INDEPENDENT AUDITOR'S REPORT

To Plan Management of
Tech24 Retirement Plan
Greenville, SC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the financial statements of the Tech24 Retirement Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tech-24 Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Empower Trust Company, LLC as of December 31 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section,

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of my report. I am required to be independent of the Tech-24 Retirement Plan, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tech24 Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that I identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion,

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tech24 Retirement Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tech24 Retirement Plan (the “Plan”) provides only general information. The Plan document provides a more complete description.

History and General Information

The Plan is a defined contribution plan covering substantially all employees of Commercial Foodservice Repair, Inc. (the “Company”). The Company is a single source for commercial refrigeration, cooking, beverage and HVAC equipment repair and maintenance, providing services to restaurants, convenience and grocery stores, schools, corporate and government facilities, and other venues. The Company is headquartered in Greenville, South Carolina and provides services nationwide. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2022, the Plan was amended and restated. Principal changes are (1) Employer adoption of basic safe harbor match - allowing the Plan to automatically satisfy certain annual compliance testing) and (2) Immediate vesting in all employer contributions as of that date.

On March 27, 2020, the U.S. President signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented relevant provisions. Significant changes relate to increased participant loan limits, loan repayment extensions and other favorable Coronavirus-related distribution provisions. The CARES Act amendment was adopted by the Plan on July 22, 2022.

The Plan was also amended effective January 1, 2023 to implement the Setting Up Every Community for Retirement Enhancement (“SECURE”) Act of 2019. The SECURE Act contains a number of provisions to incentivize retirement planning, diversify the options available to savers, and increase access to tax-advantaged savings programs.

The Company made certain acquisitions during the years ended December 31, 2023 and 2022. The Plan was amended during both years to allow acquired companies to become participating employers in the Plan, and to allow for automatic enrollment of certain incoming participants at specific dates. Account balances for incoming participating employees were transferred to the Plan at each participation date. The following is a summary of assets transferred into the Plan during the year ended December 31, 2023. This amount is reflected as transfer of assets into this plan in the accompanying Statement of Changes in Net Assets Available for Benefits.

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Employee Contributions

Participants may contribute on a pre-tax or after-tax basis a minimum of 1% up to a maximum of 100% of their annual compensation, limited to the maximum amount determined annually by the Internal Revenue Service (\$22,500 for 2023 and \$20,500 for 2022). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to \$7,500 for 2023 and \$6,500 for 2022). Participants direct their contributions into various investment options offered by the Plan. All investments are participant directed. Participants may also contribute amounts representing distributions from other qualified plans (rollovers) and after-tax Roth contributions are permitted. There is no minimum age or service requirement for participation in the Plan.

Effective January 1, 2022, newly eligible employees are automatically enrolled in the Plan and deemed to have elected a deferral rate of 3% of their pre-tax annual compensation unless the employee affirmatively elects not to participate or elects a different deferral rate. This initial automatic deferral amount increases by 1% per year up to a maximum of 5% of compensation.

Employer Contributions

The Plan is a safe harbor plan as described in the Internal Revenue Code ("IRC"). The Company chose to make the qualified safe harbor basic matching contribution of 100% of elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals between 3% and 5% of eligible compensation. Plan provisions also provide the Company with the option to make discretionary non-matching contributions to the Plan each year to those participants who are employed on the last day of the plan year and have completed 1,000 hours of service. No discretionary non-matching contributions were made for the year ended December 31, 2023. For the year ended December 31, 2023, the Company made safe harbor matching contributions of \$2,168,656.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary matching and profit-sharing contributions and (b) Plan earnings, and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the amount that can be distributed from the participant's account.

Vesting

Participants are immediately and fully vested at all times in all accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Tech24 Retirement Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Payment of Benefits

On termination of employment, death, disability, or normal retirement age of 65, a participant may elect to receive a lump sum amount equal to the balance in their account. Pre-retirement withdrawals are also permitted when an employee reaches the age of 59 ½.

A participant may request an in-service withdrawal from the Plan while still employed by the Company. Hardship withdrawals are permitted from elective deferrals only.

If a participant retires or otherwise terminates employment with the Company and their total account balance is greater than \$5,000, the participant may leave the balance in the Plan, make a direct rollover from the Plan to another qualified retirement plan or an Individual Retirement Account ("IRA"), or receive a single lump-sum payment as soon as administratively possible after separating service from the Company. Partial withdrawals and installment payments are not permitted except for those participants receiving required minimum distributions.

If no affirmative distribution election is made after termination and the participant's account balance is at least \$1,000, the account will automatically be rolled over into an IRA account outside of the Plan as soon as administratively feasible following termination of employment.

Investment Options

Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan. The Plan currently offers a diverse group of mutual funds as investment options for participants. See Note 6 for fair value measurement of these investments.

Forfeited Accounts

Although the plan is considered safe harbor under as defined in the IRC, certain forfeited accounts have resulted from prior traditional cliff vesting and from plan conversions. In accordance with the Plan document, forfeited non-vested accounts can be used to reduce future employer contributions. For the years ended December 31, 2023 and 2022, forfeited non-vested accounts totaling \$45,695 and \$37,595, respectively are available to be used to reduce future employer matching contributions.

Notes Receivable from Participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of their respective account balance, not to exceed \$50,000. Terms of all loans (other than primary residence loans) are from one to five years. Notes are secured by the balance in the participant's account and bear interest at prevailing market rates. Interest rates on outstanding loans at December 31, 2023 ranged from 3.25% to 9.50%, with maturity dates ranging from 2016 through 2036. Principal and interest is paid ratably through payroll deductions and are reinvested according to the participant's investment allocation in effect at the time of the repayment. Participants are only allowed one outstanding loan at any one time.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP), except for benefits paid to participants, which are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan investments are reported at fair value, with fair value measured using the net asset value per share as a practical expedient. See Note 6 for discussion of fair value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and net unrealized appreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when funds are distributed.

Notes Receivable

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Empower Trust Company LLC is the trustee for the Plan. The trustee holds the Plan's investment assets and executes investment transactions. Management has determined that Empower Trust Company LLC is a qualified institution and the information prepared and certified by them meets

Tech24 Retirement Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

the requirements of ERISA Section 103(a)(3)(c). Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained from information supplied to the Plan administrator by the trustee. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the trustee as of December 31,

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 32,004,920	\$ 21,756,438
For the year ended December 31, 2023:		
Net appreciation in fair value of investments	\$ 2,981,147	
Dividends	836,345	
Interest on participant notes receivable	30,484	

NOTE 4 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Fees for accounting services are paid by the Company. Administrative service fees totaling \$175,377 for the year ended December 31, 2023 were paid by the Plan. Fees paid by the Plan for investment management services were netted against the returns earned by each fund.

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

The investments of the Plan are managed by the trustee; therefore these transactions qualify as party-in-interest transactions.

NOTE 5 – INCOME TAX STATUS

The Plan adopted a non-standardized prototype plan and has received an opinion letter from the IRS dated November 14, 2022 stating that the volume submitter is acceptable under Section 401 of the Internal Revenue Code, and therefore, the related trust is tax exempt. The plan has been amended since that date, however the Plan sponsor and tax counsel believe that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Further, the Plan sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC to maintain its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Tech24 Retirement Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or the price paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are based upon inputs that market participants use in pricing an asset or liability, which are characterized according to a hierarchy that prioritizes those inputs based on the degree to which they are observable. Observable inputs represent market data obtained from independent sources, whereas unobservable inputs reflect a company's own market assumptions, which are used if observable inputs are not reasonably available without undue cost and effort. The three input levels of the fair value hierarchy are as follows:

- Level 1 – quoted prices for identical assets or liabilities in active markets.
- Level 2 – quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g. interest rates) and inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – unobservable inputs for the asset or liability.

The fair value input hierarchy level into which an asset or liability measurement in its entirety falls is determined based on the lowest level input that is significant to the measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used since December 31, 2023.

Mutual funds – mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Tech24 Retirement Plan

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investment securities in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 18, 2024, the date the financial statements were available to be issued.

The Company made certain acquisitions subsequent to December 31, 2023 and prior to the date these financial statements were available to be issued. Plan was amended to allow acquired companies to become participating employers in the Plan. Account balances for incoming participating employees were transferred to the Plan at each participation date. The following is a summary:
