Plan Administrator
Kobelco Construction Machinery USA, Inc. 401(k) Plan
Katy, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kobelco Construction Machinery USA, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

September 11, 2024
Kobelco Construction Machinery USA, Inc. 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1 - Plan Description

The following brief description of the Kobelco Construction Machinery USA, Inc. 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Kobelco Construction Machinery USA, Inc. (the Company and the plan administrator), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 2013 and has since been amended and restated. Empower Trust Company, LLC serves as the asset custodian of the Plan's mutual funds and notes receivable from participants. Empower Annuity Insurance Company of America serves as the asset custodian of the Plan's guaranteed investment contract.

Eligibility

Participation in the Plan is available for all employees, as defined, who are at least 18 years of age. Employees must also complete three months of service to be eligible to participate in the Plan. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

An eligible employee may participate in the Plan by electing to contribute a portion of their compensation, as defined, subject to the maximum limits allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans and certain other qualified sources as defined in the plan document.

Eligible employees automatically begin deferring at 3% of their compensation, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are made on a pre-tax basis unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth contributions.

The Plan makes employer matching contributions equal to 100% of the participant's contribution not to exceed a 5% deferral of the participant's eligible compensation on a payroll-by-payroll basis.

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service. A participant's interest in Company contributions begins vesting at 20% after two years of service and increases 20% for each additional year of service until the employee is 100% vested after six years. Participants become fully vested upon death, disability, reaching normal retirement age of 65 or upon the declaration of a partial or complete plan termination. As discussed below, during 2022 and 2021 the Company experienced a partial plan termination and as a result all affected participants became 100% vested in their respective plan accounts.

Forfeitures are used to reduce employer contributions or to pay administrative expenses of the Plan. At December 31, 2023 and 2022, the forfeiture balance was \$23,844 and \$74,159, respectively. For the year ended December 31, 2023, forfeitures in the amount of \$1,099 were utilized to reduce employer matching contributions, and forfeitures in the amount of \$48 were used to pay plan expenses. As discussed below, the plan sponsor restored forfeitures and applicable earnings of \$78,300 to participants in 2023.

Partial Plan Termination

A partial plan termination may occur if 20% or more of plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, affected participants become fully vested, but the remaining participants' vesting continues to be determined pursuant to the terms of the plan document.

During the period from January 1, 2021 through March 31, 2022, the Company experienced a greater than 20% reduction in its workforce. As a result, the Company determined that a partial plan termination had occurred for this period. All affected participants became 100% vested in their respective plan account. The plan sponsor restored forfeitures and applicable earnings to participants in 2023.

Participant Accounts

Upon enrollment in the Plan, a participant may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options daily.

Under the Plan, earnings and losses are allocated to the participants' accounts daily according to an allocation formula provided in the plan document.

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts as prescribed in the plan document. Interest rates are based on the Wall Street Journal prime rate plus 1% on the date of issuance. The loans are repaid through payroll deductions. A participant may not have more than one loan outstanding at any time. Loans issued are no less than \$1,000, with a maximum value limited to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or one-half of the participant's vested balance. Loan terms are limited to five years unless for the purchase of a principal residence, which may be repaid within a period of up to 30 years.

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death or for certain other reasons as defined in the plan document. Upon termination, participants with an account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants who terminate with an account balance of more than \$1,000 but less than \$5,000, the plan administrator shall make a direct rollover into an individual retirement account. Withdrawals from the Plan may be subject to income taxes on contributions and income earned.

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements and Note 5 for discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of the investments includes realized gains and losses on investments bought and sold during the year, as well as unrealized gains or losses on the investments held at the end of the year.

See independent auditor's report.

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022 as the notes are collateralized by the respective participant account balance. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made, and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses not paid by the Company, at its discretion, are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 11, 2024, which is the date the financial statements were available to be issued. See Note 9.

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Note 3 - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Empower Trust Company, LLC and Empower Annuity Insurance Company of America as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that all of the information provided is complete and accurate. Information included in the financial statements and the accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying footnotes and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual Funds: These funds are valued daily at their quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2023		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 8,927,813</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 8,927,813</u>

	December 31, 2022		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 9,299,406</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 9,299,406</u>

Note 5 - Guaranteed Investment Contract with Empower Annuity Insurance Company of America

The Plan has a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America, the Guaranteed Interest Fund. Empower Annuity Insurance Company of America maintains the contributions in an unallocated contract account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower Annuity Insurance Company of America is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, the Guaranteed Interest Fund is a fully benefit-responsive investment contract that is reported at contract value. Contract value represents deposits made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. In addition, there are no events that allow Empower Annuity Insurance Company of America to settle at an amount different from contract value.

See independent auditor's report.

KOBELCO CONSTRUCTION MACHINERY USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Federal Income Tax

The pre-approved plan document adopted by the plan received an opinion letter from the IRS dated June 30, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

The guaranteed investment contract is with Empower Annuity Insurance Company of America and, therefore, transactions relating to this investment qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 9 - Subsequent Events

Effective February 26, 2024, the plan was amended to allow participants to have two outstanding loans at a time. Effective July 1, 2024, the plan was amended to increase the percentage at which eligible employees automatically begin deferring, from 3% to 5% of their compensation, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee.
