Independent Auditor's Report

401(k) Administrative Committee
The Cramer-Krasselt Profit Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Cramer-Krasselt Profit Sharing/401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Cramer-Krasselt Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of The Cramer-Krasselt Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan covering eligible employees of The Cramer-Krasselt Company (the Company) except for employees covered by a collective bargaining agreement, or considered a non-resident alien, intern, or freelancer. Freelance employees are eligible to enroll after completing 1,000 hours of service in a 12-month period from date of hire or in any Plan year thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company's 401(k) Administrative Committee. The 401(k) Administrative Committee has overall responsibility for the operation and administration of the Plan. The 401(k) Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions: Each year, participants may elect to make pre-tax contributions in amounts ranging from 1% to 100% of their compensation up to the maximum amount allowable by the Internal Revenue Service (IRS), provided these contributions will not cause the Plan to exceed the discrimination limits.

Additionally, Roth contributions are allowed by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The Company makes a discretionary matching contribution in an amount equal to that percentage of each participant's elective deferral as determined by the Company from year to year. In 2023, the Company contributed 50% of the first 5% of eligible compensation that a participant elected to contribute to the Plan. For 2023, matching contributions totaled \$523,254. The Company may also make a discretionary profit sharing contribution to the Plan, which will be allocated to participants in accordance with the Plan agreement. The Company's profit sharing contribution was 1% of eligible compensation in 2023. For 2023, profit sharing contributions totaled \$102,130. Contributions are subject to certain limitations.

Vesting: Participants are vested immediately in their elective contributions plus actual earnings thereon. Vesting in the Company's contributions are based on continuous years of service. A participant is 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service and 80% vested after four years. A participant is fully vested after five years of credited service.

Participant accounts: Participant accounts are credited with participant contributions and Company matching contributions and allocations of: (a) the Company's profit sharing contribution, if any, and (b) Plan earnings, and are charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Investment options: Upon enrollment in the Plan, a participant may direct Company and participant contributions into any of the investment options offered by the Plan, as more fully described in the Plan's literature. A participant may also choose to have a professional investment manager direct his or her contributions in the same investment options. A self-managed account (PCRA) is offered whereby participants can invest self-directed contributions in various types of investments as described in the Plan's literature. Participants may transfer monies between investments and change investment options daily.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from the vested balance of their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant is limited to one outstanding note at any time. Note terms range from one to five years, however, longer repayment periods, from one to 10 years, are permitted when the note is used for the purchase of a primary residence. The notes are secured by the balance in the participant's account. The applicable rate of interest is the prime interest rate plus 1% per the Wall Street Journal as of the beginning of the month of the note. Principal and interest payments are paid through payroll deductions.

Payments of benefits: On termination of service, for any reason, participants may elect to receive either a lump-sum amount equal to the value of their vested accounts or receive regular installments over a period not to exceed their life expectancy. Participants that have attained age 59½ may take in-service withdrawals from vested balances in their accounts. In addition, hardship distributions are permitted if certain criteria are met.

Forfeitures: At December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$8 and \$9,000, respectively. These accounts will be used to reduce future Company contributions or pay administrative expenses. In 2023, approximately \$53,000 of forfeited nonvested accounts was used to pay administrative expenses and approximately \$5,000 was used to reduce Company contributions.

Other income: The Plan receives revenue sharing income from the Plan's recordkeeper that is generated from the administrative fees that are charged by mutual funds offered under the Plan and is allocated proportionately to participants that hold the funds generating the income. During 2023, the Plan was allocated approximately \$22,700 in revenue sharing income, which was allocated to participants based on their average daily balance at the end of each quarter.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Note 2. Significant Accounting Policies (Continued)

Payment of benefits: Benefits paid directly to participants are recorded when paid.

Administrative expenses: Administrative expenses can be paid by either the Company or the Plan. Expenses paid directly by the Company are excluded from these financial statements.

Subsequent events: The Plan's management has evaluated subsequent events through October 1, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Charles Schwab Trust Bank, the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee, related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2023	2022
Investments:		
Shares of registered investment companies, at fair value	\$ 71,991,483	\$ 62,304,325
Units of collective investment trust, at fair value	10,726,679	11,562,407
Common stock, at fair value	1,113,191	766,298
Preferred stock, at fair value	-	141
Exchange—traded funds, at fair value	636,371	647,884
Notes receivable from participants	138,312	210,489

The trustee certified to the completeness and accuracy of \$11,159,552 of net appreciation in fair value of investments, \$2,064,776 of interest and dividends, \$22,686 of other income, and \$9,334 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2023.

The Cramer-Krasselt Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Units of collective investment trust: Units of collective investment trusts are valued based on the NAV per unit of the collective investment trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimated fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common stock: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Preferred stock: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Exchange traded funds: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	2023			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 71,991,483	\$ 71,991,483	\$ -	\$ -
Exchange—traded funds	636,371	636,371	-	-
Common stock	1,113,191	1,113,191	-	-
Total assets at fair value	73,741,045	<u>\$ 73,741,045</u>	<u>\$ -</u>	<u>\$ -</u>

Investments measured at NAV per share practical expedient (a)	10,726,679
Investments measured at fair value	<u>\$ 84,467,724</u>

	2022			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 62,304,325	\$ 62,304,325	\$ -	\$ -
Exchange—traded funds	647,884	647,884	-	-
Common stock	766,298	766,298	-	-
Preferred stock	141	141	-	-
Total assets at fair value	63,718,648	<u>\$ 63,718,648</u>	<u>\$ -</u>	<u>\$ -</u>

Investments measured at NAV per share practical expedient (a)	11,562,407
Investments measured at fair value	<u>\$ 75,281,055</u>

(a) In accordance with the Fair Value Measurement topic, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investments and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

Investments measured using the net assets value per share practical expedient: The following table summarizes investments measured at fair value based on the NAV per unit practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Units of collective investment trust	\$ 10,726,679	\$ 11,562,407	\$ -	Immediate	365 days
	<u>\$ 10,726,679</u>	<u>\$ 11,562,407</u>	<u>\$ -</u>		

Note 5. Related-Party and Party-in-Interest Transactions

Plan investments consist of shares of registered investment companies held, invested and maintained by Charles Schwab Trust Bank, the trustee of the Plan, and an affiliated company and, therefore, these transactions qualify as party-in-interest transactions. Schwab Retirement Plan Services, an affiliated company, performs administration and recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab Trust Bank and affiliates for these services were approximately \$58,000 for the year ended December 31, 2023.

Certain administrative functions are performed by officers or employees of the Company for which no compensation was received from the Plan.

Note 6. Income Tax Status

The Plan has adopted a non-standardized form of a pre-approved defined contribution sponsored by Schwab Retirement Plan Services, Inc. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since the pre-approved plan received the opinion letter, however; the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Cramer-Krasselt Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and 2022:
