Independent Auditor's Report

To the Participants and the Trustees
Children's Clinic of Southwest Louisiana, APMC
401(k) Profit Sharing Plan and Trust

Opinion

We have audited the financial statements of the Children's Clinic of Southwest Louisiana, APMC 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at year end as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CHILDREN'S CLINIC OF SOUTHWEST LOUISIANA, APMC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Children's Clinic of Southwest Louisiana, APMC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan was implemented effective June 1, 1981 and amended and restated on January 1, 2016 to comply with the Pension Protection Act of 2006.

General

Employees of Children's Clinic of Southwest Louisiana, APMC (the Company) become eligible to participate in the Plan after completing one year of service and attainment of age twenty-one (21). An employee enters the Plan on January 1 or July 1 of the year in which the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan pays an annual asset management charge of 1% for management of Plan assets.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation to the Plan, up to the maximum allowable by the Internal Revenue Code (IRC). Additional "catch-up" contributions may be made beginning in the Plan year in which the participant will be at least age 50 by the end of the Plan year.

The Company may make two types of employer contributions:

For the year ended December 31, 2023, the Company made safe harbor matching contributions of 100% of each participant's salary deferrals that didn't exceed 3% of the participant's compensation, plus 50% of each participant's salary deferrals between 3% and 5% of the participant's compensation. Safe harbor matching contributions for the year ended December 31, 2023 totaled \$229,855.

The Company may also make a discretionary profit-sharing contribution to the Plan. The employer's discretionary profit-sharing contribution is allocated to participants' accounts based on each participant's compensation for the plan year to the total eligible compensation of all participants for the plan year. Employees must be employed on the last day of the plan year or, if terminated, be credited with more than 1,000 hours of service to be eligible to participate in any Company discretionary profit-sharing contribution. For the plan year ended December 31, 2023, no discretionary profit-sharing contribution was made.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CHILDREN'S CLINIC OF SOUTHWEST LOUISIANA, APMC
401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Investments

The Plan is non-participant directed, and all investments are held in a trustee administered account. The trustee invests the trust fund to keep the trust fund invested without distinction between principal and income and in such securities or property as the trustee shall deem advisable, including but not limited to stocks, bonds, or real estate.

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of 50% of their vested account balance or \$50,000. For a loan to be granted, the loan must be adequately secured and one-half of the participant's vested account balance may be used as security. The loan must bear interest at a rate equal to similar loans from commercial lending institutions. Participant loans must have a definite repayment period which provides for payments to be made at least quarterly, and the loan must be amortized on a level basis over reasonable period of time, not to exceed five years.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings and any safe harbor contributions plus actual earnings thereon. Vesting in the Company discretionary profit-sharing contributions and earnings thereon is based on years of service. A participant is 100% vested in Company discretionary profit-sharing contributions after three years of service.

Forfeited Accounts

Forfeitures are used to reinstate previously forfeited account balances of former participants, to pay Plan expenses, and the remaining forfeitures may be reallocated to participants in the same manner as employer contributions. At December 31, 2023 and 2022, there were no unused forfeited non-vested accounts.

Payment of Benefits

On termination of service, a participant may elect to receive either a single lump-sum payment equal to the value of the participant's vested benefit, or annual installments over a period not to exceed the employee's and beneficiary's assumed life expectations.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

**CHILDREN'S CLINIC OF SOUTHWEST LOUISIANA, APMC
401(k) PROFIT SHARING PLAN AND TRUST**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS), stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

401(k) PROFIT SHARING PLAN AND TRUST**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial plan termination, participants would become 100% vested in their accounts.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than the quoted prices included within the Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

401(k) PROFIT SHARING PLAN AND TRUST**

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common Stocks, Exchange-Traded Funds, and Money Market Funds: Valued at the quoted net asset values of the shares as reported by the fund. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Corporate Bonds: Valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The methods previously described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2023	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

Note 4. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Charles Schwab, the Plan's custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 1, 2024, and determined that no events required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
