INDEPENDENT AUDITOR'S REPORT

September 4, 2024

To the Plan Administrator of
Innovative Resources for Independence 403(B) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Innovative Resources for Independence 403(B) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INNOVATIVE RESOURCES FOR INDEPENDENCE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following brief description of the Innovative Resources for Independence 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Innovative Resources for Independence, Inc. (IRI) who meet certain eligibility requirements. The Plan is administered by IRI. AXA Equitable Life Insurance Company (AXA) and Matrix Trust Company (Matrix) are the custodians and recordkeepers of the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who average 20 hours a week or more are eligible to participate in the salary reduction contributions to the Plan on the first day of the pay period after an employee completes the necessary application and salary reduction agreement. There is no minimum age requirement.

Contributions

Active participants may make voluntary contributions in the form of salary reductions up to 100% of annual compensation and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). Eligible participants who attain the age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations of the IRC.

Participants who have completed one year of service and worked as least 1,000 hours are eligible to receive discretionary contributions at the discretion of IRI's Board of Directors (the Board). Employer contributions are subject to certain limitations as prescribed by the IRC. Discretionary contributions to the Plan were approved by the Board in the amount of \$63,225 and \$68,690, which are recorded as receivables for the year ended June 30, 2023 and 2022, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, and Plan earnings/losses on all contributions. Allocations of earnings/losses and administrative expenses are based on account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately vested in their employee and employer account balance, which includes voluntary contributions and actual earnings thereon.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants are eligible for loans equal to the lesser of a) \$50,000 reduced by the highest outstanding balance of loans during the one-year period ending on the day before the new loan is made or b) one-half of the participant's vested account. Each note receivable from a participant shall bear a reasonable interest rate and shall be repaid in a period not to exceed 5 years, except for loans issued in connection with the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest rates that range from 4.25% to 9.75%, which are commensurate with the current rates charged in similar loans by persons in the business of lending money. Participants make loan repayments directly to AXA and Matrix.

Benefit Payments

Participants are eligible for retirement benefits upon reaching age 65. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or distributions based on various annuity options or fixed income payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Terminated participants also have the option of leaving their funds in their account, provided they are not required to take minimum distributions from their account according to the provisions of the IRC. Participants who have reached age 59½ may take in-service distributions.

Hardship Withdrawals

Participants may receive distributions up to 100% of their vested account balance in the form of a hardship withdrawal upon meeting financial hardship requirements outlined in the Plan document.

Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid by IRI or plan participants.

Plan Termination

Although it has not expressed any intent to do so, IRI has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts. All distributions would be made in accordance with any applicable requirements of the ERISA and the Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) in fair value of investments included the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year. All investments are participant directed.

Risks and Uncertainties

The Plan's underlying investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying financial statements.

Fair Value Measurement

ASC Section 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly, are considered level 2 measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as accurate and complete by AXA and Matrix, the custodians, and is included in the accompanying financial statements and schedule:

	<u>2023</u>	<u>2022</u>
Investments	\$ <u>3,134,600</u>	\$ <u>2,657,194</u>
Notes receivable from participants	\$ <u>31,159</u>	\$ <u>49,466</u>
Interest on notes receivable from participants	\$ <u>2,793</u>	\$ <u>2,446</u>
Net appreciation (depreciation) in fair value of investments	\$ <u>236,963</u>	\$ <u>(369,366)</u>
Interest and dividends	\$ <u>46,328</u>	\$ <u>35,935</u>
Schedule H, Line 4i - Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following are measured at fair value on a recurring basis at June 30, 2023:

	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>	<u>Total</u>
Registered investment companies	\$ <u>1,457,535</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,457,535
Pooled separate accounts				<u>948,906</u>
Total investments at fair value				<u>\$ 2,406,441</u>

The following are measured at fair value on a recurring basis at June 30, 2022:

	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>	<u>Total</u>
Registered investment companies	\$ <u>1,068,039</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,068,039
Pooled separate accounts				<u>854,901</u>
Total investments at fair value				<u>\$ 1,922,940</u>

There were no changes to the valuation techniques during 2023 and 2022.

The measurement of the fair value of the registered investment companies are based on quoted market prices of the shares held at year-end (level 1).

4. FAIR VALUE MEASUREMENTS (Continued)

The pooled separate accounts are invested in open-ended mutual funds. The net asset value of the pooled separate accounts are not publicly quoted. The values of the underlying investments are used in determining the net asset value of the separate account fund. Underlying mutual funds have observable quoted pricing inputs.

There are no restrictions in connection with the transfer among or withdrawal from any of the investment alternatives in the separate account.

The pooled separate accounts funds currently invest in underlying funds, which have different investment objectives, investments policies, and risks. The investment strategies of these funds will vary based on the participant's chosen risk preferences. The separate account funds do not have any unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INVESTMENTS AT CONTRACT VALUE

The investment in the guaranteed interest option account of AXA Equitable Life Insurance Company (AXA) which pays interest at guaranteed rates and the value of the principal will not fluctuate. The accounts are credited with contributions as well as earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by AXA to be no less than 3.00% interest rate at June 30, 2023 and 2022.

The investment in the Prudential guaranteed income fund account held by Matrix pays interest at guaranteed rates and the value of the principal does not fluctuate. The accounts are credited with contributions as well as earnings on the underlying investments and are charged for Plan withdrawals.

6. TAX STATUS

The Plan is exempt from federal and state income tax under Section 403(b) of the Code. The Plan is required to operate in conformity with the Code to maintain its tax-exempt status for Plan participants. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. RECONCILIATION TO FORM 5500

The classification of changes in net assets available for benefits for the years ended June 30, 2023 and 2022 and the total change in net assets available for benefits for the years then ended agrees between these financial statements and Form 5500.

8. PARTY IN INTEREST TRANSACTIONS

AXA and Matrix are the custodians of the Plan's assets. IRI is the Plan Sponsor. As such, transactions between AXA, Matrix and IRI qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 4, 2024, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

September 4, 2024

To the Plan Administrator of
Innovative Resources for Independence 403(B) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Innovative Resources for Independence 403(B) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INNOVATIVE RESOURCES FOR INDEPENDENCE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following brief description of the Innovative Resources for Independence 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Innovative Resources for Independence, Inc. (IRI) who meet certain eligibility requirements. The Plan is administered by IRI. AXA Equitable Life Insurance Company (AXA) and Matrix Trust Company (Matrix) are the custodians and recordkeepers of the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who average 20 hours a week or more are eligible to participate in the salary reduction contributions to the Plan on the first day of the pay period after an employee completes the necessary application and salary reduction agreement. There is no minimum age requirement.

Contributions

Active participants may make voluntary contributions in the form of salary reductions up to 100% of annual compensation and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). Eligible participants who attain the age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations of the IRC.

Participants who have completed one year of service and worked as least 1,000 hours are eligible to receive discretionary contributions at the discretion of IRI's Board of Directors (the Board). Employer contributions are subject to certain limitations as prescribed by the IRC. Discretionary contributions to the Plan were approved by the Board in the amount of \$63,225 and \$68,690, which are recorded as receivables for the year ended June 30, 2023 and 2022, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, and Plan earnings/losses on all contributions. Allocations of earnings/losses and administrative expenses are based on account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately vested in their employee and employer account balance, which includes voluntary contributions and actual earnings thereon.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants are eligible for loans equal to the lesser of a) \$50,000 reduced by the highest outstanding balance of loans during the one-year period ending on the day before the new loan is made or b) one-half of the participant's vested account. Each note receivable from a participant shall bear a reasonable interest rate and shall be repaid in a period not to exceed 5 years, except for loans issued in connection with the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest rates that range from 4.25% to 9.75%, which are commensurate with the current rates charged in similar loans by persons in the business of lending money. Participants make loan repayments directly to AXA and Matrix.

Benefit Payments

Participants are eligible for retirement benefits upon reaching age 65. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or distributions based on various annuity options or fixed income payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Terminated participants also have the option of leaving their funds in their account, provided they are not required to take minimum distributions from their account according to the provisions of the IRC. Participants who have reached age 59½ may take in-service distributions.

Hardship Withdrawals

Participants may receive distributions up to 100% of their vested account balance in the form of a hardship withdrawal upon meeting financial hardship requirements outlined in the Plan document.

Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid by IRI or plan participants.

Plan Termination

Although it has not expressed any intent to do so, IRI has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts. All distributions would be made in accordance with any applicable requirements of the ERISA and the Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) in fair value of investments included the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year. All investments are participant directed.

Risks and Uncertainties

The Plan's underlying investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying financial statements.

Fair Value Measurement

ASC Section 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly, are considered level 2 measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as accurate and complete by AXA and Matrix, the custodians, and is included in the accompanying financial statements and schedule:

	<u>2023</u>	<u>2022</u>
Investments	\$ <u>3,134,600</u>	\$ <u>2,657,194</u>
Notes receivable from participants	\$ <u>31,159</u>	\$ <u>49,466</u>
Interest on notes receivable from participants	\$ <u>2,793</u>	\$ <u>2,446</u>
Net appreciation (depreciation) in fair value of investments	\$ <u>236,963</u>	\$ <u>(369,366)</u>
Interest and dividends	\$ <u>46,328</u>	\$ <u>35,935</u>
Schedule H, Line 4i - Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following are measured at fair value on a recurring basis at June 30, 2023:

	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>	<u>Total</u>
Registered investment companies	\$ <u>1,457,535</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,457,535
Pooled separate accounts				<u>948,906</u>
Total investments at fair value				<u>\$ 2,406,441</u>

The following are measured at fair value on a recurring basis at June 30, 2022:

	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>	<u>Total</u>
Registered investment companies	\$ <u>1,068,039</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,068,039
Pooled separate accounts				<u>854,901</u>
Total investments at fair value				<u>\$ 1,922,940</u>

There were no changes to the valuation techniques during 2023 and 2022.

The measurement of the fair value of the registered investment companies are based on quoted market prices of the shares held at year-end (level 1).

4. FAIR VALUE MEASUREMENTS (Continued)

The pooled separate accounts are invested in open-ended mutual funds. The net asset value of the pooled separate accounts are not publicly quoted. The values of the underlying investments are used in determining the net asset value of the separate account fund. Underlying mutual funds have observable quoted pricing inputs.

There are no restrictions in connection with the transfer among or withdrawal from any of the investment alternatives in the separate account.

The pooled separate accounts funds currently invest in underlying funds, which have different investment objectives, investments policies, and risks. The investment strategies of these funds will vary based on the participant's chosen risk preferences. The separate account funds do not have any unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INVESTMENTS AT CONTRACT VALUE

The investment in the guaranteed interest option account of AXA Equitable Life Insurance Company (AXA) which pays interest at guaranteed rates and the value of the principal will not fluctuate. The accounts are credited with contributions as well as earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by AXA to be no less than 3.00% interest rate at June 30, 2023 and 2022.

The investment in the Prudential guaranteed income fund account held by Matrix pays interest at guaranteed rates and the value of the principal does not fluctuate. The accounts are credited with contributions as well as earnings on the underlying investments and are charged for Plan withdrawals.

6. TAX STATUS

The Plan is exempt from federal and state income tax under Section 403(b) of the Code. The Plan is required to operate in conformity with the Code to maintain its tax-exempt status for Plan participants. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. RECONCILIATION TO FORM 5500

The classification of changes in net assets available for benefits for the years ended June 30, 2023 and 2022 and the total change in net assets available for benefits for the years then ended agrees between these financial statements and Form 5500.

8. PARTY IN INTEREST TRANSACTIONS

AXA and Matrix are the custodians of the Plan's assets. IRI is the Plan Sponsor. As such, transactions between AXA, Matrix and IRI qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 4, 2024, which is the date the financial statements were available to be issued.
