INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Creek Enterprise 401(k) Plan
Adrian, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Creek Enterprise 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Creek Enterprise 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Creek Enterprise 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Creek Enterprise 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Creek Enterprise 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Creek Enterprise 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

Schedule H, Line 4i – Schedules of Assets (Held at End of Year) – December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CREEK ENTERPRISE 401(K) PLAN
Notes to the Financial Statements
For The Year Ended December 31, 2023 and 2022

NOTE:**1. Summary of Significant Accounting Policies**

Basis of Accounting – The financial statements of the Creek Enterprise 401(k) Plan (the Plan) are prepared under the accrual method of accounting.

Investments – Investments are reported at fair value, except for the fully benefit-responsive annuity contract, which is reported at contract value (see Note 10). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Contributions – Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses – Administrative expenses in the amount of \$2,350 are shown on the Statement of Changes in Net Assets Available for Benefits. This amount represents administrative costs paid to third party service providers for financial advisory, legal consultation, and recordkeeping services.

Risks and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Subsequent Events – The Company has evaluated events and transactions that occurred through August 26, 2024, which is the date the financial statements were available for issue.

2. Plan Description

The following description of the Creek Enterprise 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – Effective January 1, 2013, Creek Enterprise (the Company), adopted the Plan which is a defined contribution Plan covering substantially all employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company who have attained the age of nineteen, have completed three months of service, and are not union, leased, or non-resident aliens are eligible to participate in the Plan. Entry dates are the first day of the quarter following the attainment of the age and service requirements.

CREEK ENTERPRISE 401(K) PLAN
Notes to the Financial Statements (Continued)
For The Year Ended December 31, 2023 and 2022

NOTE:**2. Plan Description (Continued)**

Contributions – Contributions to participants' accounts may be made through voluntary reductions in their compensation, rollover contributions from other qualified plans, as well as safe harbor and discretionary employer matching. Employees participating in the Plan may contribute up to 100% of their before-tax compensation up to the limit in effect for the year (\$22,500 in 2023). Participants aged fifty or older may make an additional "catch-up" contribution (\$7,500 for 2023). The Company matched 100% of employee deferrals up to 4% of their pay. Additional amounts may be contributed at the option of the Plan's Board of Trustees. All employer contributions are invested in the investment options as directed by the participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the (a) employer's contribution, (b) plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions are invested based on participant-directed investment programs.

Investment Options – Participants' accounts are self-directed within a limited number of investment options offered by the Plan. Participants may change their investment elections at their discretion.

Vesting – Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the portion of the accounts funded by Company contributions plus earnings thereon is based on years of continuous service according to the following schedule:

1 year	25%
2 years	50%
3 years	75%
4 or more years	100%

Forfeitures – As of December 31, 2023 and 2022 forfeited non-vested amounts totaled \$22,876 and \$36,766, respectively. These amounts will be used to offset future administrative expenses or Employer matching contributions. For the year ended December 31, 2023, eligible plan expenses were reduced by \$11,666 from forfeited accounts.

Payments of Benefits – Participants or their beneficiaries may receive distributions of their account balances in a lump sum upon the earlier of reaching age 59 1/2, permanent disability, death, or termination of service, as defined in the Plan. If a participant's vested balance is less than \$1,000, the balance will be distributed in a lump-sum amount, regardless of consent to receive it. Further, the Trustee may permit a participant who experiences a qualified financial hardship, as defined by the Plan, to receive a distribution of all or a portion of the participant's elective account balance.

Notes Receivable from Participants – Effective December 9, 2022, the Plan added a participant loan program. Participants may borrow from their fund accounts in an amount equal to the lesser of \$50,000 or 50% of their vested account balance. No loans will be issued for less than \$1,000. The loans are secured by the balance in the participant's account and bear interest at a rate determined to be reasonable based upon similar loans offered by other lenders. Principal and interest are paid through payroll deductions.

3. Parties in Interest and Related Parties

Certain Plan investments are managed by United of Omaha Life Insurance Company, the trustee, and therefore, these transactions are considered to be party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Certain administrative costs incurred by the Plan are paid by the plan sponsor. The Plan uses the staff, resources, and facilities of the plan sponsor to perform certain administrative activities related to the Plan. These transactions qualify as party-in-interest transactions. Participant notes receivable are classified as both related party and party-in-interest transactions.

CREEK ENTERPRISE 401(K) PLAN
Notes to the Financial Statements (Continued)
For The Year Ended December 31, 2023 and 2022

NOTE:**4. Tax Status**

The underlying standardized volume submitter plan has received an opinion letter from the Internal Revenue Service dated September 21, 2020, stating that the form of the document is acceptable under Section 401(a) of the Internal Revenue Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

5. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Certification of Financial Information

The following information included in the accompanying financial statements and supplementary schedule as of December 31, 2023 and 2022 and for the year ended December 31, 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by United of Omaha Life Insurance Company (Mutual of Omaha): investments at fair value, notes receivable from participants, interest and dividends, and net appreciation or depreciation in fair value of investments.

7. Non-Participating Participant Account Balances

Included in the net assets available for benefits at December 31, 2023 and 2022 are balances due to participants who had terminated employment with the employer, as such they are no longer participating. These accounts are payable on request.

8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable input (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CREEK ENTERPRISE 401(K) PLAN
Notes to the Financial Statements (Continued)
For The Year Ended December 31, 2023 and 2022

NOTE:**8. Fair Value Measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Pooled separate accounts: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the balances of the assets measured at fair value on a recurring basis as of December 31, 2023 and 2022.

Fair Value Measurements at Reporting Date Using

		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	12/31/2023			
Assets:				
Pooled separate accounts	\$ 3,528,172	\$ 0	\$ 3,528,172	\$ 0
Total Investments at Fair Value	\$ 3,528,172	\$ 0	\$ 3,528,172	\$ 0

Fair Value Measurements at Reporting Date Using

		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	12/31/2022			
Assets:				
Pooled separate accounts	\$ 2,619,962	\$ 0	\$ 2,619,962	\$ 0
Total Investments at Fair Value	\$ 2,619,962	\$ 0	\$ 2,619,962	\$ 0

9. Reclassifications

During the current fiscal year, the Plan identified certain errors in the classification of prior year amounts within the financial statements. As a result, reclassifications have been made to conform to the current year presentation. These reclassifications had no impact on the previously reported net assets available for benefits or the changes in net assets available for benefits. The reclassifications made are as follows:

Investments at contract value – amounts previously reported under “Investments at fair value” have been reclassified to “Investments at contract value” to better reflect the nature of the assets.

EOS OF NORTH AMERICA, INC. 401(K) PROFIT SHARING PLAN
Notes to the Financial Statements (Continued)
For The Years Ended December 31, 2023 and 2022

NOTE:**9. Reclassifications (Continued)**

The following table summarizes the reclassifications:

Description	As Previously Reported	Reclassification Adjustment	As Reclassified
Investments at fair value	\$ 2,843,827	\$ (223,865)	\$ 2,619,962
Investments at contract value	\$ 0	\$ 223,865	\$ 223,865

These reclassifications were necessary to ensure the financial statements are consistent with the current year's presentation and to provide a clearer understanding of the Plan's financial position and changes in net assets available for benefits.

10. Fully Benefit-Responsive Annuity Contract

The Plan entered into a fully benefit-responsive investment contract with Mutual of Omaha. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. As of December 31, 2023, and 2022, the contract value of the fully benefit-responsive investment contract was \$163,083 and \$223,865, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or a merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.
