INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee of the
DNV GL USA, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DNV GL USA, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DNV GL USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the DNV GL USA, Inc. 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of DNV GL USA, Inc., and certain participating affiliated companies as listed in the Plan document (collectively, the “Company”).

All employees, other than union employees, leased employees, residents of Puerto Rico and any inbound IAs to the U.S.A., are eligible to participate in the Plan immediately upon completion of 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax and/or Roth salary deferral contributions to the Plan of up to 75% of eligible compensation as defined by the Plan, subject to certain limitations. Eligible employees are automatically enrolled in the Plan at a pre-tax salary deferral rate of 4% unless they opt out or elect a different percentage. The automatic deferral amount will increase by 1% on each anniversary of the participant’s hire date up to a maximum deferral rate of 15%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company makes non-discretionary matching contributions of 50% of the first 8% of eligible participants’ deferrals for the plan year for a maximum match of 4% of eligible compensation. DNV GL USA, Inc. employees who were formerly GL USA employees hired prior to January 1, 2015 receive a match of 100% of participant deferrals that are up to the first 8% of eligible compensation. The Company also makes contributions of 2% of eligible compensation to all eligible participants, except for certain DNV GL USA, Inc. employees who were formerly GL USA employees. These former GL USA employees may receive a discretionary contribution as determined by DNV GL USA, Inc. There was no discretionary contribution made to employees who were formerly GL USA employees in 2023.

The Plan allows for rollover contributions from other qualified plans. The Plan is participant directed and participants may change their contribution percentage as of each payroll date and investment options at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the participant’s allocation of the Company’s contributions and earnings, including realized and unrealized gains and losses, and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of service. Participants vest 25% after one year of service, 50% after two years of service, and are 100% vested after three years of service. A participant shall be immediately vested upon death, retirement, early retirement (age 55), or disability.

Payment of Benefits

Normal retirement age under the Plan is 59½. Upon death, retirement, disability, or termination of employment, the vested funds in the participant's account may be distributed in a lump-sum payment. The Plan also allows hardship withdrawals from a participant's vested account balance. In-service withdrawals are allowed at the age of 59½ from all fully vested accounts.

Forfeitures

Forfeitures of nonvested Company contributions may be used to reduce employer contributions or to pay administrative expenses of the Plan. The balance in the forfeiture account was \$217,408 and \$417,222 at December 31, 2023 and 2022, respectively. During 2023, \$666,390 of forfeitures were used to reduce employer contributions. There were no forfeitures used to pay administrative expenses during 2023.

Plan Revenue Account

The Plan holds assets in a Plan revenue account, which receives contributions as a result of a revenue sharing agreement with Vanguard Fiduciary Trust Company (Vanguard). Funds in the account may be used to pay Plan expenses. There were unallocated funds of \$167,617 and \$106,138 in the Plan revenue account at December 31, 2023 and 2022, respectively. During 2023, \$67,181 was used to pay Plan expenses.

Notes Receivable from Participants

Plan participants may borrow a minimum of \$1,000 up to the lesser of \$50,000, reduced by the excess, if any, of their highest loan balance during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance on the date of the new loan, or 50% of their vested account balance in the Plan. Loans are paid in level installments through payroll deductions for periods ranging up to five years, or 10 years for the purchase of a primary residence. The loans bear interest at 1% over the prime interest rate at the time of the loan. Participants may only have one loan outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested and receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401 (k) Committee determines the Plan's investment policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The additional Company contribution is recorded in the plan year in which participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to consulting, recordkeeping, advisory, other services, and certain transactions are charged directly or allocated to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Account: Consists primarily of mutual funds, money market funds, common stocks, exchange-traded funds, and an FDIC insured cash account that are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The collective trust funds held by the Plan include the Putnam Fiduciary Trust Company (Putnam) Stable Value Fund and Vanguard Target Retirement Date Trusts (Vanguard Trusts), which are all valued at NAV of units of a collective trust. The NAV, as provided by the fund managers, is used as a practical expedient to determine fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. The Putnam Stable Value Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The Vanguard Trusts invest in other Vanguard mutual funds and trusts according to an allocation strategy designed for investors planning to retire within a few years of the target year. Redemptions are allowed daily for participants. There are no unfunded commitments and no obligation to further invest in the funds.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2023 or 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<u>Description</u>	<u>2023</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

The Plan provides for investments in certain funds managed by Vanguard or entities related to Vanguard, the trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - TAX STATUS

The Plan has adopted a non-standardized pre-approved plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participant-directed brokerage account includes a deposit account that may at times exceed federally insured limits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan was amended effective August 23, 2024 to change the Company name to DNV USA, Inc. and the Plan name to DNV USA, Inc. 401(k) Plan.

Management has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee of the
DNV GL USA, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DNV GL USA, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DNV GL USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the DNV GL USA, Inc. 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of DNV GL USA, Inc., and certain participating affiliated companies as listed in the Plan document (collectively, the “Company”).

All employees, other than union employees, leased employees, residents of Puerto Rico and any inbound IAs to the U.S.A., are eligible to participate in the Plan immediately upon completion of 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax and/or Roth salary deferral contributions to the Plan of up to 75% of eligible compensation as defined by the Plan, subject to certain limitations. Eligible employees are automatically enrolled in the Plan at a pre-tax salary deferral rate of 4% unless they opt out or elect a different percentage. The automatic deferral amount will increase by 1% on each anniversary of the participant’s hire date up to a maximum deferral rate of 15%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company makes non-discretionary matching contributions of 50% of the first 8% of eligible participants’ deferrals for the plan year for a maximum match of 4% of eligible compensation. DNV GL USA, Inc. employees who were formerly GL USA employees hired prior to January 1, 2015 receive a match of 100% of participant deferrals that are up to the first 8% of eligible compensation. The Company also makes contributions of 2% of eligible compensation to all eligible participants, except for certain DNV GL USA, Inc. employees who were formerly GL USA employees. These former GL USA employees may receive a discretionary contribution as determined by DNV GL USA, Inc. There was no discretionary contribution made to employees who were formerly GL USA employees in 2023.

The Plan allows for rollover contributions from other qualified plans. The Plan is participant directed and participants may change their contribution percentage as of each payroll date and investment options at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the participant’s allocation of the Company’s contributions and earnings, including realized and unrealized gains and losses, and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DNV GL USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of service. Participants vest 25% after one year of service, 50% after two years of service, and are 100% vested after three years of service. A participant shall be immediately vested upon death, retirement, early retirement (age 55), or disability.

Payment of Benefits

Normal retirement age under the Plan is 59½. Upon death, retirement, disability, or termination of employment, the vested funds in the participant's account may be distributed in a lump-sum payment. The Plan also allows hardship withdrawals from a participant's vested account balance. In-service withdrawals are allowed at the age of 59½ from all fully vested accounts.

Forfeitures

Forfeitures of nonvested Company contributions may be used to reduce employer contributions or to pay administrative expenses of the Plan. The balance in the forfeiture account was \$217,408 and \$417,222 at December 31, 2023 and 2022, respectively. During 2023, \$666,390 of forfeitures were used to reduce employer contributions. There were no forfeitures used to pay administrative expenses during 2023.

Plan Revenue Account

The Plan holds assets in a Plan revenue account, which receives contributions as a result of a revenue sharing agreement with Vanguard Fiduciary Trust Company (Vanguard). Funds in the account may be used to pay Plan expenses. There were unallocated funds of \$167,617 and \$106,138 in the Plan revenue account at December 31, 2023 and 2022, respectively. During 2023, \$67,181 was used to pay Plan expenses.

Notes Receivable from Participants

Plan participants may borrow a minimum of \$1,000 up to the lesser of \$50,000, reduced by the excess, if any, of their highest loan balance during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance on the date of the new loan, or 50% of their vested account balance in the Plan. Loans are paid in level installments through payroll deductions for periods ranging up to five years, or 10 years for the purchase of a primary residence. The loans bear interest at 1% over the prime interest rate at the time of the loan. Participants may only have one loan outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested and receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401 (k) Committee determines the Plan's investment policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The additional Company contribution is recorded in the plan year in which participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to consulting, recordkeeping, advisory, other services, and certain transactions are charged directly or allocated to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Account: Consists primarily of mutual funds, money market funds, common stocks, exchange-traded funds, and an FDIC insured cash account that are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The collective trust funds held by the Plan include the Putnam Fiduciary Trust Company (Putnam) Stable Value Fund and Vanguard Target Retirement Date Trusts (Vanguard Trusts), which are all valued at NAV of units of a collective trust. The NAV, as provided by the fund managers, is used as a practical expedient to determine fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. The Putnam Stable Value Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The Vanguard Trusts invest in other Vanguard mutual funds and trusts according to an allocation strategy designed for investors planning to retire within a few years of the target year. Redemptions are allowed daily for participants. There are no unfunded commitments and no obligation to further invest in the funds.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2023 or 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<u>Description</u>	<u>2023</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

The Plan provides for investments in certain funds managed by Vanguard or entities related to Vanguard, the trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - TAX STATUS

The Plan has adopted a non-standardized pre-approved plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participant-directed brokerage account includes a deposit account that may at times exceed federally insured limits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan was amended effective August 23, 2024 to change the Company name to DNV USA, Inc. and the Plan name to DNV USA, Inc. 401(k) Plan.

Management has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee of the
DNV GL USA, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DNV GL USA, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DNV GL USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the DNV GL USA, Inc. 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of DNV GL USA, Inc., and certain participating affiliated companies as listed in the Plan document (collectively, the “Company”).

All employees, other than union employees, leased employees, residents of Puerto Rico and any inbound IAs to the U.S.A., are eligible to participate in the Plan immediately upon completion of 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax and/or Roth salary deferral contributions to the Plan of up to 75% of eligible compensation as defined by the Plan, subject to certain limitations. Eligible employees are automatically enrolled in the Plan at a pre-tax salary deferral rate of 4% unless they opt out or elect a different percentage. The automatic deferral amount will increase by 1% on each anniversary of the participant’s hire date up to a maximum deferral rate of 15%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company makes non-discretionary matching contributions of 50% of the first 8% of eligible participants’ deferrals for the plan year for a maximum match of 4% of eligible compensation. DNV GL USA, Inc. employees who were formerly GL USA employees hired prior to January 1, 2015 receive a match of 100% of participant deferrals that are up to the first 8% of eligible compensation. The Company also makes contributions of 2% of eligible compensation to all eligible participants, except for certain DNV GL USA, Inc. employees who were formerly GL USA employees. These former GL USA employees may receive a discretionary contribution as determined by DNV GL USA, Inc. There was no discretionary contribution made to employees who were formerly GL USA employees in 2023.

The Plan allows for rollover contributions from other qualified plans. The Plan is participant directed and participants may change their contribution percentage as of each payroll date and investment options at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the participant’s allocation of the Company’s contributions and earnings, including realized and unrealized gains and losses, and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of service. Participants vest 25% after one year of service, 50% after two years of service, and are 100% vested after three years of service. A participant shall be immediately vested upon death, retirement, early retirement (age 55), or disability.

Payment of Benefits

Normal retirement age under the Plan is 59½. Upon death, retirement, disability, or termination of employment, the vested funds in the participant's account may be distributed in a lump-sum payment. The Plan also allows hardship withdrawals from a participant's vested account balance. In-service withdrawals are allowed at the age of 59½ from all fully vested accounts.

Forfeitures

Forfeitures of nonvested Company contributions may be used to reduce employer contributions or to pay administrative expenses of the Plan. The balance in the forfeiture account was \$217,408 and \$417,222 at December 31, 2023 and 2022, respectively. During 2023, \$666,390 of forfeitures were used to reduce employer contributions. There were no forfeitures used to pay administrative expenses during 2023.

Plan Revenue Account

The Plan holds assets in a Plan revenue account, which receives contributions as a result of a revenue sharing agreement with Vanguard Fiduciary Trust Company (Vanguard). Funds in the account may be used to pay Plan expenses. There were unallocated funds of \$167,617 and \$106,138 in the Plan revenue account at December 31, 2023 and 2022, respectively. During 2023, \$67,181 was used to pay Plan expenses.

Notes Receivable from Participants

Plan participants may borrow a minimum of \$1,000 up to the lesser of \$50,000, reduced by the excess, if any, of their highest loan balance during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance on the date of the new loan, or 50% of their vested account balance in the Plan. Loans are paid in level installments through payroll deductions for periods ranging up to five years, or 10 years for the purchase of a primary residence. The loans bear interest at 1% over the prime interest rate at the time of the loan. Participants may only have one loan outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested and receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401 (k) Committee determines the Plan's investment policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The additional Company contribution is recorded in the plan year in which participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to consulting, recordkeeping, advisory, other services, and certain transactions are charged directly or allocated to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Account: Consists primarily of mutual funds, money market funds, common stocks, exchange-traded funds, and an FDIC insured cash account that are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The collective trust funds held by the Plan include the Putnam Fiduciary Trust Company (Putnam) Stable Value Fund and Vanguard Target Retirement Date Trusts (Vanguard Trusts), which are all valued at NAV of units of a collective trust. The NAV, as provided by the fund managers, is used as a practical expedient to determine fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. The Putnam Stable Value Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The Vanguard Trusts invest in other Vanguard mutual funds and trusts according to an allocation strategy designed for investors planning to retire within a few years of the target year. Redemptions are allowed daily for participants. There are no unfunded commitments and no obligation to further invest in the funds.

December 31, 2023 and 2022

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2023 or 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<u>Description</u>	<u>2023</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

The Plan provides for investments in certain funds managed by Vanguard or entities related to Vanguard, the trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - TAX STATUS

The Plan has adopted a non-standardized pre-approved plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participant-directed brokerage account includes a deposit account that may at times exceed federally insured limits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan was amended effective August 23, 2024 to change the Company name to DNV USA, Inc. and the Plan name to DNV USA, Inc. 401(k) Plan.

Management has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.
