Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gulf Coast Hotel Management Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

(1) Description of plan

The following description of Gulf Coast Hotel Management Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan established on January 1, 2017, sponsored by Gulf Coast Hotel Management, Inc. (the "Company"), for the benefit of all employees of the Company who are age 21 and older and who have completed one month of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA").

The Plan is administered by the Company's principal members of management ("Management"). Management has overall responsibility for the operation and administration of the Plan. Management determines the appropriateness of the Plan's investment offerings and monitors investment performance. Reliance Trust is the trustee of the Plan and also serves as the Plan custodian.

Contributions - Participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and elective Roth deferrals. Additionally, participants age 50 or older before the end of the Plan year, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Company contributes a nondiscretionary matching contribution of 25% of the first 6% of participant elective contributions, as defined by the Plan. Only participants who have a minimum of one month of eligible service during the Plan year receive the matching contribution. The Company may make additional qualified nonelective contributions (other than Safe Harbor Nonelective Contributions) in an amount necessary to pass certain tests required by law. These contributions are discretionary and fully vested when made and require a minimum of one month of eligible service during the Plan year to receive. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all their contributions into various investment options offered by the Plan and may change their investment options at any time. The Plan currently offers 25 mutual funds and 6 common/collective trusts as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions and amounts rolled over or transferred into the Plan, plus actual earnings are 100% vested immediately.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Description of Plan (continued)

Employer contributions not already fully vested when contributed are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits - On termination of service due to death, disability, retirement, or any other reason, a participant (or beneficiary, if applicable) may receive the value of the vested interest in his or her account as a lump sum distribution if \$5,000 or less. If the vested account balance is in excess of \$5,000 (excluding rollover contributions), the participant must consent to distribution. Participants may request a hardship distribution from employee deferral accounts to satisfy certain immediate and heavy financial needs upon certification and agreement to certain conditions. Participants may withdraw all or any part of their vested account balance after having attained age 59 ½.

Forfeited accounts - At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$10 and \$11, respectively. These accounts can be used to reduce future employer contributions and to pay administrative expenses. For the years ended December 31, 2023 and 2022, forfeitures used to pay administrative expenses or reduce future employer contributions were \$8,431 and \$12,219, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Unit values - Individual participant accounts for the common collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units.

Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Excess contributions refundable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding addition to benefit payments paid to participants. The Plan distributed excess contributions from 2023 and 2022 to the applicable participants before March 15, 2024 and March 15, 2023, respectively.

Administrative expenses - Certain administrative expenses of maintaining the Plan are paid directly by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration for payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Recordkeeping and administrative fees are paid directly from the Plan and are included in administrative expenses.

(3) Information prepared and certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments for the years ended December 31, 2023 and 2022:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the methodologies used during December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common/Collective trusts: Valued at the year-end NAV of units of each bank collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the respective fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2023 and 2022, respectively:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds:	\$ 715,763	\$ -	\$ -	\$ 715,763
Investments measured at NAV*:				
Common/Collective trusts				37,788
Total investments at fair value				\$ 753,551

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds:	\$ 621,155	\$ -	\$ -	\$ 621,155
Investments measured at NAV*:				
Common/Collective trusts				33,875
Total investments at fair value				\$ 655,030

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Common/Collective trusts

State Street Common/Collective Trusts - The Plan is invested in several State Street common/collective trusts. These include the State Street S&P MidCap Index Non-Lending Series Fund, State Street Russell SmallCap Index Securities Lending Series Fund, State Street U.S. Inflation Protected Bond Index Non-Lending Series Fund, State Street International Index Securities Lending Series Fund, and State Street S&P 500 Index Fund IX. The funds invest in securities and derivative instruments (equity investments, collective investment funds and fixed income investments) that are considered to be Level 1, Level 2, and Level 3 investments and valued at NAV each business day.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(5) Common/Collective trusts (continued)

Invesco Stable Asset Trust - The Invesco Stable Asset Trust is a collective trust fund and considered to be a stable value fund. The purpose of this fund is to invest/reinvest collectively in assets of eligible entities. The fund does not invest directly in fully benefit-responsive contracts, rather it invests in the underlying assets (investment contracts) and enters into a “wrapper” contract issued by a third party.

The funds described above are all valued at NAV of the units of each individual collective trust. The NAV is calculated daily and net investment income and realized and unrealized gains and losses on investments are not distributed but rather reinvested and reflected in the NAV of the fund. The funds are valued at fair value and then adjusted by the issuer to contract value. Contract value represents contributions made to the funds, plus earnings, less participant withdrawals and is considered to be representative of fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value however, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) participant withdrawals based on advice or direction, (2) changes to the Plan which establish investment options or investment objectives so as to constitute or create competing funds, (3) Plan administrator establishes a new eligible plan or amends an existing eligible plan, and such plan covers participants in the participating Plan and offers a competing fund, or (4) participating Plan makes a withdrawal for any reason other than participant-directed withdrawals. The Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring. Units of the funds are issued and redeemed at current net asset value.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022:

Common/Collective Trusts	Fair Value as of December		Unfunded	Redemption	Redemption
	2023	2022	Commitments	Frequency	Notice Period
State Street Intl Index Securities Lending Series Fund (b)	\$ 11,201	\$ 77	None	Daily	None
State Street Russell SmallCap Index Securities Lending Series Fund (c)	4,585	3,523	None	Daily	None
State Street S&P MidCap Index Non-Lending Series Fund (d)	5,490	4,330	None	Daily	None
State Street S&P 500 Index Fund IX (e)	16,019	25,574	None	Daily	None
State Street U.S. Infl Protected Bond Index Non-Lending Series Fund (f)	104	61	None	Daily	None
Invesco Stable Asset Trust (a)	<u>389</u>	<u>310</u>	None	Daily	24 months
Total Investments in Common/Collective Trusts	<u>\$ 37,788</u>	<u>\$ 33,875</u>			

- (a) The objective of this fund is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(5) Common/Collective trusts (continued)

- (b) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the MSCI EAFE Index over the long term, while providing participants the ability to purchase and redeem units on an “as of” basis.
- (c) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the Russell 2000 Index over the long term, while providing participants the ability to purchase and redeem units on an “as of” basis.
- (d) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the S&P MidCap 400 Index over the long term, while providing participants the ability to purchase and redeem units on an “as of” basis.
- (e) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the S&P 500 Index over the long term, while providing participants the ability to purchase and redeem units on an “as of” basis.
- (f) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the TIPS Index over the long term, while providing participants the ability to purchase and redeem units on an “as of” basis.

(6) Related party and party-in-interest transactions

The Plan made direct payments to ADP, Inc. for recordkeeping services in the amount of \$2,071 and \$2,600 for the years ended December 31, 2023 and 2022, respectively, which were not covered by revenue sharing and are considered to be party-in-interest transactions under ERISA. These expenses are included in the accompanying statements of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments and were paid to ADP Broker-Dealer. The Plan sponsor pays directly any other fees related to the Plan’s operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain or become 100% vested in their employer contributions.

(8) Excess contributions refundable

Contributions received from participants for 2023 and 2022 are net of payments of \$443 and \$4,313, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At years ended December 31, 2023 and 2022, \$433 and \$4,313, respectively, have been included in the accompanying statements of net assets available for benefits as excess contributions refundable.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Form 5500:

The following is a reconciliation of the net increase (decrease) per the financial statements for the years ended December 31, 2023 and 2022 to Form 5500:

	Years Ended December 31,	
	2023	2022
Net increase (decrease) per the financial statements	\$ 102,391	\$ (73,461)
Change in excess contributions refundable at end of the current period	(3,870)	4,313
Net increase (decrease) per Schedule H of the Form 5500	<u>\$ 98,521</u>	<u>\$ (69,148)</u>

(10) Tax status

The Internal Revenue Service has determined that the prototype non-standardized profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated October 6, 2020. The Plan administrator believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

GULF COAST HOTEL MANAGEMENT INC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) Other matter

During 2023, it was noted that due to an interpretation difference in the Plan document, deferrals and matching contributions were not made or applied to holiday gift payments paid as part of the Plan sponsor's payroll.

For the Plan year ending December 31, 2023, Management has estimated the employee deferral and employer match amounts that possibly should have been remitted into the Plan to be \$103 and \$21, respectively. Due to the nature of these errors, Plan management has been advised by the Plan recordkeeper a correction is not necessary and does not believe the amounts are material to the 2023 financial statements and will be working with the Plan sponsor's payroll in making necessary updates to the system.

(13) Subsequent events

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.

SUPPLEMENTAL SCHEDULE
