roth 401(k) contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Unless otherwise elected by the participant, a participant is automatically enrolled in a pre-tax salary deferral election of 4% of compensation eligible for deferrals upon enrollment. Participant contributions are permitted up to 75% of compensation subject to certain Internal Revenue Service (IRS) limitations.

The Plan Sponsor may contribute and allocate a matching contribution equal to a discretionary percentage of each eligible participant's salary deferrals. During 2023 and 2022, the employer match was 50% up to 6% of participant compensation, which totaled \$1,401,314 and \$1,338,969, respectively.

The Plan Sponsor may also make profit sharing contributions to participants employed as of the last day of the Plan year, in the form of non-elective contributions, to the Plan each year, but is not required to do so in any particular year. Profit sharing contributions to the Plan are out of its net profits or accumulated net profits and are determined by appropriate action of the Board of Directors of the Employer. During 2023 and 2022, the Plan Sponsor did not make a profit sharing contribution.

Participant Accounts

Each participant's account is credited (charged) with the participant's contributions and Plan Sponsor employer matching and profit sharing contributions, as well as allocations of investment earnings (losses), and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Participants vest in the Plan's discretionary contributions and are based on years of continuous service. Participants vest 33% after one year of service, 66% after two years of service, and 100% after three years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable are secured by the balance in the participant's account and bear interest at fixed rates ranging from 4.50% to 9.50%, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. Vested account balances less than \$5,000 but greater than \$1,000 are rolled over to an Individual Retirement Account or Annuity (IRA) for the participant's benefit. If the participant's vested account balance is less than \$1,000, the account is distributed to the participant as a lump-sum distribution.

Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions and administrative expenses to the Plan. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$152,481 and \$82,525, respectively.

Hardship Withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Changes

Effective December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act) was passed which allows for certain changes to the Plan. Written amendments to the Plan to reflect operational changes to the Plan will be adopted at a later date in accordance with applicable law and IRS guidance.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for the fully benefit-responsive insurance contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no liabilities for excess contributions applicable to participants at December 31, 2023.

Payment of Benefits

Benefits are recorded when paid.

Events Occurring After Reporting Date

The Plan Sponsor has evaluated events and transactions that occurred between January 1, 2024 and October 1, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Note 3 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the fair value and contract value of investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

- (i) **Mutual Funds:** Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the Plan year. The mutual funds are deemed to be actively traded.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>50,112,728</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>50,112,728</u>

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>39,071,685</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>39,071,685</u>

Note 5 - Investment Contracts with Insurance Company

The Plan has entered into a separately managed benefit-responsive insurance contract with Putnum Investments (Putnum) whereby the Plan owns the contracts's underlying investments, which include security-backed insurance contracts (SBIC) including separate account products of insurance companies, guaranteed insurance contracts (GIC), and short-term investments which include money market funds, collectively (insurance contracts).

SBIC

The contract's investment policy allows the SBIC to invest in global wraps. Global wrap contracts operate similarly to guaranteed investment contracts, except that the Plan purchases government-backed, asset-backed, mortgage-backed, or corporate bonds, which are held in the contract's trust. To enable the Plan to realize a specific known value for the assets, if it needs to liquidate them to make benefit payments, global wrap contracts utilize a benefit-responsive "wrapper" contract with a third-party insurance carrier that provides market and cash flow risk protection to the Plan. The "wrapper" contract enables the Plan to execute participant transactions at contract value without regard to the appreciation or depreciation in the day-to-day value of the underlying assets.

The effective yields on these contracts represent the crediting rate, less the "wrapper" fee paid to the insurance carrier. Global wraps do not expire as assets are sold or mature; instead, the wrap remains intact and the maturity of the contract is open-ended. The underlying investments are valued at quoted redemption values on the last business day of the Plan's year-end. Contract value

represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Wrap contracts accrue interest using a formula called the "crediting rate." Wrap contracts use the crediting rate formula to convert market value changes in the covered assets into income distributions in order to minimize the difference between the market and contract value of the covered assets over time. Using the crediting rate formula, an estimated future market value is calculated by compounding the SBIC's current market value at the SBIC's current yield to maturity for a period equal to the SBIC's duration. The crediting rate is the discount rate that equates the estimated future market value with the SBIC's current contract value. Crediting rates are reset quarterly. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%.

The crediting rate, and hence the SBIC's return, may be affected by many factors, including purchases and redemptions by participants. The precise impact on the SBIC depends on whether the market value of the covered assets is higher or lower than the contract value of those assets. If the market value of the covered assets is higher than their contract value, the crediting rate will ordinarily be higher than the yield of the covered assets. Under these circumstances, cash from new investors will tend to lower the crediting rate and the SBIC's return, and redemptions by participants will tend to increase the crediting rate and the SBIC's return.

If the SBIC experiences significant redemptions when the market value is below the contract value, the SBIC's yield may be reduced significantly, to a level that is not competitive with other investment options. This may result in additional redemptions, which would tend to lower the crediting rate further. If redemptions continued, the SBIC's yield could be reduced to zero. If redemptions continued thereafter, the SBIC might have insufficient assets to meet redemption requests, at which point the SBIC would require payments from the wrap issuer to pay further shareholder redemptions.

The stable value SBIC and the wrap contracts purchased by the SBIC are designed to pay all participant-initiated transactions at contract value. Participant-initiated transactions are those transactions allowed by the Plan. However, the wrap contracts limit the ability of the SBIC to transact at contract value upon the occurrence of certain events. These events include:

- the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC.
- the establishment of a defined contribution plan that competes with the Plan for employee contributions.
- any substantive modification of the Plan or the administration of the Plan that is not consented to by the wrap issuer.
- complete or partial termination of the Plan.
- any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on the SBIC's cash flow.
- merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off, or merger of a subsidiary or division of the Plan sponsor.
- any communication given to participants by the Plan Sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the SBIC

or to transfer assets out of the SBIC.

- exclusion of a group of previously eligible employees from eligibility in the Plan.
- any early retirement program, group termination, group layoff, facility closing, or similar program.
- any transfer of assets from the SBIC directly to a competing option.

At this time, management does not consider the occurrence of these events probable.

GIC

Valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Short-Term Investments

Valued at contract value which approximates cost plus accrued interest, and approximates fair value.

The investment contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value and at December 31, 2023 and 2022, totaled \$2,326,551 and \$1,840,088, respectively.

Note 6 - Income Tax Status

The Plan Sponsor adopted a pre-approved 401(k) plan, as amended, which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the pre-approved Plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the Plan administrator believes that the adopted pre-approved Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions. During the years ended December 31, 2023 and 2022, the Plan Sponsor incurred administrative service fees from a third-party provider, Fidelity, investment advisory services from Kestra Investment Services, payroll related service fees from Automatic Data Processing, Inc., and audit services from Puryear & Noonan, CPAs, which are deemed to be parties-in-interest.

Note 9 - Reconciliation of Financial Statements to Form 5500
