Independent Auditor's Report

To the Plan Administrator
 Irwin Car and Equipment 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Irwin Car and Equipment 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Newport Trust Company a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

Independent Auditor's Report

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Irwin Car and Equipment 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Irwin Car and Equipment 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

Independent Auditor's Report

(continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Irwin Car and Equipment 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Irwin Car and Equipment 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

(continued)

Independent Auditor's Report

(continued)

Other Matter — Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Participants may also contribute rollover distributions from other qualified defined benefit or defined contribution plans.

Participants are eligible to receive employer safe harbor matching contributions provided they have completed one year of service and are age twenty-one or older. The Employer's safe harbor matching contribution is equal to 100% of a participant's elective deferrals including catch-up contributions up to the first 3% of their Plan compensation, plus 50% of salary deferrals up to the next 2% of Plan compensation. Participants will be entitled to a true-up contribution to the extent he/she does not receive safe harbor matching contributions based on the salary deferrals and or Plan compensation for the entire Plan year. True-up contributions of \$13,031 and \$9,396 were included in receivables employer contributions on the statements of net assets available for benefits.

At the discretion of the Employer, a profit sharing contribution may be allocated to all eligible employees. Employees are eligible for profit sharing allocations if they are employed on the last day of the Plan year and have completed one year of service, provided they have worked at least 1,000 hours of service and are at least twenty-one years of age. The profit sharing contribution is allocated to Plan participants by first dividing the participant population into classification groups, each classification group will receive either a percentage of compensation or a uniform dollar amount to all participants within that allocation group. The Employer accrued profit sharing contributions of \$177,051 and \$134,767 for the years ended December 31, 2023 and 2022, respectively which are included in receivables employer contributions on the statements of net assets available for benefits.

Participants direct the investment of their contributions including Employer contributions into various investment options offered by the Plan. Participants may change their investment election for future contributions, or the percentage(s) invested in each of these options or transfer funds among these options on any business day. All investments are participant-directed.

NOTE 1 – PLAN DESCRIPTION (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's contributions, the Employer's related safe harbor matching and profit sharing contributions and the net investment income (loss) attributable to the participant's account. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. Loan terms generally range from one to five years but may be up to ten years for the purchase of a primary residence. A participant may not have more than one outstanding loan at a time. Loans are secured by the balance in the participant's account and bear interest at 1% plus the prime rate published in the Wall Street Journal on the second business day of the month before the loan is originated. Principal and interest are paid ratably through payroll deductions. Upon termination of employment, loans will immediately become payable. If a loan is not repaid within a reasonable time following termination of employment, the loan will be recorded as a distribution against the participant's vested balance.

Payment of Benefits

Benefits may be distributed to participants, spouses or designated beneficiaries, as appropriate, upon normal retirement (age 65), death, disability or termination of employment. The Plan does not allow for early retirement. The Plan provides for required minimum distributions commencing at age 72 for certain participants. The Plan provides participants may make emergency withdrawals from the Plan to meet certain hardships. The permitted hardships are defined by the Internal Revenue Service (IRS) and the requirements are strict.

Vesting

Participants are vested immediately in their elective contributions, including rollovers, catch-up contributions, the employer safe harbor matching contributions and actual earnings thereon. Vesting in the Employer's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service. Additionally, participants will become 100% vested regardless of years of completed service in the year of their death, disability and or retirement.

The vesting schedule is as follows:

Employer Profit Sharing Account	
<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3 or more	100%

NOTE 1 – PLAN DESCRIPTION (continued)

Forfeitures

Participant account balances which are not 100% vested upon termination of services are forfeited. Forfeitures can be used to pay for Plan administrative expenses or to reduce the Employer's contributions. As of December 31, 2023 and 2022 the forfeiture account balance was \$3 and zero, respectively. During the years ended December 31, 2023 and 2022, \$2,491 and \$8,547, respectively were used to reduce the Employer's contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Plan Administration Costs

Certain costs of administering the Plan are paid either by the Plan or the Employer, as defined by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Participant accounts are also charged with an allocation of administrative expenses. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments in all funds, except for the T. Rowe Price Stable Value Common Collective Trust Fund, which is a stable value common collective trust fund, are presented at fair value, based on quoted market prices of the underlying securities within each fund at December 31, 2023 and 2022. Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Participant loans are valued at amortized cost which represents fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. T. Rowe Price Stable Value Common Collective Trust Fund is reported at fair value by calculating the NAV per share (or its equivalent) in a manner consistent with the measurement principles of Accounting Standards Codification (ASC) 946, *Financial Services Investment Companies*. As required by ASC 946, the NAV calculated by the fund is based on “net assets” which includes fully benefit-responsive investment contracts at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

GAAP establishes a framework for measuring fair value that requires or permits fair value measurements and enhances disclosures about fair value measurements. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value. The required disclosures concerning inputs used to measure fair value are included in Note 7.

Subsequent Events

The Plan evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. The Plan was amended and restated effective July 1, 2024. The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their investments including Employer profit sharing accounts.

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022 and net appreciation (depreciation) in fair value of investments, interest, dividends and notes receivable from participants for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

The trustee has certified the following investments and investment income (loss) as of and for the years ended December 31:

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Fees paid during 2023 and 2022 for professional, administrative and custodial services were paid by the Plan based on customary and reasonable rates for services. While these transactions qualify as party-in-interest activity, they are expressly exempt from the prohibited transaction rules. During the years ended December 31, 2023 and 2022, the Plan's investments included shares of portfolios managed by Newport, the Plan's recordkeeper and therefore these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative fees paid by the Plan to Newport amounted to \$46,770 and \$45,307 for the years ended December 31, 2023 and 2022, respectively.

NOTE 7 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value and requires certain disclosures about the fair value measurement (see Note 2). The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds* – Valued at the NAV of shares held by the Plan at year end. The NAV is based upon quoted market prices.
- *Stable value common collective trust fund* – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchase and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

NOTE 7 – FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	December 31, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Totals</u>
Mutual funds	\$ <u>15,304,892</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>15,304,892</u>

Investments, at fair value	\$ <u><u>11,717,805</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>12,761,721</u></u>

{a} In accordance with Subtopic 820-10, certain investments that were measured at NAV share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of assets available for benefits.

NOTE 7 – FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 8 – INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter dated November 30, 2020, from the IRS that stated the Plan and related Trust are designed in accordance with applicable sections of the IRC. Subsequent to the receipt of the determination letter from the IRS, the Plan has been amended. The Plan is required to operate in conformity with the IRC to maintain its qualification. We are aware of certain operational issues that, if not properly corrected, could be treated by the IRS as a qualification failure. We will be taking steps to correct these issues. If necessary, the tax qualification issues will be resolved directly with the IRS. Accordingly, we believe that the Plan and Trust will retain its tax-qualified status.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2020.

NOTE 9 – PLAN AMENDMENTS

The Plan was amended and restated effective January 1, 2022, to comply with IRS regulations.

The Plan was amended on January 1, 2023 to add Gray Manufacturing Industries, LLC (Gray) as a participating employer. Employees of Gray, acquired by the Plan sponsor on January 1, 2023, shall be eligible to participate in the Plan. The Plan has waived the transition rules for those who became employees due to the acquisition of the stock of Gray; and waived the eligibility service requirement for all contributions and provided a one-time special entry date of January 1, 2023 for employees of Gray who were employed with the Employer on December 31, 2022, and recognized prior service with Gray for purposes of eligibility and vesting.

The Plan was amended and restated on July 1, 2024 to add R.M. Manufacturing Sales & Service, Inc. (R.M.) as a participating employer. Employees of R.M, acquired by the Plan sponsor on July 1, 2024, shall be eligible to participate in the Plan. The Plan has waived the transition rules for those who became employees due to the acquisition of the stock of R.M.; and waived the age and service requirements for elective deferrals and employer safe harbor matching contributions and provided a one-time special entry date of July 1, 2024 for employees of R.M who were employed with the Employer on July 1, 2024, and recognized prior service with R.M. for purposes of eligibility and vesting.

NOTE 10 – PROHIBITED TRANSACTIONS

During the year ended December 31, 2022 there were unintentional delays in depositing employee contributions and loan remittances due to internal processing issues by the recordkeeper. Total employee contributions and loan repayments not remitted in time for the year ended December 31, 2022 were \$70,862 and \$3,351, respectively. The Plan sponsor chose to self-correct and reimburse the affected participants for the lost earnings, as determined by the Plan's recordkeeper. Total lost earnings related to the 2022 late remittances were \$62 and were deposited on June 18, 2024. The Plan sponsor filed Form 5330, Return of Excise Tax Related to Employee Benefit Plans, for the lost earnings in June of 2024.
