Independent Auditors' Report

To the Board of Directors
Cytovance Biologics, Inc. 401(k) Profit Sharing Plan And Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Cytovance Biologics, Inc. 401(k) Profit Sharing Plan And Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedule Required by ERISA

The supplementary schedule of assets held for investment purposes for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CYTOVANCE BIOLOGICS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

SUMMARY OF ACCOUNTING POLICIES

DECEMBER 31, 2023 AND 2022

DESCRIPTION OF PLAN

The following description of Cytovance Biologics, Inc. 401(K) Profit Sharing Plan And Trust (the “plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provision.

The Plan is a defined contribution plan covering all full-time employees of Cytovance Biologics, Inc., (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible employees may make voluntary contributions through payroll deductions of not less than 1% and up to 50% of compensation on a tax deferred basis pursuant to Section 401(k) of the Internal Revenue Code of 1986. The plan allows participants to designate contributions as Roth contributions. These employee contributions in any calendar year may not exceed a prescribed dollar amount that is increased from year to year for cost-of-living changes. Employer matching contributions are equal to 100% of participant salary deferrals up to a 6% matching contribution limit. Each year, the Company may make a discretionary profit-sharing contribution to the Plan. The plan also allows rollover contributions from other plans.

Each participant’s account is credited with the participant’s 401(k) contribution and is allocated the Company’s contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Participants are vested immediately in all participant deferral contributions plus actual earnings thereon. See vesting schedule below for all employer matching and profit-sharing contributions plus actual earnings thereon.

Vesting Schedule Employer Matching and Profit Sharing Contributions Years of Service	
1	25%
2	50%
3	75%
4	100%

The Plan Sponsor may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0 and \$0, respectively. These accounts will be used to reduce future employer contributions. Also, in 2023 and 2022, employer contributions were reduced by \$38,303 and \$32,356 from forfeited, non-vested accounts, respectively.

CYTOVANCE BIOLOGICS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

SUMMARY OF ACCOUNTING POLICIES

DECEMBER 31, 2023 AND 2022

Upon enrollment in the Plan, participants may direct their contributions among the various investment options as identified in the statement of assets available for plan benefits. Participants may change their investment options at any time.

On termination of service, a participant may elect to receive a lump-sum distribution of his or her vested account balance.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENTS

The plan assets, administered by the Company, are part of a separate account established by Reliant Trust Company. This separate account has varying investment divisions that invest in shares of diversified, open-end management investment companies. These investments are valued at the closing net asset value per share as determined by the appropriate fund portfolio at the end of each day. The cost of investments represents shares of the funds that were purchased for this separate account. Purchases are made at the net asset value from the net purchase payments or through reinvestment of all distributions from this separate account.

The Plan represents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its security investments in registered investment companies. This net appreciation (depreciation) consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

CYTOVANCE BIOLOGICS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

SUMMARY OF ACCOUNTING POLICIES

DECEMBER 31, 2023 AND 2022

A participant may request to borrow a minimum of \$1,000 and a maximum amount of the lesser of one-half of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. All loans from plans maintained by the participant's employer or a related employer will be considered for purposes of determining the maximum amount of the loan. Up to 50% of their vested account balance may be used as collateral for any loan. Participants will be charged an interest rate equal to the prime rate as published in the Wall Street Journal on the 14th day of each month (or on the first business day preceding the 14th in the event the 14th is not a business day), plus one percent. The interest rate will be fixed for the duration of the loan except as otherwise required by law.

RECOGNITION OF REVENUE

Employer contributions are accrued in the year in which the contributions are determined to be payable. Dividend income is recorded at the ex-dividend date.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses of the Plan, including accounting fees, have been paid by the Company. Certain expenses that are paid directly by the Company are excluded from the financial statements and no reimbursement is expected. Other expenses related to general administration or investment related expenses are included in the statement of changes in net assets available for plan benefits.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

CYTOVANCE BIOLOGICS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 3 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments held are shares of mutual funds managed by Reliant Trust Company. Reliant Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative duties are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

NOTE 4 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 - TAX STATUS

The trust established under the Plan to hold the Plan's assets qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from federal income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for the years before 2020.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for similar assets or liabilities in an inactive market;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means• If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CYTOVANCE BIOLOGICS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Common/collective trusts: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

<u>Assets at Fair Value as of December 31, 2023</u>

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

NOTE 9 – INVESTMENTS MEASURED USING THE NAV PER SHARE AS A PRACTICAL EXPEDIENT.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

Investments	Fair Value as of December 31,		Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption notice period
	2023	2022			
Common trust fund	<u>\$ 101,205</u>	<u>\$ 91,877</u>	n/a	Daily	Daily

NOTE 10 – FULLY BENEFIT RESPONSIVE INVESTMENT WITH RELIANCE TRUST COMPANY

Prior to 2017 the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Invesco Trust Company. Balances for the investments were \$367,983 and \$314,699 as of the years ended December 31, 2023 and 2022, respectively. Invesco Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Invesco Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CYTOVANCE BIOLOGICS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 10 – FULLY BENEFIT RESPONSIVE INVESTMENT WITH RELIANCE TRUST COMPANY (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited trans- action exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) or a material amendment to the agreement without the consent of the issuer.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 17, 2024, the date the financial statements were available to be issued and noted no conditions that existed at the balance sheet date requiring recognition or disclosure.
