INDEPENDENT AUDITOR'S REPORT

To the Trustees of Water Saver Salaried
Employees Individual Account Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Water Saver Salaried Employees Individual Account Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Water Saver Salaried Employees Individual Account Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Water Saver Salaried Employees Individual Account Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Water Saver Salaried Employees Individual Account Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Water Saver Salaried Employees Individual Account Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Water Saver Salaried Employees Individual Account Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA -

The supplemental schedule as indicated in the contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**WATER SAVER SALARIED EMPLOYEES INDIVIDUAL ACCOUNT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1: Description of the Plan:

General:

The following description of the Water Saver Salaried Employees Individual Account Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan maintained for the benefit of eligible employees (as defined) of Water Saver Faucet Company and Guardian Equipment, Inc. (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions which are to be maintained in separate accounts.

Employee-directed contributions:

Eligible employees of the Company may elect to defer up to 60% of their annual compensation (as defined) to the Plan, not to exceed Internal Revenue Code limitations. Eligible employees aged 50 and over may make catch up contributions not to exceed Internal Revenue Code limitations.

Employee rollover contributions:

To be made by the employee from amounts received from any other qualified plan, subject to the provisions of applicable tax law.

Employer contributions:

The Plan provides for the Company to make safe harbor employer matching contributions annually based on the formulas found in the Plan Adoption Agreement as well as discretionary profit sharing contributions.

Participant accounts:

Employees have the ability to direct their employee and employer contributions into a variety of investment options allowed by the Plan.

**WATER SAVER SALARIED EMPLOYEES INDIVIDUAL ACCOUNT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1: Description of the Plan (continued):

Participant accounts (continued):

Investment income and the fair value appreciation or depreciation are allocated to participants and terminated participants (who have undistributed account balances) based on account balances, as defined.

Each participant's account is credited with participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in employer contributions, and earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of vesting service, as defined.

Forfeitures occur when employees terminate employment with less than 100% of employer contribution vested. The Sponsor uses forfeitures to reduce administrative expenses or contributions. For the years ended December 31, 2023 and 2022, there were \$38,890 and \$41,894, respectively, available for allocation. The 2023 and 2022 employer contributions were reduced by \$38,000 and \$60,000, respectively, from forfeited nonvested accounts.

In service withdrawals:

The Plan allows for in service withdrawals of rollover contributions and withdrawals from all sources when the participant reaches age 59 1/2.

Payment of benefits:

Payments of benefits are made to participants or their beneficiaries upon death, retirement, when they reach retirement age, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 8.50% interest, which are commensurate with local prevailing rates as determined quarterly by the plan Administrator. Principal and interest is paid ratably through regular payroll deductions.

**WATER SAVER SALARIED EMPLOYEES INDIVIDUAL ACCOUNT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2: Significant accounting policies:

Basis of presentation:

The financial statements of the Water Saver Salaried Employees Individual Account Plan have been prepared on the accrual basis of accounting, with investments being carried at fair value. The fair value of the investment funds is determined by quoted prices in an active market.

Recognition of income:

The basis of investments held by the Plan is adjusted annually to the closing market value and unrealized gains and losses are recorded as part of the adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments:

Investments in mutual funds are carried at the fair market value (net asset value), as determined by quoted prices in an active market. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

**WATER SAVER SALARIED EMPLOYEES INDIVIDUAL ACCOUNT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2: Significant accounting policies (continued):

Payment of benefits:

Payment of benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees for administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

NOTE 3: Fair value measurements:

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3: Fair value measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurement Using			Total
	Level 1	Level 2	Level 3	
<u>December 31, 2023</u>				
Money market and Mutual funds	<u>\$ 22,783,224</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,783,224</u>
<u>December 31, 2022</u>				
Money market and Mutual funds	<u>\$ 19,623,566</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,623,566</u>

The money market and mutual fund investments are valued at unadjusted quoted prices in an active market and are therefore classified as Level 1. There have been no changes in methodologies used to determine fair value at December 31, 2023 and 2022.

NOTE 4: Information prepared and certified by trustee:

NOTE 5: Related party transactions and party-in-interest transactions:

Certain administrative services, principally the maintenance of the Plan's accounting records, are performed by the Company at no charge to the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan amounted to \$3,959 and \$9,662 for the years ended December 31, 2023 and 2022, respectively.

All of these party-in-interest transactions are exempt for the prohibited transaction rules of ERISA.

NOTE 6: Plan termination:

The Company intends to continue the Plan indefinitely; however, it does have the right to terminate it, discontinue it, or amend it from time to time. If the Plan terminates, or there is a permanent discontinuance of contributions, all participants' accounts will become fully vested.

NOTE 7: Income tax status:

The Plan is a non-standardized prototype plan sponsored by Fidelity Management & Research Co. that has been adopted by the Company. The prototype plan obtained its latest opinion on March 31, 2014, which the Internal Revenue Service ("IRS") stated the prototype plan, as then designed was in compliance with the application requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 8: Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
