Independent Auditor's Report

To the Administrative Committee of
New Paradigm for Education 401 (k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of New Paradigm for Education 401 (k) Plan ("the NPFE 401(k)Plan"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the NPFE 401(K) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the NPFE 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The NPFE 410(k) Plan's ability to continue as a going concern for a one-year period.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plans transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3) (C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements taken as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the NPFE 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about NPFE 401(k) Plan's ability to continue as a going concern for a reasonable period.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3) (C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental **Schedule of Assets (Held at End of Year)** for the years ended December 31, 2023, and 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C)

New Paradigm For Education 401(K) Plan
Notes to Financial Statements
Year ended December 31, 2022, and 2023

Note A – Description of Plan

The following description of the New Paradigm for Education 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* All employees of the Company are eligible to participate in the Plan upon completing the Plan's eligibility requirements.

Employees of the Company who have completed one **Year of Eligibility Service** are **Eligible**, and there is no minimum age requirement.

2. *Contributions.* Participants under the Plan may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Elective Deferrals to the Plan are made from participants' eligible earnings before taxes are taken out. Participants may elect to defer a percentage of their compensation each year instead of receiving that amount in cash. In addition, participants may separately elect to defer up to 100% of any bonuses paid to the participant during the year. The total deferrals in any taxable year may not exceed a dollar limit which is set by law. The limit for 2023 is \$20,500. The catch-up contribution limit for employees aged 50 and over who participate in the plan is \$7,500.

Elective Deferrals – The minimum percentage of Compensation a Participant may elect to be treated as an Elective Deferral (including Roth Elective Deferrals, if applicable, is 1%, and the maximum percentage of Compensation a Participant may elect to be treated as an Elective Deferral (including Roth Elective Deferrals, if applicable) is 80%.

Matching Contributions- The matching contributions equals 50% on the first 6% of the Participants Compensation which is deferred as an Elective Deferral. Matching Contributions shall be determined each payroll period.

This Plan is not a "safe harbor 401(k) plan".

3. *Participant Accounts.* The Administrator will allocate the amount the participant elects to defer to an account maintained on the participant's behalf. The participant will always be 100% vested in this account (applies to new salary deferrals including Roth 401(k) deferrals and catch-up contributions, and rollover contributions).

New Paradigm For Education 401(K) Plan
Notes to Financial Statements
Year ended December 31, 2022, and 2023

Investment Options- Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may direct their contributions into one or more mutual funds, a money market fund, and a self –directed brokerage account.

4. *Vesting.* Participants are 100% vested (applies to new salary deferrals including Roth 401(k) deferrals and catch-up contributions, rollover and contributions). The "vested percentage" for certain Employer contributions is based on vesting years of service. See Graded Vesting Schedule 1 in the plan for more details.

All years of service are credited to determine a Participants Vesting Service. The method for crediting Vesting Service will be based on Hours of Service with 190 Hours of Service credited for each month in which an Hour of Service is credited.

5. *Participant Loans Receivable.* The amount the Plan may loan to the participant is limited by rules under the Internal Revenue Code. Any new loans, when added to the outstanding balance of all other loans from the Plan, will be limited to the lesser of: (a) \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the participant's current outstanding balance of loans as of the date of the new loan; or (b) 1/2 of the participant's vested interest in the Plan. No loan in an amount less than \$500 will be made. The maximum number of Plan loans that the participant may have outstanding at any one time is three (3). The participant will be charged a commercially reasonable rate of interest. The Plan administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. The interest rate will be fixed for the duration of the loan.

Notes to Financial Statements
Year ended December 31, 2022, and 2023

6. *Payment of Benefits.* The participant may receive a distribution of the vested portion of some or all of his/her accounts in the Plan for the following reasons: termination of employment for reasons other than death, disability or retirement, Early retirement, disability or death. If the employment terminates for reasons other than death, disability or Early retirement, the participant will be entitled to receive only the "vested percentage" of their account balance. Participants will attain the Early Retirement Age when they reach their 59 1/2 birthday. The Early Retirement Date is the date on which the participants attain their Early Retirement Age. The participant will become 100% vested in all of their accounts under the Plan if they retire on or after their Early Retirement Age.
7. *Forfeitures.* Forfeitures will be used to reduce Employer Contributions, or, in accordance with section 7.4, of the adoption agreement, to pay Plan expenses. Forfeitures were \$14,019 and \$49,392, at December 31, 2022 and 2023, respectively.
8. *Operating Expense.* The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself. After the participant terminates employment, the Employer reserves the right to charge his/her account for their pro rata share of the Plan's administration expenses, regardless of whether the Employer pays some of these expenses on behalf of current employees. There are certain other expenses that may be paid just from the participant's account. These are expenses that are specifically incurred by, or attributable to, the participant. These additional expenses may be paid directly from the participant's account (and not the accounts of other participants) because they are directly attributable to the participants under the Plan. The Administrator will inform the participants when there will be a charge (or charges) directly to the participant's account. The Employer may, from time to time, change the manner in which expenses are allocated.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial accompanying statements of the Plan have been prepared on an accrual basis of accounting, with generally accepted accounting principles in accordance with the United States of America.

Estimates

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in common/collective trusts and mutual funds are stated at fair value. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Participant loans are valued at their outstanding balance, which approximates fair value.

Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the cash basis. Dividend income is recorded on the ex-dividend date. The Plan's interest in the collective trust is valued based on information reported by the Trustee using the audited financial statements of the collective trust as of year-end.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

Notes to Financial Statements
Year ended December 31, 2022, and 2023

Contributions – Contributions from employees and the matching contribution of the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Payment of Benefits

Benefits are recorded when paid. For the year ended December 31, 2023, and 2022, respectively, \$641,422 and \$489,413 in benefits were paid.

Note C – SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN (UNAUDITED)

At December 31, 2023, Empower Retirement, LLC as trustee held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 29 C.F.R. 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. See 12/31/22 Assets held at year end in the **Supplemental Information**.

Investment Income:

Net depreciation in Fair Value of Investments	\$ (563,528)
Dividends	\$ 46,656

The following is a summary of the unaudited information regarding the Plan, for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedules, that was provided by the Reliance Trust Company, the Plan's investment Trustee, and furnished to the Plan administrator. The Trustee has certified the completeness and accuracy of the information. Investments as of December 31, 2023, consist of the following. Investments that represent all of the Plan's net assets are separately identified.

Investment Income:

Net Appreciation in Fair Value of Investments	\$ 471,481
Dividends	\$ 72,999

In addition, the information regarding these assets contained in the supplemental Schedule of Assets (Held at End of Year) at December 31, 2023 has been prepared from the information certified by the Trustee. See the Schedule of Assets (Held at End of Year) In the **supplemental information**.

Note D – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets. • Quoted prices for identical or similar assets or liabilities in inactive markets. • Inputs other than quoted prices that are observable for the asset or liability; and • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

New Paradigm For Education 401(K) Plan
Notes to Financial Statements
Year ended December 31, 2022, and 2023

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measurable at fair value. There have been no changes in the methodologies used at December 31, 2022.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective trust fund:* Valued at the NAV of units of bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following is a summary of the inputs used to value the Trust's investments and financial instruments as of December 31, 2023, and 2022:

Note E – Plan Termination

Although the Employer intends to maintain the Plan indefinitely, the Employer reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Employer will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable. The participants will be notified if the Plan is terminated.

Note F – Tax Status

The plan has adopted a Prototype Plan and the Prototype obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not will be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

Note G – Transactions with Parties-in-Interest

The Plan invests in common/collective trusts and registered investment companies sponsored by Empower Retirement, LLC, the Plans Trustee, as defined by the plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to the Trustees' administration of the Plan are paid by the plan. Other administrative fees are paid by the Plan sponsor on behalf of the Plan.

Note H – Risks and Uncertainties

The Plan's investments, in general, are subject to various risks such as interest rate, overall market volatility risk and credit risks. Additionally, the value, liquidity, and related income of the investment security are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Certain investments (such as asset backed securities, limited partnerships, and

New Paradigm For Education 401(K) Plan
Notes to Financial Statements
Year ended December 31, 2022, and 2023

limited liability companies) are less liquid and may have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the funded status of the plan.

Note I- Subsequent Events

The Plan Administrator has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.
