Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance of
Carilion Clinic 401(k) Retirement Savings Plan
Roanoke, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carilion Clinic 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carilion Clinic 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carilion Clinic 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carilion Clinic 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carilion Clinic 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carilion Clinic 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of the Carilion Clinic 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of Carilion Clinic (the “Company”), excluding leased employees and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan document was restated effective May 15, 2022, to a Pre-Approved Plan sponsored by Principal Financial Group.

Contributions

Each year participants may contribute pretax or Roth deferrals from 1% up to 75% of eligible compensation as defined in the Plan. The Plan also permits catch-up contributions to be made. Participants may also contribute amounts representing distributions from other qualified plans. Participants may direct their contributions into various investments offered by the Plan. The Company’s contribution is discretionary and consists of a matching and a non-elective contribution. The Company did not make a contribution to the Plan for 2023 or 2022. Contributions are subject to certain limitations.

The Plan document includes an automatic deferral feature. Employees entering the Plan automatically have 3% of their eligible compensation withheld with a 1% increase each year on February 15th, up to 10%. Medical and pharmacy residents, interns, and students are ineligible for automatic deferrals, as defined. Participants may select alternative deferral methods or elect not to defer under the Plan through the Trustee’s opt-out program.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s matching contribution, any additional non-elective contribution, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and the Company’s contributions plus earnings thereon. A participant is vested after three years of service for any non-elective contributions.

Payment of Benefits

Upon termination of service for any reason, a participant with a vested balance in excess of \$1,000 may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account or installments not exceeding the life expectancy of the participant or the life expectancy of the participant and designated beneficiary. Vested balances of \$1,000 or less are paid in a lump-sum amount.

Administrative Costs

Plan fees and administrative expenses are paid by the Company on a discretionary basis. A portion of these fees and expenses were paid by the Company for the year ended December 31, 2023.

Notes from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to or the lesser of \$50,000 or 50% of the participant's vested balance. Loan terms range from 1 to 5 years, unless the note is for purchase of a primary residence, in which case the term may exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at market rates as determined by the Plan Administrator. At December 31, 2023, the interest rate on loans ranged from 4.25% - 9.25%. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

The forfeiture account is used to reduce future employer contributions or Plan expenses. Forfeitures of \$14,733 were used in 2023 to pay Plan expenses. At December 31, 2023 and 2022 forfeited accounts totaled \$589 and \$1,944, respectively.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Carilion Clinic 401(k)
Retirement Savings Plan
Notes to Financial Statements
December 31, 2023**

Notes from Participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 2, 2024, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 consists of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2023</u>			
Guaranteed income fund	\$ 6,170,084	\$ -	\$ 6,170,084
Mutual funds	119,361,518	119,361,518	-
Investments at fair value	<u>\$ 125,531,602</u>	<u>\$ 119,361,518</u>	<u>\$ 6,170,084</u>
<u>December 31, 2022</u>			
Guaranteed income fund	\$ 8,178,898	\$ -	\$ 8,178,898
Mutual funds	103,951,587	103,951,587	-
Investments at fair value	<u>\$ 112,130,485</u>	<u>\$ 103,951,587</u>	<u>\$ 8,178,898</u>

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the guaranteed income fund is based on inputs that are observable for valuing the asset or liability, either directly or indirectly (i.e., interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

While the underlying asset values are quoted prices, the net asset value (NAV) of a unit in this fund is not publicly quoted. Units can be issued and redeemed on any business day at the NAV. All earnings and losses are reflected in the computation of the NAV and are realized by the participant upon withdrawal. No distributions of income and gain or loss are made to participants.

Note 4 – Guaranteed Income Fund

The Plan has investments in the Empower Guaranteed Income Fund (formerly Prudential Guaranteed Income Fund). This fund is supported by a group annuity insurance contract. Under this contract, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable time frames. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals, and fees. The repayment of principal and interest credited to participants is the financial obligation of the issuer. There are no events that could limit the ability of the Plan to transact at contract value. There are no events that allow the issuer

Carilion Clinic 401(k)
Retirement Savings Plan
Notes to Financial Statements
December 31, 2023

to terminate the contract, and which require the Plan Sponsor to settle at an amount different than the contract value. The guaranteed minimum interest rate in 2023 and 2022 was 1.50%. The actual interest rate credited to participants ranged from 1.90% to 1.95% for the year ended December 31, 2023 and ranged from 1.65% to 1.70% for the year ended December 31, 2022.

Note 5 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Principal Trust Company provides certain administrative services to the Plan pursuant to a Services Agreement between the Company and Principal. The Trustee receives revenue from mutual fund and other investment fund service providers for services the Trustee provides to the funds. Revenue sharing is remitted to participant accounts as a reduction of expenses or investment income, as defined in the Service Agreement. Administrative fees are charged ratably to all participant accounts, regardless of revenue sharing. Administrative expenses are presented net of \$15,125 credits received.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Plan adopted a Pre-Approved Plan sponsored by Principal Financial Group effective May 15, 2022, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
