INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
General Technologies, Inc. 401(k) Plan
Stafford, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of General Technologies, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of General Technologies, Inc. 401(k) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The General Technologies, Inc. 401(k) Plan (the Plan) was adopted effective January 1, 2004 to establish a savings and investment plan for the exclusive benefit of the employees of General Technologies, Inc. (the Company), and their beneficiaries. In 2019, the Plan was amended and restated to add Precision-Hayes International Inc. as a participating affiliate. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP). Interest and dividend income are recognized when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Registered investment companies and common collective trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating these investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Notes Receivable from Participants - Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - Effective February 1, 2022, the Plan was formally amended to comply with the latest applicable tax laws and regulations. The Company adopted a non-standardized pre-approved profit sharing plan with CODA (the Non-Standardized Pre-Approved Plan), which did not change the significant provisions of the former Plan. The prototype Non-Standardized Pre-Approved Plan received a favorable opinion letter from the Internal Revenue Service on October 6, 2020, which stated that the Non-Standardized Pre-Approved Plan constitutes a qualified plan under Section 401(a) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes.

The Plan has been amended since receiving the favorable opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2023 and 2022.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2023, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from 2020 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee (excluding residents of Puerto Rico and certain nonresident aliens) is eligible to become a participant in the Plan on the first day of the month coinciding with or next following the completion of three months of service and attaining age 21.

Contributions - Participants may elect to make contributions to the Plan in an annual amount ranging from 1% to 90% of their compensation, excluding bonuses. Eligible compensation in 2023 is limited to \$330,000. Contributions are made through authorized payroll deductions. These contributions by individual employees are limited to \$22,500 (participants under 50 years of age) and \$30,000 (participants 50 years of age or older) in 2023. This limitation is adjusted periodically to reflect cost-of-living increases.

The Plan is intended to qualify as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company contributes a safe harbor matching contribution equal to the employee's elected deferral that does not exceed 4% of each eligible employee's compensation.

For each Plan year, the Company may contribute a discretionary matching contribution and/or a non-elective contribution, in an amount determined solely at the discretion of the Directors. Non-elective contributions, if any, are allocated pro rata to all participants who fulfill the participation eligibility requirements at the Plan year end based upon the proportion of the participant's compensation to the total compensation of all eligible participants. For the year ending December 31, 2023, there were no employer discretionary matching contributions or non-elective contributions.

Vesting - A participant is immediately fully vested with respect to the portion of his or her account attributable to participant salary deferrals, rollover contributions, and safe harbor matching contributions and related earnings. A participant becomes fully vested in Company discretionary contributions and related earnings upon the earlier of: (1) six years of service or (2) attainment of age 65. Vesting of 20% of Company discretionary contributions occurs upon two years of service, 40% upon three years of service, 60% upon four years of service, 80% upon five years of service and 100% upon six years of service.

NOTE B PLAN DESCRIPTION (CONTINUED)

Forfeitures - Forfeited non-vested Company contributions will be applied to pay administrative expenses with any remaining amounts used to reduce future Company contributions payable under the Plan. Forfeited non-vested balances totaled \$18,506 and \$17,710 as of December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, no forfeitures were used to pay administrative expenses or reduce employer contributions.

Forms of Benefits - Benefits are recorded when paid. A participant whose employment is terminated may withdraw any portion of their vested interest in the Plan at any time. If the amount payable is \$1,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination. If the amount payable is greater than \$1,000 but less than \$5,000, the participant's vested account balance will be directly rolled over as soon as practical after notice to the participant into an individual retirement account maintained by an entity selected by the Company. If the amount payable is greater than \$5,000, the participant must give written consent before the distribution can be made. Distributions in excess of \$5,000 can be paid in a lump sum, partial withdrawals of at least \$500, or installments over a period of no more than their assumed life expectancy. A participant may be eligible for in-service distributions if the participant has reached the age of 59 ½. Participants may request an in-service distribution only from the vested portion of their accounts.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 limited to 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates on loans outstanding at December 31, 2023 ranged from 5.25% to 10.50%. Principal and interest is paid ratably through monthly payroll deductions.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator. Each participant account is credited with the participant's contribution, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested.

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. Substantially all Plan expenses were paid by the Company for the year ended December 31, 2023.

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, including instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used during 2023 and 2022.

Registered investment companies are valued at the market value of shares held by the Plan at year end.

Common/collective trusts are valued based on either 1) the fair value of the underlying investments, or 2) at net asset value which is calculated at the market value of the underlying investments less operating expenses of the fund on a per share basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain common collective trusts that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The Plan uses the Net Asset Value (NAV) to determine the fair value of all the underlying investments which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

The tables below set forth by level within the fair value hierarchy the fair value of the investment held at December 31, 2023 and 2022:

NOTE F SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.

Effective July 1, 2024, the Plan was formally amended to include an automatic salary deferral provision, which enrolls new or rehired employees at a contribution rate of 3% of eligible wages upon eligibility. All existing eligible participants, who on the effective date of the automatic salary deferral provision are not deferring any amount or who did not make a timely affirmative election to not contribute elective deferrals, were also enrolled at a contribution rate of 3% of eligible wages. The automatic salary deferral provision includes an auto-escalation feature, which will increase the initial contribution rate by 1 percentage point up to a maximum of 6% as soon as administratively feasible beginning on or after each succeeding anniversary date following the date that the eligible employees' automatic deferrals were first implemented.

No other subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2023.
